ELMS DAMAGED.

Tree Warden Laramie Believes by Cribbing Horses. A number of the handsome elms bordering various roadways and city streets are showing signs of dying. Prominent citizens of the town and the warden have been examining these trees and before examining their condition did not know how to account for their condition. One tree on Valley street was reported as having been run into by an automobile and barked up in bad shape, several on High street show unmistakable signs of their approaching end. An examination of the trees disclosed the fact that they had been gnawed by a cribbing horse or horses—in all probability one could not have caused all the damage.

Must Adjourn Court Again. The case of Adolphe Beaulieu, administrator, against the American Building Company of this city, that was to have been tried Tuesday before Judge William S. Case of the superior court and a jury, was settled Monday morning.

Sedality's Social Evening. Tuesday evening in town hall the members of the Sodality of the Blessed Virgin of St. Joseph's church gathered with their friends and spent a pleasant evening in the enjoyment of a little entertainment among themselves. Music and dancing were enjoyed and refreshments served during the evening.

JEWETT CITY

Aspinok Gate Closed to Strikers' Committee—Making Wreaths for Memorial Day—Cradle Roll—Bernier-Labarre Marriage. The strike situation remains unchanged. The committee appointed at the Friday mass meeting to present their demands went to the Aspinok gate Monday morning, but the officials declined to receive them. Miss Laura Marcotte of New Bedford, Mass., an L. W. W. worker, addressed a crowd of strikers Monday morning, and a mass meeting was held on Tuesday evening.

Preparing for Memorial Day. The ladies met in the Town hall on Monday afternoon to prepare wreaths for Memorial day. The children have been asked to bring flowers to the hall this afternoon. There will be a number of guests at the dinner to be served in the Congregational vestry and the town and borough officials, the two priests of St. Mary's church and the ministers and their wives of the other churches have also been invited.

CRADLE ROLL DAY

Provides Pleasures for Children and Adults at Congregational Vestry. The Cradle Roll day at the Congregational church is one of the happiest events of the year. Mrs. E. A. Faust, the superintendent, presides at the delightful entertainment each year. The event is always held on some child's birthday, and this year there were two such occasions. The Little Girls (now of New Haven). There were forty children present, and with the mothers and guests there were one hundred in all. The afternoon was day afternoon from four to six. Rugs were upon the floor, and cushions and playthings which the children enjoyed. Mrs. Faust presided at the ceremony, which opened with a march by the children with their mite boxes. They marched to where four little girls held the corners of a sheet, and into this they poured the money. The little girls were dressed in costume, Daisy Young representing a Japanese girl, Bernice Wolfe a Swede, Isabel Marshall a Chinese, and Sadie Thompson a gypsy. The amount in the boxes was \$3.65 and it is to be sent away for missionary work. Mildred and William Burton recited a welcoming address, as did Emma Campbell, Little Ruth Ballou sang Little Boopie, and Gladys Jellison and Flora Littlefield gave recitations. Linda Wheeler recited a prayer. Thanks to God, Mrs. P. S. Leonard sang Shadows, as a solo. Then came Mother Goose selections on the phonograph. Emma Campbell and Gladys Jeffers took a collection, amounting to \$5, which is to be given to the Ladies' society.

THE FIRST GRAY HAIR

Easy Way to Preserve Natural Color of the Hair. A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and texture, is just as important as to care for the teeth. It is better to discontinue. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color of the hair than it is to have a good complexion. All that is necessary is the occasional use of Kynch's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies, for dry, harsh, faded hair, dandruff, itching scalp, and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color. It is the only hair restorer that will be removed, and your hair will no longer come out, but will start to grow as Nature intended it should. It is the only hair restorer that will give you a clear, healthy scalp, and will not make you feel unwell after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance. Agent Lee & Osmond.

Blame on the Dead Captain. In his speech Senator Smith blames his namesake, Smith, the captain of the Titanic, who lost his life. Senator Smith declared to be responsible for the sinking of the Titanic, and he quoted British law books of trade, "to whose laxity of regulation, and hasty inspection, the world is largely indebted for the awful fatality."

