THE CONSUMER'S DOLLAR AND WHAT IT BUYS.

A Chance For Economy and Common Sense.

C. B. LAINE

With the increase in price of many of our common foodstuffs, amounting in some instances from 25 to 50 per cent, the problem of keeping the family budget supplied with food is becoming more important and more difficult to solve every year.

The housewife should not only know how to buy economically, but also have knowledge of the composition of foods, in order that the nutrients in the meals be properly balanced for the needs of the body.

The situation then shifts down to the intelligence of the cook, for good food is often spoiled in the cooking, and good food is frequently wasted.

Each of these foods contains the same amount of nutritive material as one quart of milk.

Table with 3 columns: Food, Weight, Total. Lists various food items and their nutritional values.

FEEDING FERTILE EGGS.

Let the Hens Balance Their Own Rations.

P. K. EDWARDS.

Fertile eggs must come from vigorous, healthy birds, and as feed and exercise are essential to vigor, we must see that these two elements are always provided.

Individual taste is as marked in fowls as in human beings, so if we wish our flocks to be healthy and contented we must cater to their taste.

These hens have seen some of the dry feeds and grain for our fowls according to certain definite ideas of balanced rations.

What To Put in the Feeders.

For a flock of 100 layers four feeders and two dry mash hoppers of the thirty-two quart size will hold a week's supply.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment.

Doan's Kidney Pills is a good remedy to use. No need to experiment. It has acted effectively in many cases in Norwich.

Remember the name—Doan's—and take no other.

FOR 25 CENTS YOU CAN MAKE YOUR HAIR LUSTROUS, FLUFFY, AND ABUNDANT.

Immediate!—Yes, Certain!—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and abounds as soft, glistening and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt, or excessive oil, and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff in clumps, burrs and invigorates the scalp, forever stopping itching and falling hair, but really new hair growing all over the scalp. If you care for pretty, soft hair, lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

Representing the contractor who carries the mails over the star route between Putnam and Eastford, a round trip of 28 miles, Attorney Charles L. Torrey has secured a communication Wednesday in his behalf and in behalf, indirectly, of all the carrier carriers in his section in Congressmen H. P. Mahony with a view to securing for these government employees a more equitable return for the service they are performing.

Attorney Torrey sets forth in his letter that the Eastford star route carrier receives \$22 a day for the service he performs, the price for which he is bound by contract. To do his work the carrier is obliged to keep two horses, a wagon, a harness, a team, a plow, a mowing machine and an automobile which he uses when the weather permits. Taking into consideration what he has to pay for the feeding and shoeing of the horses and for other depreciation in value, as well as the depreciation in value of the other equipment, including the automobile, it will readily be seen that the carrier gets barely enough to make both ends meet.

A particularly interesting point in the meeting was the fact that the Eastford star route carrier receives \$22 a day for the service he performs, the price for which he is bound by contract.

PUTNAM

Mrs. William P. Kelley. Rev. Charles A. Downs conducted the funeral services for Mrs. William P. Kelley at the home of Mr. and Mrs. Kelley in Dayville Wednesday afternoon at 1:30. A number of friends from Danielson were among those who attended the service.

Official reports of attendance at public schools in Killingly during January show that the average figures, notwithstanding that it was a period of cold and stormy weather, were as follows: The attendance at the Danielson school head that list with a percentage of 87.7. The attendance at the night school for the period of three months ending January 30 was also very satisfactory, the average being 48.3, which, however, is slightly below the average for the two-month period.

Prosperous Year at Brooklyn Creamery. The annual report of A. J. Lathrop, manager of the Brooklyn Creamery company, shows that 146,876 6-10 of cream were collected during the year, representing a slight falling off from the amount produced during the preceding year. The average test of the butter was 20.8. The price for the butter for a period of five years and its selling price for the butter was 26.6 cents. As is always the case, the demand for the creamery's butter exceeded the supply.

Toward Rhode Island Line. Preferable Direction in Which To Improve State Road, Business Men Think.

Opinion of members of the Business Men's association as expressed at a meeting of the organization was in favor of asking State Highway Commissioner Bennett to expend such money as is available for state road work on the highway leading from the Rhode Island line at Little Rest, in preference to extending such work northward along Main street to the borough line. A sewer is yet to be laid through that section of Main street and it is felt that this should be done before the street is improved. It is also true that highway improvement along the trunk line to Rhode Island would prove of greater immediate benefit to Danielson than improvement of Main street.

Rhode Island Co Milk Car. If Run to Danielson Will Open Up Profitable Possibilities For Producers.

