McALL AUXILIARY Report of Recent Pittsburg Meeting Given by the President, Mrs. Leonard W. Bacon.

A special meeting of the McAll association was held Tuesday afternoon at the Norwich club. There was an unusually large attendance and an interesting programme.

The president, Mrs. Leonard W. Bacon, presided and opened the meeting with a responsive verse, followed by prayer by Mrs. J. M. Huntington and the singing of a French hymn to the Marcelline.

The singing was led by Mrs. William A. Norton and Mrs. J. Dana Colt with Mrs. Bela P. Learned at the organ. Mrs. Bacon, who was the delegate from this auxiliary to the American McAll association meeting held in Pittsburg last month, gave an interesting report of the meeting.

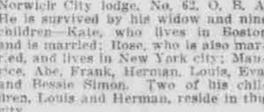

This was supplemented by extracts from Mrs. Wayland's annual report. These were given by Mrs. S. H. Howe, Mrs. E. P. Learned and Mrs. G. W. Lane, and described the year's work in the Paris halls, the French cities and villages, the portable hails, boats and automobiles.

Mrs. Bacon gave a history of the work, described the enthusiasm manifested at the Pittsburg meeting, and the three reasons why the work should appeal to Americans.

Mrs. Howe told what part the Norwich auxiliary has taken to it for many years, and also what the people of the Orient at the conference at Constantinople said of its importance.

Among the flowers used in decorating the French fleur de lis occupied a prominent position.

OBITUARY. Jacob Simon. Tuesday morning the news of the death of Jacob Simon in Newark, N. J., was received here. Death was unexpected as he had been ill only about a week. Mr. Simon was 62 years of age.

JACOB SIMON. He and for twenty years had been a well known resident of this city. He started in as a peddler on his arrival here from Russian Poland, and later engaged in the real estate business.

He was prosperous in his business and built the High street synagogue for the congregation of the United Brothers. Mr. Simon was a member of the Norwich City lodge, No. 62, O. E. S. A. He is survived by his widow and nine children—Kate, who lives in Boston and is married; Rose, who is also married, and lives in New York city; Maurice, Abie, Frank, Herman, Louis, Eva, and Bessie Simon. Two of his children, Louis and Herman, reside in this city.

John McGibney. About 5 o'clock Tuesday morning, the death of John McGibney occurred at the Backus hospital, death resulting from injuries received in a runaway accident Monday afternoon in West Thames street. He was united in marriage on April 12, 1878, to Nora Mahoney, by Rev. P. M. Kennedy. Mr. McGibney lived in this city 17 years, and was employed as hostler by L. L. Chapman, Charles McChesney, Th. Lynde and several others. He was employed by the city several years, and was well known by the workmen of this city. The deceased resided at his own home, three children, Miss Anna, John, Jr., and William McGibney, all of this city. He also leaves a brother, Charles McGibney, and a sister, Mrs. John Ryan, both of Norwich town. Mr. McGibney was a man of high principles, industrious and of a peaceful nature, and his many friends extend their sympathy to his sorrowing family.

Texas and Oregon have had big child welfare exhibitions.

1000 MEMBERS FOR CITY BEAUTIFUL Committee Starts Campaign With 10 Teams Next Week to Secure Big Enrollment—Publicity Committee to Forward Clean-Up Week—School Work Was Started Tuesday.

One thousand people in Norwich to show their earnestness in the movement for the City Beautiful by joining the local organization is the aim of the membership committee.

To carry out the plan the city has been divided into 10 districts, each to be assigned to one committee, and there will be five men and five women on each committee.

They will put in an effective canvass in their own districts, asking all who want to help the movement towards the City Beautiful to show their support of the effort by joining the organization.

The fund secured through the membership fees will be used for the furtherance of the work of the organization and in expenditures for actual accomplishments in the way of clean-up or other work.

Under order 15 join by the payment of 10 cents. The following is the way the districts have been divided up: Norwich town, Yantic Falls, Washington street and adjoining streets, Broadway and adjoining streets, Franklin street and adjoining streets, Tatville, Laurel Hill, Thameville and West Side.

