ONE PER CENT. ON \$5,000 AND OVER

Income Tax Rate Now Under Consideration by Democrats of Ways and Means Committee

MINIMUM MAY BE LOWERED OR RATE RAISED

Final Decision Will be Determined by the Probable Revenue From New Tariff Schedule—Loss of \$50,000,000 on Free Sugar Will Have to be Met by Income Tax—Advocates of Free Wool Hopeful of Carrying Their Point.

Washington, March 17.—The democratic committee adjourned tonight until tomorrow morning, beginning a revision of the intricacies of the income tax in the administrative sections of the tariff and informally discussing the income tax plan in a general way without attempting to reach a decision as to the new revenue raising scheme designed to add perhaps \$100,000,000 to the treasury funds.

One Per Cent. on \$5,000 and Up. While the income tax details hinge upon the final estimate of the probable revenue from the former schedule, the disposition of the committee majority is to inaugurate the system with probably a one per cent. tax on a minimum of \$5,000 annual income, with the idea that the tax may be susceptible to a lowering of the minimum or raising of the tax percentage, or both, if conditions necessitate, after the plan is adopted.

Big Fight Over Schedule K. The big fight pending now is the always controversial schedule K, the big wool schedule on which a final vote is likely within the next few days. The advocates of free raw wool in the committee have found it difficult to win in the end, regardless of what the probable attitude of the senate might be. The majority already has settled upon free raw cotton and upon sharp reductions in the cheaper grades of textile manufactures.

Cuts in Rates on Cheap Soaps. The revision plan as settled upon contemplates substantially the principal provisions of the democratic revision bills that were passed through the houses during the last congress. It was stated tonight that the revision planned included a cut in the rate on cheap soaps.

Schedule A—Reaffirmation of most of the rates on chemicals, oils and paints provided in the democratic revision attempt of the last congress, with some sharper reductions, including a cut in the rate on the cheaper grades in raw cotton and on duties on oils entering soap manufacture.

Reductions on Cheaper Pottery. Schedule B—Reductions from the present rate on cheaper pottery ware, substantial cuts on many articles of china, earthenware, porcelain, stone and crockery ware now assessed 55 and 60 per cent., denounced by import-

WOODBURY WAS OFFERED FOUR VOTES FOR \$10,000.

Testimony Heard in New Hampshire Legislative Bribery Case. Concord, N. H., March 17.—Gordon Woodbury, who was a candidate for United States senator in the contest of March 10, Thursday with the choice of Henry F. Hollis, charged before a legislative investigating committee with bribery, today testified that he had received \$10,000 from a man named Woodbury who had offered to sell him his vote and deliver three other votes for \$10,000 each.

Woodbury was an anti-Hollis democrat and the support that he received prevented for a time the election of Hollis. He testified that a representative, whom he named, called at his office in Manchester on Thursday and offered him \$10,000 to vote for Hollis. Woodbury would produce the money he could have four votes then being cast in the district. The witness said that he replied that he was not interested and showed the man the door.
