DANIELSON

Five Above Zero Tuesday Morning
All Mills Busy—System of Credits and Collections to Benefit Merchants—Patriotic Exercises in Schools—French Mission at Wauregan.

Mr. and Mrs. George H. Call and Arthur Call, of Boston, leave here today (Wednesday) for Hot Springs, Ark., for a stay of two weeks, after which Arthur Call will return to Boston and Mr. and Mrs. Call will go farther south, returning to Danielson about April 1.

Miss Vivian Burroughs, who has been spending a few days here with her parents, Dr. and Mrs. George M. Burroughs, has returned to Wellesley college.

Miss and Mrs. Alfred L. Reed leave today for a stay of a week with relatives at Petersboro, N. H.

Judge Tucker Renominated.
A resolution introduced in the house nominates James N. Tucker of East Killingly to succeed himself as deputy judge of the town court of Killingly.

Misses Katherine D. and Margaret Aylward are ill with grip at their home on Academy street.

Caught a Nice Pickeral.
William S. Brown, F. E. Shumway and Louis Lague were members of a fishing party that caught a fine string of pickeral out of a pond near Hampton.

Five Above Zero.
Tuesday morning's weather was less severe than that of Monday, the temperature being about five degrees above zero at 7 o'clock.

All the Looms Running.
All the looms ready for operation are now in use at the mill of the Danielson Cotton company as the result of the coming here of workers from West Warren, Mass. The drawing-in hands have been working to full capacity to get a sufficient number of warps in readiness.

No word has been received in answer to the communications sent out from the local business men's association to the Connecticut company and the Rhode Island company relative to the blockading of Main street at the trolley freight station.

The block of road winter has resulted in additional applications for aid being made by the poor of Killingly to the selectmen, fuel being one of the necessities most sought after.

Increased School Attendance.
The coming here of more than 100 Polish people from West Warren, Mass. has resulted in an increase of attendance at the schools, as there is a large number of children with the newcomers.

Not even a snowstorm could stop a number of local men who have been waiting for weeks for the chance from going to the pond at East Killingly Tuesday for the first ice fishing of the winter.

Mills All Busy.
All the mills in Killingly with the exception of that formerly occupied by the Danielson Worsted company are now housing industries and the indications are for an exceedingly prosperous year.

HOW TO GET STRONG

A Simple Remedy.

Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.

Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic with both oil and iron, the most efficient strength creator we have in our store.

A case has just come to our attention from West Baden, Ind. A beautiful young lady was a complete wreck, run-down, worn out and nervous, so she had to spend one-third of her time in bed. Nothing which was given her did any good until Vinol was recommended by her druggist, which she says did her more good than all the medicine she ever took in her life put together, as it built her up so she is now strong, well and active.

It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so successful and we will return your money if it does not help you. Broadway Pharmacy, G. G. Engler, Norwich, Conn.

P. S. For Eczema of Scalp try our Sazo Salve. We guarantee it.

side at a short calendar session of the Windham county superior court to be held here Friday, February 22, this being the last short calendar session before the opening of the March term, which will come in on the following Tuesday.

Indications are that there will not be a great amount of criminal business during the coming term, this having been the case at sessions during the past two years.

Dull in Marriage Market.
It may be the Lenten season, the cold weather, the high price of coal or one of a hundred other reasons, but in any event the influx of couples from Massachusetts towns matrimonially inclined, has slumped almost to the zero point this month. During that period only two couples have appeared at the town clerk's office to seek licenses to wed.

ICE GAVE 'WAY.
Dayville Skaters Rescued from Drowning in Whirlpool at Mill Pond.

Miss Edna West, 17, daughter of Mr. and Mrs. Edna West of Dayville, and Carroll Bristol, son of Rev. and Mrs. F. L. Bristol of Dayville, had their breakfasts escaped from drowning when they broke through thin ice while skating on what is known as the mill pond north of Dayville, Monday night.

Gravely in the highest order was shown by both of the young people, whose cries for assistance went unheeded for a full five minutes before the other skaters on the pond realized they were listening to calls of distress, not those being made in sport, as was first thought.

In speaking about the matter while in this city Tuesday afternoon, Mr. West, who was formerly clerk at the City hotel here, said that his daughter and Carroll had skated out over what is known as the whirlpool section of ice to which they were attracted, not realizing on account of unfamiliarity with the territory that they were in a dangerous section.

With an appalling suddenness the ice broke and both skaters were plunged into water of probably a score of feet in depth. Both young people clung to the ragged edges of the broken ice, but were unable to pull themselves out. The temperature was close to zero at the time. Miss Edna's muff immediately froze to the section of ice to which she was clinging and her father said Tuesday he believed this helped keep her up. Carroll clung to the young woman as best he could to prevent her going down. After what seemed an interminable time the cries of the young people brought aid. Carroll, showing the fine bravery that marked his conduct in the trying incident, insisted when help came that his companion in danger be taken first from his perilous position and this was done, Henry Burnett lying on his stomach to reach the young woman, other skaters holding to Burnett's feet and assisting in the rescue. Carroll was safely gotten out as Miss West was.

The young people were hurried to their homes and given such treatment as was required to save them from serious consequences.

Miss West said afterwards that she was so deep in the water that it ran into her ears, but on Tuesday the indications were that she would not suffer serious consequences from her unexpected immersion. Carroll, it was also stated, would not suffer seriously from the incident, though he was feeling the effects of it.

Mr. Bristol and Miss West are students at Killingly high school in Danielson.

Advice to Mothers
Have you had baby's photographs taken? It's an art to take baby's photographs as it should be taken. To catch his roguish little smile, his pretty little dimples. Such photographs become prized remembrances of babyhood's days in years to come. We have had years of experience in photographing children. They always look their best when we take them. Serv-U-S BRAND
MACARONI
MADAM: You'd consider it quite an honor, wouldn't you, to be known as the most economical as well as the best of good cooks. Well, Serv-U-S Macaroni has a distinction something like that.

It is the food with which you can reduce the cost of living and yet strange to say it has as much nourishment and nutrition as the most expensive food—Beef Steak. It is a great muscle builder, and ideal health food. One pound of Serv-U-S Macaroni will go just as far in giving a man strength as a pound of meat and it costs less than 1/4 as much.

It has no waste matter—no bones and gristle which you can't eat but must pay for. Meat is water in composition. Serv-U-S Macaroni is 1/4 solid nourishment.

Besides Serv-U-S Macaroni is so easily prepared. It takes one to two hours to boil meat—but only 20 minutes to prepare Serv-U-S Macaroni in a number of delicious ways.

You can enjoy it in soups and stews. It is very tasty with fruit or tomatoes—and it is especially delicious prepared like a potato with grated cheese and tomatoes.

Like all of the other Serv-U-S Brand Foods it is a pure food guaranteed under the Pure Food Law.

It is made in strictly sanitary kitchens and under a pressure of 1800 to 3000 lbs. per square inch. It is guaranteed to contain absolutely no coloring matter.

SERV-US EGG NOODLES are actually made of flour and eggs. SERV-US SPAGHETTI is of the same high quality and delicacy as SERV-US MACARONI. Both are put up in 5c and 10c packages.
