

At a glance it is apparent that BLOOD POVERTY AND DEVELOPS AT ANY AGE. cheeks and lips become pale, the body is languid and cold are easily contracted—it undermines the very source of health and must have immediate treatment.

WEDDING. Burke—St. Germain. Miss Leonie A. St. Germain, daughter of Mr. and Mrs. Leon St. Germain of New London, and Henry Horace Burke of New Haven, were united in marriage by Rev. Timothy M. Crowley at St. Mary's Star of the Sea church in that city Wednesday morning at 9 o'clock.

How it Looks To Ocean Liner. Passengers on an ocean liner off Sandy Hook the other day saw New York city in a mirage, upside down. Doubtless it seems that way all the time this winter to Tammany.—San Francisco Bulletin.

There are 13,652,000 Jews in the world. America has 2,194,061.

ECZEMA ITCHED AWFULLY ON HEAD. Thought Would Go Wild, and Flaky Hair Nearly All Came Out. Used Cuticura Soap and Ointment Three Months. Head All Cured.

30 Atkinson St., Bollova Falls, Va.—"I had eczema on my head and it itched something awful. It seemed sometimes as though I would go wild. The eczema was dry and flaky. One day I combed it hard with a fine comb and made it all raw. My hair nearly all came out gradually so I had a small twist of hair and did not use but one hairpin to hold it.

FOR PIMPLES AND BLACKHEADS. The following is a most effective and economical treatment: Gently smear the affected parts with Cuticura Ointment, on the end of the finger, but do not rub. Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely on the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores, the common cause of these distressing facial eruptions.

ALL STOPPED UP? Think what is stopping it! Think of the germs and diseased tissues which poison every breath!

KONDON'S Catarrhal Jelly

Auto Repairing and Painting. We repair autos of all kinds in the proper manner.

WESTERLY MAN UNDER \$5,000 BONDS

Pasquale Salameno Held For Shooting Charles Brown—Bullet Not Yet Found—Grass Fire—Flag Day Exercises in the Schools Today.

"It would be economy for Westerly to abandon the town farm and board the poor of the town at the Dixon house in the winter and at the Ocean house in the summer." This was the statement of the late Wanton Hoxie in the annual financial town meeting, some years ago, and the sentiment was endorsed by some prominent citizens. Walter R. Wightman, state agent of charities and correction, says that the liberality of taxpayers in the state has grown into a vexing problem and declares for a new system of community almshouses and revised laws.

On the other hand, he had been a worthless fellow, one whose father or grandfather had paid a tax upon the real estate or had inherited a like piece of realty and lost it through any cause, he would have a legal settlement in the town where that realty was located, and the town would be obliged to support him as a pauper. It is this law which has resulted in the almshouse to overflowing with one class of indigents and heaped what are considered by farmers and taxpayers as burdens upon their towns.

A state settlement commission is studying what can be done to insure that man once in good circumstances but through misfortune stripped of his means and unable to earn a livelihood may be properly cared for in the town where he has long resided. There are others who are advocating the establishment of either community or county almshouses, which would be the expensively conducted town poor farms, or secure wiser administration with relation to those who are designated as "the outside poor."

The schools of Westerly will observe Grand Army Flag day and Lincoln's birthday with special services arranged in accordance with suggestions submitted by Walter E. Hanger, commissioner of education of the state. As has been the custom since the institution of Grand Army Flag day in Rhode Island, Rudolph post, Grand Army of the Republic, will be represented at all the public schools of the town by members of the post or Woman's Relief corps, who will participate in the exercises and make brief addresses to the pupils.

Paul H. Hillard has been assigned to the Westerly High school, while James A. Barber, the only medal-of-honor man in the town of Westerly, Christopher Simmons has been assigned to the Elm street school, John B. Brown to Pleasant Street school, Abel Babcock and Joshua M. Clark to the Park avenue, James P. Chapman and Mrs. Jennie Parker to the Quarry Hill, Mrs. Abbie J. Eldred to the Chestnut, Miss E. Alice Telford to the school at Park Avenue, William D. Babcock, Bradford and Stephen A. Congdon to the school at Dunn's Corners.

