Members of 1909 Review Five Years—Miss Coy, Following Resignation, Tendered Complimentary Outing—Casey-Clancy Marriage—Miss Willard Displays Fifteen Fine Trout.

The annual convention of the West Jersey Press association will be held at the Ocean house, Watch Hill, next Saturday, Sunday and Monday. The party, numbering about 150, will come from New York to New London by boat from Watch Hill to the station at Watch Hill, where they will board the steamer Watch Hill for Watch Hill. After breakfast they will be invited by a committee of the Board of Trade, with Major Arthur N. Nash acting chairman, to take an automobile ride to adjacent beaches and into the woods and school. It is the custom of the members to be required to accommodate the party, and Major Nash is delighted in soliciting the use of the automobiles for the purpose. Although the owners ordinarily use their automobiles on Saturday more than any other day, it is believed they will in accordance themselves to show hospitality to the strangers and demonstrate the beauty of the West Jersey as a residential place and the natural advantages for manufacturing industries.

Two years ago when Canadian newspaper workers visited West Jersey they were accorded like hospitality, but the number of visitors was small in comparison with the number which will arrive at Watch Hill from New Jersey next Saturday.

The commencement exercises of the eighth grade were held Wednesday in the Elm street school, and there was a large attendance of friends of graduates and school. It is the custom to have the awarding of diplomas the feature, and the pupils are not required to take part in any prearranged program.

After the singing of an opening chorus, Principal Susan T. Nye made a brief speech of welcome and then called upon William D. Bacon, president of the school. Mr. Bacon addressed the graduating class and urged the members to continue in their studies by taking at least the high school course.

Principal Nye then presented Mrs. Edward M. Burke, regent of Phebe Greene Ward chapter, D. A. R., and a former member of the school. Mrs. Burke made a few remarks of congratulation and encouragement and then awarded the cash prize, \$5 in gold, for excellent work in the school, by Phebe Greene Ward chapter. The winner was John Patterson of the seventh grade.

The diplomas were awarded by Dr. Albert H. Spicer, Sr., chairman of the school committee, to the 64 graduates. Principal Nye made the closing remarks and made the presentation of diplomas in the grammar school, and gave wholesome advice to the graduates.

The fifth anniversary of the graduation from the West Jersey High school, class of 1909, was observed Wednesday evening by a class dinner and reunion at the Rhode Island, which was presided by the class president, a member of the class. There were 23 present and the exercises were of an informal nature. Mr. Maddock presided and made the address. The dinner was followed with remarks by nearly all in attendance. The pleasant affair was arranged by a committee composed of Arthur L. Mather, chairman, Charles E. Champlin of Bridgeport and Miss H. Margaret Pagan of West Jersey.

This morning the members of the class will attend the closing exercises of the West Jersey High school and will probably participate by singing the class song. Some ten out of town will remain in the city to attend the commencement exercises in the town hall this afternoon.

She received a number of gifts from the teachers and as a token of the appreciation of her school associates she was handed a \$10 gold piece. Miss Coy expressed cordial thanks for the honors shown her.

The Maxsons are located in Santa Barbara, where the elder Maxson is the general manager of a large plantation financed by a New England corporation. The venture has proven a complete success. Miss Willard is a lover of outdoor life and has hunted in the south and west and is the possessor of numerous animal specimens as evidence of her marksmanship.

The time was when West Jersey boys participated in wheel races as winners, and the greatest of these was the formation of the West Jersey Cycle club, which has become a permanent social organization. While the coming of the motorcycle caused local interest, none of the riders entered in races for prizes, as was the rule when bicycles were in their prime, but there are indications that the West Jersey riders will be competitors in motorcycle races before long. A number of West Jersey people are planning to attend the motorcycle races on the Norwich grounds on the afternoon of July 4th, which indicates a revival of local interest in these exciting sports.

HAIR FELL OUT WITH RINGWORM. Burned and Itched So Scratched Until Blood Came. Cried Herself to Sleep. Cuticura Soap and Ointment Cured in Three Weeks.

161 Harrison St., Pawtucket, R. I. — When I first noticed the ringworm on my little girl it was just a tiny little spot below the eye. It moved so that it got around the temple, finally it moved into her hair and the hair fell out on the spot where the ringworm was. By this time it was larger than half a dollar. It burned and itched so she would scratch until she blood came and she would cry herself to sleep. In the morning the pillow would be covered with blood and humor where she would have scratched it in her sleep. During the day she was miserable.

"I used ——— as well but they did her no good for the ringworm was getting bigger and bigger. I had given up hope. At the end of five months I read about the Cuticura Soap and Ointment so I sent for them right away. It then brought some more and used them according to directions and in less than three weeks she was quite cured. In four weeks the hair was growing thickly over it so that you would not know she had a sore." (Signed) Mrs. Corbett, Nov. 30, 1913.

A single case of Cuticura Soap (25c) and box of Cuticura Ointment (50c) are often sufficient when all else has failed. Sold throughout the world. Sample of each mailed free, with 25-c. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.
