PILOT CAR ARRIVES.
 Driver Continues Trip but is to Return and Confer with Good Roads Enthusiasts.

The pilot car of the Good Roads association of Connecticut arrived in Willimantic Tuesday between 12 and 1 o'clock, a little ahead of schedule time. The car was in charge of C. M. Robinson, chairman of the association's legal committee; J. M. Emerson, secretary of the association; and a man of the tour, was with him.

The party stopped at the Hotel Hooker and Mr. Emerson returned to Hartford in the afternoon, while Mr. Robinson continued the tour, to return here within a few days, when he will again be met by Mr. Emerson.

The car will cover the principal roads running across the state from north to south and from east to west. This work will have the co-operation of the many boards of trade and business men's associations all over the state. A committee appointed by the local association comprising E. Frank Burbee, J. B. Pullerton and Ernest P. Chesbro, will meet the occupants of the pilot car in a social way and upon the return of the car to this city these men will be entertained by the board of trade and business men's association.

The Automobile Club of Willimantic has also been invited to meet in joint session to learn of the work of the Good Roads association and what it proposes and hopes to accomplish.

It is the desire of the people interested in the movement to take the most desirable routes covering the state and gradually equip them with a solid concrete base so that after the road was once constructed it would be only a question of renewing the top dressing, as the base would be permanent. Not only automobile owners but everyone interested in good roads

Drink Deprives Charles G. Manning of Freedom.

Charles G. Manning was before Judge William A. Arnold Tuesday morning in police court, on two charges, breach of the peace and intoxication. Manning was badly intoxicated Monday evening and at about 3:30 o'clock attempted to force an entrance into the home of his mother-in-law, Mrs. Blanchette, in the Stone row. Lieut. Daniel Kilgore and Officer Grady received a hurried call to the place. Manning resisted and it was necessary for the officers to drag him to the station house. In court Manning entered pleas of not guilty to both charges, but the evidence of his brother-in-law, Mr. Emerson, and a neighbor was such as to prove him guilty. The court found him guilty of breach of the peace and imposed a sentence of sixty days in the county jail. Judgment on the charge of intoxication was suspended. SAGE TEA DARKENS THE HAIR.
 Restores Faded And Gray Hair to Natural Color.
 There is nothing new about the idea of using sage and making the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderful beneficial effect.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is call for the ready-made product. Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and makes the best remedy you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty-cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents, The Lee & Osgood Co.