Milk producers who ship from the Danielson station to the Boston market are very much interested in the proposed extension of the Rhode Island milk car to Danielson. The Business Men's association had voted to take action relative to inviting the Rhode Island company to send its milk car into Danielson each morning. Some of them were jubilant over the prospect of getting the car in town for it that will have an option as to where they send their milk. At present they must ship it to either the existing conditions or keep it at home. With two markets open to them they feel that they will be in a position to get more satisfactory prices for their milk. They are able to take private contracts in Providence, supplying hotel, restaurant and bakery trade, something they cannot do at present. If they ship at all they must ship to the concern that operates the milk car over the steam road.

Eastford Star Route Carrier Appeals to Government for Fairer Compensation—Term of Judge Crosby Expires 17th—Board of Water Commissioners Must Move.

Mrs. Louis Leveas is visiting relatives in New York. John A. Herman of Fall River was a visitor with Putnam friends Wednesday.

Mrs. E. N. Fisher will have the members of the Ladies' guild of St. Philip's church at her home on School street Wednesday evening.

Sheriff John O. Fox and County Commissioners Lebeus E. Smith, E. H. Hall and Frank O. Davis were at the county jail in Brooklyn Wednesday.

Firemen's Invitation Accepted. Putnam firemen have accepted invitations to be guests at the annual convention of the Connecticut Firemen's Association at Hartford, Conn., Feb. 10-12.

Attorney Torrey makes in his letter bid in the contract the maximum weight of parcel post packages was 11 pounds. Note the maximum has been increased to 20 pounds. This is a great difference to the carrier. Before the heavier maximum was given a report in the matter of the charges referred by the county coroner in which he alleged that two packages of revenue for him, but this, too, is wiped out under the new regulations. Incidentally, the great increase in the parcel post business has in the case of the Eastford route at least been so great as to require about all of the wagon space to transport them and consequently the carrier has lost a big percentage of his passenger carrying business and the revenue that came from it.

Attorney Torrey calls attention to the fact that the carrier continues to perform the duties imposed upon him by his contract, which contract, however, has been materially altered, as to the duties required, at the expense of the other party to it—the United States government—and without giving added compensation which is sought through the influence of Congressmen Mahan.

A REALLY TASTELESS CASTOR OIL AT LAST

Good bye, drugs and pills! The perfect laxative has arrived—Kellogg's Tasteless Castor Oil—made tasteless by a method which chemists have tried to find for 3,000 years.

This is not a flavored, or disguised castor oil. It is just pure castor oil without taste or color. Kellogg's Tasteless Castor Oil is a better castor oil than the old evil tasting, oil smelling kind. While none of the taste remains, none of the good has been taken out. Kellogg's Tasteless operates quickly and freely, without griping, causes no gas, and does not turn the stomach. Children take it easily and delightfully.

The drug stores have all been supplied. You have only to ask for Kellogg's Tasteless Castor Oil 25c or 50c. It is not sold in bulk. The trademark is a green castor leaf on the label, bearing the Kellogg signature. Made only by Spencer Kellogg & Sons, Inc., of Buffalo, dealers in vegetable oils for four generations.

TERM EXPIRES THE 17TH. Judge of Probate George S. Crosby of Thompson to Reach Age Limit.

George S. Crosby, Judge of probate of the district of Thompson, will reach his 70th birthday the 17th of this month. In thereby reaching the constitutional limitation at which he may hold the office a vacancy will occur. Under the statute when such a situation arises it becomes incumbent upon the governor to issue a writ of election directed to the officials whose duty it is to call electors' meetings within the district, ordering an election to be held on a day named therein, to fill such vacancy. This writ is transmitted to the sheriff of the county who is directed to cause the officials, who thereupon warn an electors' meeting to be held on the day appointed in said writ. Several candidates are said to be in the field and the present town clerk, Dyer S. Elliott's name is being mentioned as Judge Crosby's successor. Mr. Elliott's friends point to his excellent record as town clerk as evidence of his ability and fitness to hold this important office.

Big Special Vaudeville Bill. The Vor Vallin trio took their audiences by storm when they showed at the Bradley theater Wednesday afternoon and evening in the big special one-week vaudeville bill. The Vor Vallins are musicians and dancers. They give commendable musical numbers, playing brass instruments, but the big feature of their act is their acrobatic dancing, which outclasses anything of the kind here. Repeated acrobatic calls were given them at both shows of the day. Another fine act in the bill was that of the Schaller Brothers, acrobats. They have a knack of doing the lifting stunts in a very graceful and clever manner and their performance was received with great favor.
