POLICE ARRANGEMENTS FOR TODAY'S ELECTION A SHIFT OF CAPTAINS

All Transferred to Other Precincts for 24 Hours—Seven Hundred Picked Officers for Special Election Duty.

New York, Nov. 3.—With fusion and Tammany leaders predicting a landslide tomorrow for their respective candidates, the municipal campaign, described by old time politicians as the liveliest of a generation, came to a close tonight with speechmaking in all parts of the city.

Information reaching police headquarters that "strong arm" men, gunmen, guerrillas, and thugs generally were to be employed to intimidate voters tomorrow resulted in promises tonight of police activity unusual for election day in this city.

Seven hundred picked policemen familiar with underworld characters will be assigned to all parts of all boroughs. Police Commissioner Waldo announced at midnight tonight every police captain in addition to his regular precinct to another, the change to be effective for 24 hours.

The commissioner gave these orders after a communication from Mayor Kline, who had been visited a few hours previously by John Purroy Mitchel, the fusion nominee for mayor. Waldo said that he had been informed as his reason for his concentration of police activity in the election districts by gangsters by both Mayor Kline and former Governor William Sulzer, who is the progressive candidate for the state assembly in the sixth district.

The warrants charge illegal registration. In the financial district today and about town tonight the betting favored Mitchel 3 to 1 and 4 to 1, with Tammany men asking five to one. Murphy, however, made a scintilla of a bet despite the trend of the betting that the whole Tammany ticket would win.

Mr. McCall said tonight that he was confident of victory. "I am confident that New York is going to elect an unfair campaign methods of my opponents. I am confident that a majority of the voters will judge me on my record as a citizen and public official."

The fusion ticket is being backed by republicans, anti-Tammany democrats, progressives and members of a number of independent political organizations. The Independent League has endorsed Mitchel for mayor and Charles S. Whitman, the fusion and democratic nominee for district attorney, but has selected for candidates for several places on the ticket, including comptroller and president of the board of aldermen. It has also endorsed several of the Tammany judiciary nominees.

New Charge Against McCall. The many charges of Sulzer and Hennessy are under investigation by District Attorney Whitman. A new charge was made against McCall today by the fusion nominees to the effect that the democratic majority nominee drew his check for \$28,000 to Cornelius N. Bliss, treasurer of the republican party, in 1908 as a campaign contribution to help defeat the candidacy of William Jennings Bryan for president and also the New York state democratic ticket.

The records of the fusion investigation will show about that check," was McCall's reply to this attack. He referred to the insurance investigation of United States Supreme Court Justice Hughes before he became governor of New York.

Bridgeport, Conn., Nov. 3.—With a final rally by the democrats tonight, the local campaign which has been the most bitter of many Bridgeport campaigns came to a close and tomorrow the voters will decide the next mayor and officers of the city.

The democrats, progressives, socialists and socialist labor and prohibition parties have tickets in the field. Mullins, the confidence coming from expected defections from the republican ranks through the progressive and socialist vote.

For Control of Assembly. New York, Nov. 3.—The probable political complexion of the assembly, the lower branch of the state legislature, is of chief state-wide interest on the eve of the elections.
