TROOPS OUT TO WEL A RACE RIOT

Clash Between American and Polish Miners Necessitates Services of the National Guard

FOREIGNERS FARE BADLY AT BENTON, ILL.

Ill-Feeling the Outgrowth of Shooting of Two Musicians by Drunken Miners Returning From Polish Dance—Mayor Vainly Endeavors to Pacify Indignant Americans—All Foreigners Found on Streets "Beaten Up."

Benton, Ill., Sept. 22.—A race riot between American and Polish miners was fought in the town square here tonight as a result of the double murder last night of Ed Hutchinson and Quincy Drummond, who were killed by a band of drunken miners who were returning from a Polish dance where they had been furnishing the music.

Extra Police Sworn In. The disturbance soon assumed such proportions that Mayor Esby swore in twenty-five extra police and sent for the sheriff of Franklin county. The mayor sought to pacify the Americans in spite of his address trouble started.

Twenty-five foreigners who appeared on the square were severely beaten and pursued to their homes by the police.

Fifteen Polish miners were arrested today and are being held, pending an investigation in the double murder. Three other miners implicated by the testimony of the arrested men at the coroner's inquest are being sought by an armed posse of 75 men led by the sheriff.

The story of the murder was brought to Benton by Harmon Wyatt, a third member of the party of musicians who accompanied the band and was wounded in the arm and an injured head.

Americans Wailed and Clucked. Wyatt said the party of Americans left the dance hall at 11 o'clock last night for a Polish dance. They were waylaid by a party of about ten miners and attacked with revolvers and knives. He said he did not know why they had been attacked.

Planned Murders FOR THE INSURANCE. Schmidt and Muret Attempted to Involve Physician.

New York, Sept. 22.—Evidence that Miss Schmidt and Dr. Ernest Muret, his dentist friend, planned a campaign for the murder of a man who had a life insurance policy reached the police today. It tended to explain the blank death certificate found in Schmidt's room.

The evidence came from a physician who had inspected the body of the man who had been found dead in Schmidt's room.

Schmidt, through his attorney, had pleaded guilty when the judge asked, "Do you base this plea on the interpretation of the law in the Diggs case?"

Baker, through his attorney, had pleaded guilty when the judge asked, "Do you base this plea on the interpretation of the law in the Diggs case?"

Inspector Farrell has learned, he said, that the dentist at one time in his life figured as an insurance broker.

The inspector said that with the assistance of Johnson, the doctor had been trying to find if there was any connection between Schmidt and Muret and the man who had been found dead in Chicago, who was executed in 1905 for murdering one wife and suspected of killing several others.

Schmidt was in the city at the time of the murder, and it is believed that he had some knowledge of the man who was found dead in Chicago.
