NO MOTORCYCLE LICENSE.
Milton K. Stymers Did Not Know the Law and No Register Numbers—Was Fined.

Friday morning Milton K. Stymers of the Moulton farm, Jordan river, was before the police court charged with operating a motorcycle in this city without a license and without displaying register numbers on the machine as stipulated by law. Stymers is the young man who was allowed to go home to visit his children in the evening by State Policeman William E. Jackson, on condition that he should appear in court Thursday morning, but he failed to do so until the most 10 o'clock when all the court officials had left the court room for the day.

In court Friday morning State Policeman Jackson informed the court that Stymers had told him Wednesday evening that he had been operating his machine here for the past two months without a license as well as without register numbers on the machine as stipulated by law. Stymers, in his own behalf, told the court that he came here from another state a short time ago. He said that he had operated a motorcycle in the place where he had lived for two years without a license and was not aware of the fact that a license was required to operate a motorcycle in this state. He admitted that he had broken the law, after learning that a license was required here, and as he was desirous of being a law abiding citizen he was willing to pay a fine and requesting the court to be lenient as possible with him. He stated his intention of starting his business here in the spring and did not have any desire to be known as a law breaker. He expressed a sincere desire to do what was right. Judge William A. Arnold, who was on the bench, imposed a fine of \$4 and costs, which was paid.
