The pimples fastened and came to a head and would itch and smart as I had to scratch them and of course this made my face disfigured for some time. THOUGHT SHE COULDN'T LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong. "I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years. If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Mrs. Sara Thompson Kinney of Hartford, honorary state regent of the D. A. R. is to be the guest here tomorrow (Wednesday) afternoon at a luncheon to be given in her honor by the Baptist church by the members of Elizabeth Porter Putnam chapter, D. A. R.

The luncheon will be one of the most important events of the year in the activities of the local chapter and will be in state of the largest. Representatives of chapters throughout Connecticut and to the number of about 100 are expected to be present.

Annually for a considerable period it has been the custom to give such a luncheon in honor of Mrs. Kinney, who is covered by all members of the organization and the one to be held here tomorrow afternoon is the sixth of the series. The other luncheons have been given in the larger cities of the state—Hartford, Danbury, Bridgeport and New Haven.

Curtis and jury in the Superior court here tomorrow (Wednesday) at 10:30. Mrs. Lawson has recovered some of her strength and her condition Monday was such as to warrant the belief that she will be able to appear in court again Wednesday unless she is seized with another and more serious illness. She is now at her home in Woodstock. By Saturday she had recovered in considerable degree from the attack of heart trouble that prostrated her Thursday morning, but she is not strong by any means.

OUR PLATFORM Reduce the high cost of living

Without reducing the High Quality of what you Eat

Talk about injustice! - In spite of the fact that groceries and meats have been steadily soaring in price for years, some people actually have the impudence to blame the women who have had to pay these high prices. They say this high cost of living has been due to the reckless extravagance of the housewives. NOW you can EFFECTUALLY repel this slander!

Now comes the chance for the women to strike back at these unfair and unmanly accusations. The introduction of the SERV-US Brand Foods gives her the opportunity to rebel and show her determination to get a square deal. She can now demand the best grades at the lowest prices. Let her insist on getting the SERV-US Brands from her grocer. Let her refuse to pay the extra charges for nothing but questionable quality.

gratitude from every true American citizen for their interest in this cemetery which has been sadly neglected for several years. Here are the graves of not only Revolutionary heroes and many soldiers of Civil war but those of most of the men and women who first toiled to form the town and village of Plainfield. This was the old burying yard of the village where the first settlers and their families were laid to rest and the society that has changed it into its present neat condition has shown a good work.

Not Patented. Co-operation is the keynote in successful accident prevention work. Many large manufacturers who have designed accident prevention devices for their own use have not patented them in order that others may utilize their ideas. A large railroad company which has designed all of the accident prevention apparatus in use in its machine shops is willing to furnish blueprints of the devices to those who desire to install them in their plants.

Soldier's Meek Trying Position. The average soldier finds the most terrifying position to be that of standing motionless in the front rank, exposed to the enemy's fire without being able to reply. The order to advance or to charge with fixed bayonets is then received as a release from agony. Movement, even into greater peril, distracts the mind and greatly reduces the mental anguish.