PATRIOTIC, GOD-FEARING

Were the Soldiers of the Revolution and Civil War, Rev. William A. Keeffe Tells Plainfield Congregation. St. John's church, Plainfield, was well filled Sunday afternoon by an attentive company gathered to hear the patriotic address by the Rev. William A. Keeffe. Father Keeffe is a pleasant, interesting speaker, who can say a great deal in a few words. He spoke of those who left home and family to defend their country in 1776 and the boys in blue in 1861-5. He emphasized the fact that Washington, Lincoln and others of our great leaders were praying men, not above asking God's help. He spoke of the women who gave their husbands and sons and did their best for the homes and the little ones, also of the nurses. Then he considered the danger from neglecting God, from breaking up the home, and from men who can be bribed in business or politics. The music was inspiring and the whole service was very impressive.

MARRIAGE BY PROXY.

Immigrants Who Go Through Ceremony Before Sailing. Marriage by proxy is still permitted in some countries and is recognized as binding. Holland is one of the few countries where it is permitted still with royal sanction. Thus it is that when in due course Maria Johanna Liefman, of Amsterdam, comes to this country to meet Moses Pimental, of Boston, she will feel that she is coming to her husband, although there is every likelihood that the immigration authorities will refuse to allow her to land until they have been married according to the laws of this country. As the parents of the bride did not wish to have their daughter leave them until they have been married, the man of her choice, Moses sent through the Dutch consul of this city the necessary papers for his marriage to Maria by proxy, and with the consent of the Queen of Holland his brother Isaac represented him in a marriage ceremony performed at the Amsterdam City hall.

BRITISH HENS BEST.

American Pen of F. G. Yost Forces Ahead in Egg Laying Contest at Storrs. The premier position held by a Briton for 28 weeks in the egg laying competition at Storrs college has been created away by an American. The opening of the 39th week finds F. G. Yost of Sayre, Pa., whose hens have produced 159 eggs, leading those of Thomas Barron of California, England, which have been in the fore since the contest opened by one egg. During the 29th week, which ended last Tuesday, 2,000 eggs were laid, bringing the grand total to 40,536. The Barron pens are at a disadvantage, as each hen has laid two layers, and last week they produced but 14 eggs. Yost's hens laid 23 eggs for the week. The breeds of both of the leading competitors are S. C. White Leghorns.

Warnings of Ice.

The mysterious lights on an unknown ship seen by the passengers on the Titanic undoubtedly were on the California, less than 19 miles away. No general alarm was sounded, no whistle blew and no systematic warning was given to the endangered passengers, and it was 15 or 20 minutes after the collision before Captain Smith ordered the Titanic's wireless operator to send out a distress message. The Titanic's crew was only meagerly acquainted with its positions and the California officers, on their part, were not drilled in holding the maiden trip. Many of the crew joined the ship only a few hours before she sailed and were in ignorance of their positions until the following Friday.

Blame for Californian.

The committee concludes that the Californian might have saved all the lost passengers and crew of the ship that went down. Eight ships, all equipped with wireless, were in the vicinity of the Titanic, the Olympic farthest away, 512 miles. The First Cup of the New Food Drink Instant Postum will decide two important points Satisfaction and Economy

Instant Postum tastes much like those rich old Java Coffees that came from the Dutch plantations of the far East—so rare nowadays. And it is absolutely free from "caffeine," the drug in coffee, which has proven harmful to many coffee drinkers. Instant Postum requires no boiling. Stir a teaspoonful in a cup of hot water; add cream and sugar to taste and instantly you have a rich food drink that is palatable and healthful. Many coffee drinkers find this new beverage a healthful and delightful variation from their usual cup.

No boiling--Made in the cup. It saves time, money and worry to the busy housewife; and its delicious flavor makes it popular in the household. Tins containing sufficient quantity for about 100 cups of Instant Postum cost 50 cents, at grocers. Smaller tins at 30 cents make about 50 cups. Coffee averages about double that cost. MADE BY POSTUM CEREAL CO., LTD., PURE FOOD FACTORIES, BATTLE CREEK, MICH.
