Having the black pieces Capablanca met the queens pawn opening of his opponent with his pet irregular defense against which no one so far has been able to make any headway whatever.

Janowski, Morrison and Chajes won over Liebenstein, Sapoznik and Klime. The game between Tennenbaum and Kupchik was not concluded at a late hour.

BUNNY FORD HERE. Training for Bout with Kid Palitz of New London.

Bunny Ford of New Haven, with his well known manager, J. Ira Holly, has arrived here to spend the few days before Bunny meets Kid Palitz in New London in their 10 round go.

This is expected to be a slashing affair as both the boys are mixers. Bunny has a considerable following and acquaintances here since he met Spike Hickey in a private bout a few years ago and showed the Norwich crowd what he can do.

Road work around Norwich is keeping him in shape just now and he is to do some boxing here also in preparation for the bout.

DANNY MURPHY'S HISTORY. Told in Interesting Article in Sunday's Boston Post.

Sunday's Boston Post contains an extensive account of the baseball life of Danny Murphy, proprietor of the White Elephant cafe, the Norwich idol and Connie Mack's right hand man.

The article is accompanied by photos of the private life of the former fractioneer in the background; at home with Mrs. Danny; in Cuba with Plank and Oldring; in hunting attire with a shotgun in his hands; from of the boat on Spring street; leaving the entrance to the Unions National bank and in a bathing suit, leaning over the rail of a pier.

Arranging for Polo Match. New York, Jan. 26.—Captain E. D. Miller of the British army arrived here today on the steamer Campania to make preparations for the coming of the British polo team which will meet the Americans in a series for the James Gordon Bennett international cup in June.

Captain Miller said that some of the British ponies will arrive here on May 12 by the Atlantic transport liner Minneapolis.

Miller represents the Duke of Westminster, who purchased several ponies for the team and who is financing the invasion. England this year will be represented by a team which includes four Cambridge university men who played on the old Canadian team.

RUBE'S FOOTBALL DAYS. Connie Mack Tells How Waddell Stopped an End Run.

Connie Mack opened the eyes of Fielding H. Yost, Michigan coach, during a fanning bee recently, when the tall manager of the Athletics changed the subject from baseball and began talking of football.

Here is the strange part of it: Yost did the talking. On the first day from Philadelphia, Mr. Mack, did the talking. Well, sir, Connie used to manage football teams as early as 1902. He talked more about this than he talked about his Athletics in all of one season. He talked steadily for about thirty minutes.

Here is another strange part of it: Connie remembered all the names of the team played and the players, but he could not remember the names of the players. Yost could. He not only told Connie the Christian name of every man, but he also told him the position they played.

Among others the famous halfback Rouben Waddell whom Walter Camp overlooked for some reason or other, played on Connie's football eleven. Connie had ten other stars, mostly from the big colleges, men who had played the limit of time in intercollegiate circles.

Connie recalled one game in which Rube played—a big game. The opposing eleven had a little quarterback who was a star. On the first play the quarterback got the ball and tore around the end. Waddell saw him coming and cut after him. He didn't kill the little quarterback exactly, but broke both arms. Rube disappeared when they carried the injured player from the field.

MARKET CLOSED FIRM. A Healthy Undertone with General Upward Trend.

New York, Jan. 26.—Yesterday's market closed firm. Speculation was of the circumscribed character usual in a Saturday market and fluctuations in most cases did not exceed fractional bounds. The steadier tone of the London market relieved the strain due to foreign influences yesterday, although the confidence was still lacking as was shown by the hesitancy with which business was begun. The undertone was firm, and the trend, therefore, became definitely upwards. Some of the specialties moved more widely than the leaders.

Bonds were firm.

Advice to the Heart-Hungry The Cheese-Hound

Dear Editor:— For years I have been passionately in love with a young lady who also loved me. But a month ago she bought a small dog. I think he's a cheese-hound. Now, whenever I call on her, she keeps the dog in her lap, and when I try to hold her hand he bites me on the wrist.

I could win her back if I had the nerve to throw the dog out the window. How can I get the nerve? Yours truly, J. M. Wurred

COAL

The sizes used for household purposes, commencing with the smallest are— No. 2 CHESTNUT CHESTNUT ("Nut") STOVE ("Range") EGG ("Furnace") BROKEN ("Furnace")

In order to secure any of the Chestnut and Stove sizes, we have been COMPELLED to take a large proportion of Egg, in each cargo received. The result is that our supply of Chestnut and Stove is extremely limited, but we have a fair supply of Egg and No. 2 Chestnut.

Egg used with No. 2 Chestnut (at a saving of 75c per ton) has given satisfaction in many cases. A few blows of a hammer will reduce a hod full of Egg to the smaller sizes.
