Whatever the Trouble it Disappears in Five Minutes After Taking a Stuart's Dyspepsia Tablet.

Heaviness of the Stomach from Indigestible Food Quickly Relieved by a Stuart's Dyspepsia Tablet.

When you take food into a stomach that is tired and over-taxed, the gastric juices do not form fast enough to digest it properly. So the food becomes sour and at once begins to throw off gases. Your stomach becomes inflated just as surely as if you attached a toy balloon to a gas jet.

PROTECTION OF DEER

Buck Law Should Be in Force in All States.

"Common sense economy and public safety demand that the so-called 'Buck law' prohibiting the killing of female deer and fawns at all times, be enacted in every state where it is not now in force."

To put the matter in a way with which everyone is familiar, our herds of deer present to the people who own them the same problems that owners of cattle have to face. In any one year a stockman could realize a profit as heavily by killing and marketing all his cattle. However, as such a course would put him out of the business, he is obliged to leave his profit in the purchase of new animals, he keeps the greater part of his cows and disposes of most of the bulls.

Worcester. There was a good sized audience. Mrs. Charles T. Baird rendered the following message: "Hold Them by Hand and Let's Embrace."

demand of automobile traffic must be met. The old idea that the country road should be constructed and maintained by the farmer has disappeared. It is now recognized that the road is of so much importance to the consumer as to the producer; as anything that lessens the cost of transportation is a benefit to the consumer. The grange stands for, and advocates, federal aid for road improvement.

The report on the national-wide is very encouraging. There have been 472 new granges organized during the year, and one new state, Montana, has been added to the list.

"While we have not added any new granges to the list in Connecticut during the past year, yet we can say there has been a steady growth in influence and in membership among those already working."

now stand sixteenth in amount of business done in the state, in comparison with over 150 companies who also do business here. The amount of premiums increased the amount of their business 20 per cent. The amount of business done in the city is not as it should be. Every insurance agent in the city is their agent. As a matter of price and interest in home industries, remember then, I know of no other company that takes as much care in selection of risks as they do.

Signs Suggested

Another has suggested that our manufacturers and other places of business may have signs, have no charge or sign on their buildings, but should have. Strangers are at a loss to know what is done inside.

We have added the voting machines, true at some expense, but every vote is counted. The consolidation of the schools of the town is a marked feature of our improved condition. I believe that in coming together once a month, shaking hands and breaking bread is a good thing, even though nothing more is accomplished. We get to know each other and the basis of jealousy is broken down. I want to thank every committee and every member of this body for the manner in which they have sustained the chair during my term. Not an unpleasant feature or criticism has come to my ears from any of you. I thank you and ask that to my successor you accord the same consideration.

Newly Elected President

At the conclusion of his report, President Haviland was cordially applauded, and he then surrendered the chair to Mr. Macpherson, the newly-elected president, who assumed the place with words of thanks for the election and an expression of confidence for Norwich in the year 1913 and a pledge of his earnest effort to maintain the prestige of the Norwich Board of Trade, a condition for which he also asked the cordial co-operation and support of the membership.

President Macpherson stated that the probable date for the annual banquet would be Feb. 4th. This concluded the business and adjournment was taken.

Many came forward after the meeting to congratulate Mr. Macpherson upon his election. He has been an enthusiastic member of the Board of Trade and has done earnest and effectively for the town. He has been elected and in his office as vice president.
