HOW FRENCH PEOPLE CURE STOMACH TROUBLE.

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down town druggists of Chicago.

So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Stomach Remedy and can be now had at almost any drug store. It is now sold here by Engler's Drug Store.