The depths of navigable waters here and hereabouts, compiled from official sources, is of interest. Between Block Island and Fishers Island sounds the depths at mean high water are: Through Watch Hill, passage 22 3-4 feet; through Sugar reef, passage 24-4 feet; through Catfish passage, 24-4; through Lord's passage 22 3-4; through Wicopesset passage 21 1-4; through the sound by main channel, 22 1-4 feet.

To Pawtucket river through Little Narragansett bay, dredged, 12 1-2 feet; to Westerly on Pawtucket river, 12 feet; to Stonington inner harbor, 10 1-4 feet; with anchorage behind breakwater in two to three fathoms, and depth of entrance to Stonington, 17 1-2 feet; up to and beyond 15 1-4; west end of Fishers Island, 19 to 16 feet in depth, 15 feet in channel.

The Thames river depths are: Through Pine Island channel, 21 1-2 feet; up to New London, 12 1-2 feet; through New London wharves, 25 1-2 feet; through channel, 40 1-2 feet; up to Algonquin, 24 1-2 feet; up to Algonquin, 16 feet, with dredged channel 200 feet wide. The average mean low water is two feet less than mean high water.

Rev. Frank H. Decker, former pastor of the Congregational church in Pawcatuck, who has been in charge of the church at Stonington for several years, was the principal speaker at the February meeting of the Men's club in that city. Mr. Decker told of some of the experiences in the work of the organization, retrospective and prospective. He called his talk the stories of the "human race" and his stories were about those who have passed through the "human race shop."

The state board of registration in veterinary medicine held annual meeting at the Rhode Island state capitol building in Providence, Tuesday. Dr. T. E. Fry, of Riverport, president; Dr. John S. Pollard of Providence, secretary; Thomas E. Robinson of Westerly, treasurer.

Colonel Charles F. Tillinghast of Providence, commander of First Artillery district, made an inspection of the Fifth company, Westerly, Tuesday evening and was satisfied with all that went to make the inspection complete, and complimented Captain Thackeray upon the fine showing. Colonel Tillinghast was accompanied by Lieutenant Colonel Alexander H. Johnson of Providence and Majors Arthur N. Nash and Bourdon A. Babcock of Westerly.

Pasquale Salameno, the former Westerly constable, who shot Charles Brown when in Canal street late Tuesday evening, was arraigned early Wednesday morning in the Third district court, before Judge Oliver H. Williams. He was charged with a first degree murder and also with carrying a concealed weapon and holding out a pistol to a police constable. The hearing was continued to next Friday morning and he was held in bonds of \$5,000 on the first count and \$200 on the second. Although Salameno is no stranger to the district court, where he has often acted as interpreter, it was the first time he appeared as a prisoner at the bar.

Although the bullet is plainly traced through Brown's coat, sweater, vest and two shirts, to a point just over the heart, and grazed the flesh to the left, the bullet has not been found. It did not enter the body and there is no mark on Brown's clothing to show the bullet's course. It is therefore believed that it remained in Brown's clothing and was probably lost while on the way to Dr. Salmon's office when an unsuccessful effort was made to locate the bullet. Although the call was close, Brown was not in the least disturbed over the shooting.

Use Hale's Honey Of Horehound and Tar For Coughs and Colds. Contains no opium nor anything injurious. All drug stores sell it. Try Pike's Toothache Drops.

The New Road, Pro and Con. The question of land damages will probably prove a fatal one when it comes to accepting the layout for the new state road in the locality north of the borough through the lands of the estate of Alexander S. Palmer and Edward F. Durrall and others. It is expected that prices will be high on this property. As to the new route itself, there is considerable unfavorable comment over it in town, owing to the fact that the road is to be a half mile or so behind. A number of people see an advantage, however, stating that the automobiles for which the new road is being built are of no benefit to the borough and are only an occasion of dust and dodging. As soon as the decision of the highway commission is announced, protests will be filed at Hartford against the project of going through the land of some of the summer residents of the town, as they are opposed to any change in the layout. The attitude is quite different from that of several Quaker people, who are afraid that they are going to be left out to one side when the new work is put through and have offered to give some of the ground yards to keep the highway from being moved.