Tuesday evening at the home of President O. L. Johnson on Union street there was a meeting of the chairmen of the different committees, particularly for the purpose of meeting the publicity committee of which Henry W. Tibbits is chairman.

He presided, calling the meeting to order at 8 o'clock. The chairmen present included Allyn L. Brown of the committee on billboards, signs and awnings, Shepard R. Palmer of the committee on streets, James L. Case of the membership committee, Miss Ella M. Norton representing Mrs. Robert W. Perkins of the committee on trees and parks, who was unable to be present, besides Secretary W. T. O'Connell.

A report was made for Mrs. William D. Birge, chairman of the schools committee, covering the work accomplished during the several meetings of her committee. Prof. Charles W. Jarvis of Storrs has been secured as one of the four of the largest schools; members of the committee and assistant will talk to the pupils in the other school buildings, all following a general plan as carefully outlined.

It is expected that the children's applications for the Rose button, which indicates membership in the Clean City league. Buttons are to be formally presented and names of all members recorded.

Leaflets are being prepared for distribution among pupils. In the fall it is hoped by moving pictures to educate children to realize the deadliness of the housefly and the destruction done by the gypsy moth.

Clean-Up Week. What the publicity committee might do was thoroughly discussed, posters and window cards being suggested for clean-up week, beginning next Wednesday, being suggested, as well as a conference with the city and town authorities as to the co-operation which might be expected from them in any plan which the committee might adopt for the carrying out of the clean-up on the last four days next week.

What May Be Done. Directions were given to the committee to proceed with what they thought advisable in the way of forwarding the work, and a number of different definite things to be done were mentioned to them as desirable to put before the citizens. These included cutting the grass, cleaning up yards, back and front, sweeping walks, cleaning out gutters, picking up papers, and trimming shrubs.

While the meeting was in progress the electric lights all over the city went out, but lights were secured with only little interruption to the meeting. After an interesting session of an hour the business meeting concluded.

Began School Work. At 9 o'clock Tuesday morning, Mrs. Frank A. Roath and Mrs. James L. Case of the school committee visited the Broad street and Bowtell avenue schools, where they cordially commended the teachers. For about ten minutes in each building they addressed the assembled pupils, Mrs. Case explaining the significance of the emblematic Rose button and describing how each child is to become a member of the City Beautiful league.

Mrs. Roath spoke briefly of the aims and advantages of the clean up movement and secured the hearty promise of the children to work to make Norwich the most beautiful city in the world. Then she told her eager listeners of what was accomplished in Japan, where a wonderful grove was the result of the love of the people who were too poor to do anything for the emperor except plant trees.

She told most interestingly of the neatness, industry and order of the little Japanese children and of the people who had been so poor and so filthy in the past, but who now, in the little Japanese grove, were so clean and so beautiful.

The talk was fascinating and delighted Mrs. Roath's attentive audiences.

Y. M. C. A. BOYS CAMP AT CHOCOMOUNT COVE. Location Secured on Fishers Island—Two Fine Weeks Planned.

Permission to establish the camp for the Y. M. C. A. boys on Fishers Island has been received by General Secretary F. R. Starkey, and plans are under way for making this year's camp the most successful yet.

The camp will be open from July 16 to 24, and will be located on Chocomount cove, a life saving station, on the sheltered side of the island. There is a fine beach there, and on the opposite side of the island, only a few minutes' walk, there is excellent hot bathing for the more experienced swimmers.

It is expected that there will be about thirty boys at the camp. They will be under the supervision of Assistant Secretary J. H. Ely, assisted by Robert L. Fletcher and James Blister. A matter of interest to the boys is the fact that Francis Murdoch will again be in charge of the culinary department. The camp will be located in a pretty grove about three miles from the boat landing, where there will be a launch to carry the boys back and forth.

