CONSERVATOR RECOMMENDED.

Selectman Think Jane Bligh May Dissipate Property.
The selectmen of the town of Windham have petitioned the probate court for the appointment of a conservator over the person and property of Jane Bligh, on the ground that she has some property and is unable to care for the same properly. Mrs. Bligh has lately shown suicidal tendencies, throwing herself into the small pond near the Willimantic cemetery recently with intent to kill herself, but was rescued shortly afterward. She has lately disposed of some property, and the authorities feel that she should be looked after. A hearing has been appointed for the morning of July 16th at 10 o'clock.

Quick Stops of Car Prevents Collision.

Good brakes and their prompt application prevented a bad accident on Tuesday morning near the Oaks on the Windham road. A two-horse dumpcart loaded with gravel came out of the street just east of J. S. Donahue's residence, at the same time the trolley car, which reaches the railroad crossing around 10 o'clock came along. The driver of the cart could not see the car, as his view was cut off at the point by the hill. The motorman, however, saw the cart in time to work his brakes and bring the car to a stop within a few feet of the cart. The passengers on the car were considerably shaken up by the sudden stop, but none was hurt.

SOUTH COVENTRY BOY DROWNS

Herbert LaPierre Loses Life When Canoe Capsizes on Meriden Lake.

Hubert LaPierre, 25 Meriden, head night nurse at a sanatorium there, went out in his green canoe, Gaby at Hanover lake Sunday morning, intent upon spending a day at his favorite pastime before leaving Monday morning on a three weeks' vacation trip to Canada. The canoeist, was perhaps thirty-five feet from the bank when he lost his paddle.

He made a quick lurch for it. The canoe was over in a twink and without a sound LaPierre disappeared in the water. Clarence Royce, a South Meriden boy, dove into the water with his clothes on and swam toward the spot where LaPierre had gone down. LaPierre's body came up only once, and then Royce was still some distance away. Royce tried bravely to dive twenty feet to the bottom of the lake to recover the body but in vain and finally he had to be taken into a boat by Raymond Savage so exhausted he could hardly move.

Undercliffe, was notified and arrived in his automobile in time to take part in the attempts to recover the body with grapples. At 4:30 the rowboat in which were Edward Hart, Edward Montemurro and Ernest Parrett was successful and LaPierre was taken to shore to await the arrival of Medical Examiner Bradstreet. He gave the body into the custody of the undertakers, and it was removed to their establishment. LaPierre's parents arrived from South Coventry by automobile at 2 o'clock Monday morning to take charge. The blow was a crushing one to them and Mrs. LaPierre was prostrated.

LaPierre was very well liked and his friends speak of his devotion to his parents. He was in his fourth year at Undercliffe and was well paid. He lived with Edwin Johnson in Lincoln court.

The young man was born in Montreal and was graduated from St. Louis college in that city. His father is Eugene LaPierre, a wealthy retired boot and shoe manufacturer of South Coventry. He was their only child.

On account of the means of his parents as well as his own earnings LaPierre was able to travel much and some time ago made a tour of Europe with Dr. Dinnan. They were fast friends.

The family's relatives and many friends are in Canada and they were notified of the body's death. The parents took the body to Montreal, leaving on a train Monday night, and burial will be in the family plot in Montreal Catholic cemetery.