Local Laocenes. William Sizer left Wednesday for Eustis, Florida, for two months' visit. The joint legislative committee on public health has organized with Senator Elias R. Fishney of Hopkinton, chairman, and Gerald Mowry clerk. Representative Kenyon of South Kingstown has presented a petition of Washington County, Vermont, favorable to the proposed appropriation for the extermination of the gypsy and brownish moth.

The secretary of agriculture has directed that the weather bureau, controlled by the weather bureau, connecting Block Island with the mainland be sold, and that on February 17 as the date of offer for sale.

Mystic Bradshaw-Foster Marriage—Good Attendance at Fellowship Meeting—Young People's Valentine Party.

Miss Lulu Foster and Edward Bradshaw were united in marriage Monday evening by the Rev. O. G. Buddington at a short honeymoon trip Mr. and Mrs. Bradshaw will reside on Bank street.

Fellowship Meeting. The Congregational churches in this section held a fellowship meeting with the Mystic Bridge Congregational church Wednesday which was largely attended. Delegations from the North Stonington, Road church, Westerly and Stonington churches were present. The meeting was opened by Deacon R. P. Williams and the sermon was preached by Rev. H. M. Hollister of North Stonington. A noon dinner was served in the parish house by the Ladies' Aid society.

Holiday Services. Today (Thursday), Lincoln day, the banks will remain closed all day. The Mystic postoffice will keep holiday hours, open from 6:15 a. m. to 10:30 a. m. and from 5:30 p. m. to 6:30 p. m. No money orders will be issued. The carriers will make only one trip. The stores will have a half day.

Valentine Party. The Young People's society of St. Mark's church assembled in the parish house Monday evening for the monthly meeting with an attendance of 59. The entertainment was a Valentine party. Sixteen new members were added to the society. Refreshments were served. The committee in charge was Mrs. John Wheeler, Mrs. and Mrs. Gertrude Williams, Miss Stevens, Mr. and Mrs. Christopher C. McLaughlin.

Briefs and Personals. Miss Annie Spaulding is visiting in Winthrop, Mass. Mrs. John H. Inneegan and daughter, Mrs. Eusworth C. Gray, of Ledyard, were in town Wednesday. Mrs. George E. MacKenzie has returned to Westerly after a visit to Mrs. Isabella MacKenzie.

Miss Gertrude Adams of Washington, D. C., is visiting in the village. Mrs. Edward E. Bucklin is visiting in Providence.

Hiram Burnett has returned to New York after a short stay in the village. John E. Wilde is in Boston. Charles Tingley of Norwich was the guest of his family on Wednesday.

The rummage sale held by the Daughters of Veterans added about \$40 to the treasury.

STONINGTON Local Markemen Going to New London Shoot—Layout of New State Road Displeasing to Many—Installation of Ladies' Auxiliary.

The Ram Island Gun club has accepted an invitation from the New London Gun club to attend a trap shoot Washington's birthday. Among those who will attend are August O. Muller, president; William J. Robinson, Joseph Cushman and Charles Cushman, all good shots. At the National Sportsmen's show, to be held at New York from Feb. 21 to 23, the local club will be represented by its president, August O. Muller, Joseph Cushman and William J. Robinson, recently selected delegates.

A. Bartlett, Jr., of Wickford, R. I., son of Conductor Bartlett, who has the local going through here in the morning and east at 2 p. m. in the afternoon, did well with his exhibition of white Wyandottes at the Rhode Island college poultry show. He received first prize for his birds. His son of Wyandottes was one of the best in the state.

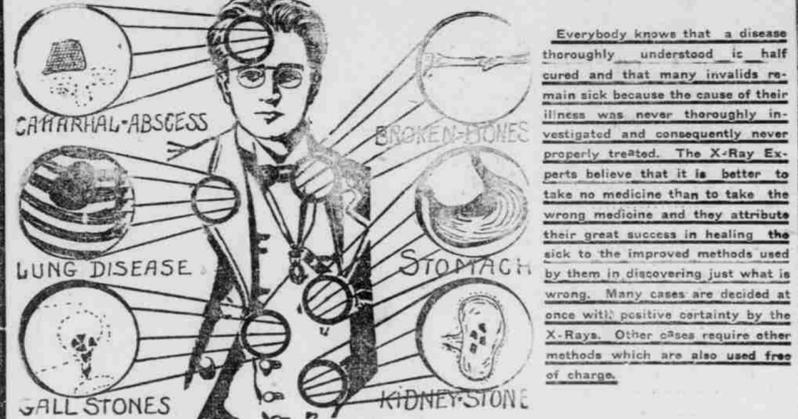

Presented Past Regent's Jewel. At the regular session of Pequot council, Royal Arcanum, held this week, the retiring regent, John W. Chamberlain, presented the past regent's jewel.