It is expected that all boys who propose to take in the camp life this year, and are not at present able to swim, will be taught before going to camp through the swimming lessons conducted by Physical Director A. C. Pease at Monagan park. Mr. Pease is an advocate of the Carson double over-arm method.

AT FIRE CHIEFS' CLUB. Chief Stanton to Preside at Meeting in New Haven Today.

Chief Howard L. Stanton, first vice president of the Fire Chiefs' club of Connecticut, will be in New Haven today for the summer meeting of the club, and will be the presiding officer, succeeding to this position since the death of former Chief A. C. Hendrick of New Haven. The business meeting is at 10 o'clock.

It is expected that about fifty chiefs and ex-chiefs will attend the meeting. They will be the guests of the Annex fire department, and Chief Robert H. Moseley, chairman of the visitors at a banquet to be held in the hall at 1 P. M.

The late former Chief Hendrick was president until his death, and his successor will be elected at this meeting. Present Vice President H. C. Stanton of Norwich, who will preside, will probably be elected president. Chief Rufus R. Fancher of New Haven is the secretary and Samuel C. Snagg of Waterbury the treasurer.

Among the responses received from those who will attend are letters from Chaplain Rev. Nelson Fox Carey of New York, Chas. E. Leonard of Willimantic, John Stanners of New London, G. R. Hempstead of Grotton.

Arrested for Horse Stealing. Harry Bloom of Colchester, who is wanted in Farmington on a charge of horse stealing, was arrested on the Connecticut boulevard in East Hartford, Tuesday morning at 8:30, by Policeman John Flanagan, after an exciting chase in the street. He was taken into custody where there he was held up until later in the day, when he was turned over to Constable Cowley of Farmington. His case will be tried in that town.

Threatened With Lockjaw. James Hunter, aged 9, a New London boy, put a dry pea into the muzzle of a 38 calibre rifle and fired at the gun, Arthur Herron. The gun was loaded with a blank cartridge and the pea went through his shoe and into the ankle. A physician extracted the pea with considerable difficulty and it is feared that lockjaw may develop.

New London & Northern. The New London & Northern Railway company report for the quarter ended March 31, 1912, compares as follows:

Table with 2 columns: 1911, 1912. Rows: Gross, Net after tax, Deficit.

May Fire Loss Small. In the month of May there were seven calls for the fire department, two of these being bell alarms. The sum of \$380 would about represent the total loss, with \$100 as the largest single loss.

Your Hair Needs Parisian Sage Use It As a Dressing—Banish Dandruff—Stop Falling Hair and Scalp Itch.

PARISIAN Sage, the delightful and invigorating hair tonic, is a true hair nourisher. It penetrates into the scalp, gets to the roots of the hair, kills the dandruff germs and supplies the hair with just the kind of nourishment it needs to make it grow abundantly.

Since its introduction into America PARISIAN Sage has had an immense sale, and here are the reasons: It does not contain poisonous sugar or lead, nitrate of silver or sulphur or any injurious ingredient.

It cures dandruff in two weeks, by killing the dandruff germ. It stops falling hair. It promptly stops itching of the scalp.

It makes the hair soft, glossy and luxuriant. It gives life and beauty to the hair. It is not sticky or greasy. It is the daintiest perfumed hair tonic made.

It is the best, the most pleasant and invigorating hair dressing made. Made only in America by Gilroy Mfg. Co., Buffalo, N. Y. The price is only 50 cents at drug stores, and counters where toilet goods are sold. Lee & Osgood Co., guarantees it.

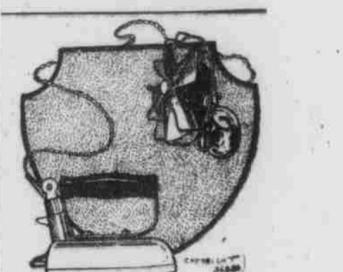

A SURE HIT. There is nothing surer and safer than FIRE INSURANCE POLICY. The premium is small in comparison with the security afforded. Don't neglect your renewal premium.
