MAIL TRAIN FACILITIES.

To Be Retained as Far as Possible Under New Schedule.

A letter received Monday from a government representative of the railway mail service in New England brings to Alfred L. Reed, secretary of the Danielson Business Men's association, the information that every thing possible will be done to preserve Danielson's mail train facilities from being reduced, as forecasted in the timetable changes due to be made next Sunday.

TO LEAVE STATE.

John Lavender Gets Off by Paying Costs.

John Lavender, arrested at midnight Saturday by Deputy Sheriffs Michael Grimsbury and John M. Bessette in Bell's boarding house on Main street, was arraigned in the town court before Deputy Judge James N. Tucker Monday morning and charged with abandonment of his wife and cohabiting with another woman. On his agreement to leave the state Lavender was released on payment of costs in the case, amounting to about \$15.

CAN'T GET BONDS.

Adelbert Wilson May Be Taken to Putnam to Appear in Superior Court.

Adelbert Wilson, who was arrested on an incest charge, remained in the police station Monday, unable to get the bond of \$1,000 required for his release. This (Tuesday) morning the judge presiding at the superior court in Putnam will be asked to issue a bench warrant for Wilson, so that the case may be taken up by the highest tribunal at once. It is expected that Wilson will be taken to Putnam in charge of State Police man Harley.

Foreign Beef and Butter in Market.

As a result of the removal of high tariff schedules, permitting certain foodstuffs to come into the United States duty free, Danielson people may have more of Australian beef, if they care to do so. Argentine beef has been coming to Danielson for a considerable length of time, but to this foreign meat supply a local leading market has added beef from the Argentine. The beef last mentioned is heavy and high class in appearance. It is good meat, but sells for only slightly less a pound than the American product, which fact may be of some interest to those who are watching for a reduction in the high cost of living. With the foreign meats the market referred to is showing Argentine butter, a perfectly made and sweet dairy product. The price for this commodity, 28 cents a pound, is also significant of the fact that a slump in food prices is not yet imminent.

NEW TRAIN SCHEDULE.

Changes Which Go Into Effect on March 15.

Advance sheets showing what the schedule of trains in and out of Danielson under the new schedule as follows: Northbound, 6:59 a. m., 9:58 a. m., 8:47 p. m.; southbound 9:44 a. m., 6:27 p. m. Under this arrangement the 8:44 southbound train the first of the morning, replaces the present 8:10 and 11:01 trains. The 10:14 a. m. northbound train is changed to 9:58, and the 3:02 p. m. northbound train is removed. The boat train runs a few minutes later at night than under the present schedule.

Doyle Repertoire Company Begins Week's Engagement.

At the Orpheum theater Monday evening the Edward Doyle repertoire company gave its initial performance before a Danielson audience, offering

Mildred, with the very attractive and vivacious Miss Louise Brown, the company's leading lady in the title role. The piece is a dramatization of Mary J. Holmes' well known novel of the same name and is a lively domestic comedy drama, the plot of which is laid in the vicinity of Boston. The success of the company seems positive after the flattering reception of Monday, which was ladies' night, when the theater held near to a capacity audience. In addition to the all-around excellence of the Doyle company, which is one of the largest stock companies that have been here, a feature that made a great appeal to the audience was the work of Wanda, a mentalist of an amazing degree, who answered questions of those in the audience relative to many things that those who asked were anxious to know about.

MAIN STREET PAVING.

State Highway Commissioner Bennett Notifies Selectman Franklin That Aid Is Available.

First Selectman Hiram S. Franklin has a proposition from State Highway Commissioner Charles J. Bennett for the permanent paving of Main street. Selectman Franklin was at Hartford last Thursday for a conference with Commissioner Bennett relative to the matter and is now in receipt of a letter from the state official in which it is set forth what the state is willing to do.

After considering methods of improvement, Commissioner Bennett states that he is willing, in conjunction with the town of Killington, to arrange for the permanent paving of Main street, as is outlined in the letter, from a point about 50 feet north of Reynolds street to the Main street crossing of the New Haven railroad. The estimated cost of such an improvement with permanent pavement is \$4,500, and of this amount it would be necessary for the town of Killington to pay \$1,200, about \$1 a linear foot.