Under the auspices of Neptune Hose company arrangements are being made for a fair, the proceeds to be used toward defraying expenses connected with Brown's day of the centenary celebration of the town. It is planned to work the second degree on a good sized class of candidates at the meeting of Nina council K. and C. to hold this (Thursday) evening, and Sunday afternoon, the

GOOD NEWS TO THE SICK IN NORWICH

THE REAL CAUSE OF YOUR DISEASE CAN NOW BE DISCOVERED. PERFECTED X-RAYS AND OTHER WONDERFUL NEW INVENTIONS USED FREE OF CHARGE BY THE X-RAY EXPERTS LIGHT UP MAN'S INTERIOR SHOWING JUST WHAT IS WRONG.

America's Foremost X-Ray Experts Now Here

This illustration shows some of the disease conditions which the X-Rays will show. X-RAYS FREE 3 Days Only—Thursday, Friday and Saturday TODAY—TOMORROW and SATURDAY AT THE WAUREGAN HOTEL

So many sick people called for free examinations last Saturday that the large office rooms at the Wauregan were overcrowded and many were unable to await their turn to see the Experts.

This week, therefore, the Experts have generously consented to make free examinations for three days instead of one as previously intended.

The X-Ray Experts are now arranging to open a permanent office in Norwich and when opened the usual fees for X-Ray work will be charged. All those who wish to be examined free of charge should therefore call this week at the hotel and take advantage of this generous offer while it lasts. Men and women will be examined on all three days, but Friday afternoon will be given especially to women. HOURS—10 to 12 2 to 5, and 7 to 9.

Over 1000 Cures Don't Trust Your Life to Guess Work. Examinations made by the Associated X-Ray Experts prove that many sick people have been taking medicine for years for diseases of the chest, lungs, stomach, and bowels, and that they would have saved years of hopelessness and suffering had the cause of their illness, which was at first simple and easily corrected, been properly discovered and treated.

Sick Women Cured Without Cutting. During the past year over 300 cases of diseases of women were successfully treated by the X-Ray Experts without the knife, notwithstanding the fact that a great number of these cases were declared absolutely hopeless without the knife by very able medical men.

Declared Incurable Without Cutting—Well Today. Mrs. Floyd Green, of Sharon, says: "I had suffered everything with an ovarian tumor for the past three years. Doctors said that nothing but an operation would do me any good. X-Ray treatments and medicines have entirely removed the tumor. I am in better health than I have been for five years."

Declared Hopelessly Incurable by Many Doctors, Mrs. W. G. Bronson, a Well-Known and Highly Respected Lady of North East, Makes Miraculous Recovery.

Mrs. Bronson says: "I doctored for 25 years without relief and all the doctors gave me up as hopeless. They all said I would have to be operated on, but since I doctored with the X-Ray Experts I am able to go out and enjoy myself as I used to 30 years ago. All my neighbors say my case is a miracle."

Letters from a multitude of others, both men and women, may be seen at the office. These testimonials include rheumatism, deafness, catarrh, chronic heart, kidney, liver, stomach, lung and nerve diseases, and, in fact, almost every other known disease. These letters give the full addresses of patients, so that any one who so wishes may write to or go see them personally.

BEAR IN MIND that all examinations made by the X-Ray Experts are absolutely safe, painless, and harmless, and do not necessitate embarrassing exposure.

SPECIAL DAY FOR WOMEN—FRIDAY, 2 to 5 p. m. Physician members Licensed by the State of Conn., for Fourteen Years. Trained Nurses, Graduates of U. S. Government Hospital at Washington, D. C., in Attendance for Women.
