When You See Blackheads
 THINK OF
BERZO!

Blackheads and pimples are associated with an oily skin. Disease germs grow in the oil and cause pimples and pustules. For this reason it is well to avoid the use of creams and ointments—they feed the disease. BERZO is a powder. It absorbs the oil and destroys the germs. It gives immediate results. The eruption breaks, the blackheads disappear, the skin becomes smooth and the complexion fairer. Sold by all druggists and by

OBITUARY
 Mrs. Mary Bard Meeks (Contributed)
 Mrs. Mary Bard Meeks of Chester- town, Maryland, died suddenly at the home of her brother, Charles Bard, Sunday evening at about half past ten o'clock in the evening. She was born in Canterbury, Connecticut, November 19, 1830, the daughter of John Bard and Jane Kinney. Her husband, Charles Bard, died in 1885. Although Mrs. Meeks had been ailing slightly for some days, her sudden death was a great surprise. Her natural frailness had blinded all but those nearest to her to the fact that her end was near. Her death was a sharp and unexpected shortening of her strength early in the evening, and the signs of her approaching end were clearly indicated.

From her earliest years of widowhood, Mrs. Meeks' sympathies have reached beyond the range of her own interests, and there has been no decade of her life in which she has not been a devoted and self-sacrificing friend to those in need of her aid. Her life has been a life of quietude, and she has been a constant source of comfort and help to those in need of her aid.

Her death was a great loss to her family and to the community. She was a woman of high character and a devoted friend to those in need of her aid. Her death was a sharp and unexpected shortening of her strength early in the evening, and the signs of her approaching end were clearly indicated.

REGULATING DEPT. POWERS
 Bill Presented in Legislature to Give Home to Buy or Sell Gas and Electricity Anywhere and to Acquire Any Property Needed.

A bill drawn up by City Attorney Joseph T. Fanning has been presented in the legislature which will expressly give to the city of Norwich the right to exercise all the powers possessed by the Norwich Gas and Electric company at the time the city took the property of that company and to sell gas and electricity to any person or corporation in both towns or in any other towns. The city can then also without any question purchase gas or electricity in order to supply its customers.

This Mrs. King's bill, however, there was some question raised at the time the contract was made with the Norwich Gas and Electric company. The city supply. One of the provisions of the bill will be a hearing upon the terms of the contract which was made with the Norwich Gas and Electric company.

The bill was introduced in the legislature by Representative John F. Higgins. It was referred to the committee on cities and boroughs.