Later, after a sewer has been put in Main street in that section, one of the few unpaved sections of streets in Danielson, the commissioner would be willing to lay more permanent pavement, north of the junction of Reynolds and Main streets and on toward the borough's northern boundary. The state would spend altogether as much as \$5,000 on such work.

There is no question as to the need of improving Main street, which was once macadamized, but which, after the wear and tear of years, is now usually in poorer condition than some of the state highways out in the country.

Nothing can be done about the commissioner's proposition, of course, without the approval of the citizens in a special town meeting, but it looks, in a general way, like a mighty attractive one, though some changes might be suggested, it is said. The plan is to use amite such as was put in in Putnam last fall or some other equally satisfactory permanent pavement.

The Main street proposition is entirely separate from the plan for the project of extending the state highway from Stearns hill to the Rhode Island border, as provided for in an appropriation act at the annual town meeting last October.

Mothers' Club to Meet.

The Mothers' club is to have a meeting with Mrs. Frank Scott, Broad street, tomorrow (Wednesday) afternoon and all mothers have been invited to attend.

Antonio Vito, the Thompson road contractor is a bidder for state road work in New York state during the coming season.

Some Want New Postoffice to Be Built On Site Selected.

Some expression was given Monday in Putnam to a growing sentiment in favor of taking some action toward having the federal government go on with its plans to erect a postoffice building on the site purchased at the corner of South Main and Grove streets. Petitions that have been circulated in the interest of having the government abandon the site have been signed by a great many Putnam people, but other citizens have come to feel that if the government is induced to give up its plans to erect postoffice building this year, Putnam may not get the structure for many years to come and possibly never. Just what action will be taken to offset the petitions has not been outlined, but counter petitions may be circulated, although other methods have been suggested.

Defendant Acquitted.

At North Woodstock before Justice Charles M. Perrin Monday afternoon Attorney Arthur S. MacDonald was counsel for Teoni Riecke of that town, who was charged with the theft of three wagon loads of manure, and Attorney Mahlon H. Geissler of this city acted as prosecutor for the state. Riecke, who recently purchased a farm in Woodstock, in one of the barns on the place was the fertilizer and he took it and spread it over the land. The former owner claimed that he reserved the right to remove the manure when he made sale of the property, but Riecke did not understand that to be part of the bargain made. The defendant was acquitted after a hearing before Justice Perrin.

At the Bradley Theater.

Traffic in Soule, the much talked of picture, that created such a great amount of interest in New York, were shown at the Bradley theater Monday afternoon and evening. Attracted not only by natural desire to see the picture, but also by the great amount of publicity they received in New York from persons and organizations opposed to the showing of them, many Putnam people came out to see the film, which give an amazing portrayal of the vice traffic in New York and give a lesson against falling into evil that should be valuable to many young people.

CONTESTED DIVORCE CASES.

Judge Shumway Reserves Decision After Hearing Evidence in Moran Case.

At the session of the superior court here Monday, Judge M. A. Shumway in the contested divorce case of Claude R. Moran vs. Lily May Moran, commenced Friday, was taken up at the opening of the session in the morning and was not concluded until about 3:30 in the afternoon. Judge Shumway reserved his decision.

During Monday's session another large group of witnesses testified in the case. Practically all of the witnesses of East Killington, the home of the contesting husband and wife. As has been the case since the trial commenced there was much spiciness during her minority on whatever ground the decree is sought.

When court adjourned Monday afternoon it was until this (Tuesday) morning, when the criminally charged prisoners will be put to plea.

Money Saved by Making Your Cough Syrup at Home

Takes But a Few Moments, and Stops a Hard Cough in a Hurry.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 1/2 pint of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. Take a teaspoonful every one, two or three hours. It keeps perfectly. You will find it one of the best cough syrups you ever used—even in whooping cough. You can feel it take hold—usually conquers an ordinary cough in 24 hours. It is just laxative enough, has a good tonic effect, and the taste is pleasant.

It is a splendid remedy, too, for whooping cough, spasmodic croup, hoarseness and bronchial asthma. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in guaiacol and other healing pine elements. No other preparation will work in this formula.

This plan for making cough remedy with Pinex and Sugar Syrup is now used in more homes than any other cough remedy. The plan has often been imitated, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.
