

DANIELSON AND PUTNAM NEWS

Salem Benefit Whist Clears \$45—No Morning Milk Car Service Promised—Turk Shoots at Countryman—Both Danielson Motorcyclists Finish Endurance Run.

Rev. Alferie Chartier, M. S., is to remain with relatives in this vicinity for about two weeks before returning to Hartford, where he is to be stationed.

Mr. and Mrs. Harold Bigelow of Worcester, who have been visiting here, have gone to Quonochontaug.

Mr. and Mrs. John Jaeger, Miss Emma Rivers and Fred Goulin, motored to Salem Sunday to see the ruins caused by the big fire.

Mr. and Mrs. D. E. Jette and their daughter, Miss Georgia, motored to New Bedford Sunday, accompanied by Everett O. Wood.

Charles Adams visited with friends in Willimantic Sunday.

Charles B. Wheatley, who has been ill at his home on Broad street for the past week, was reported Monday as being in a critical condition.

George Baribeault of Norwich, formerly of Danielson, was a visitor here Monday.

Peter Bassett of Providence, who is studying to become a chemist, spent Sunday at his home in Danielson.

Council Margaret De Roberval of the Union St. John Baptist netted \$45 from a whist for the benefit of the Salem fire sufferers.

Mr. and Mrs. Venerand Chartier of Boston spent Sunday with relatives in Danielson.

"Practice Games." That little notice in the Bulletin of Saturday about the All Stars and the Sachems of Norwich coming to Danielson and Attawaugan for practice games, in view of the trimming given both the Norwich teams, has caused the little amusement among the fans in this town.

Out of a batch of five prisoners presented in the town court Monday morning, on charges of intoxication or camping or both, four were sent to jail, two of the men to serve 90 days, two to serve 30 days, each.

There is to be no morning milk car service to Providence out of Danielson during the summer months, as many milk producers hoped would be the case.

Officers in the northerly section of

REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation, and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy.

If you want special advice write Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

The town were searching Monday for a Turkish resident of the village of Williamsville, who was wanted for having fired a revolver at a fellow countryman in that place Sunday afternoon.

Camps at Old Killingly Lake. Old Killingly lake, one of the most beautiful of the smaller sheets of water in Connecticut, is becoming a great attraction for Danielson people.

The Dodge Pest. The nerve of some distributors of advertising matter in Danielson for out of town concerns is not in the least affected by the hot weather.

FUNERAL. William W. Sherman. Funeral services for William W. Sherman, 72, who died at the home of his daughter, Mrs. Walter Cogwell, at Melrose, Mass., Friday, were conducted by Rev. H. B. Goodsell of the South Killingly Congregational church in the Westfield Congregational church here Monday at 11:30.

DANIELSON RIDERS FINISH. Burnett and Colvin Were Among the Twenty-Five Motorcyclists Who Have Perfect Scores.

Out of the 48 riders who left Worcester Saturday evening on the 24-hour annual run of the Motorcycle club of that city over a course of 530 miles through Connecticut, New York, Massachusetts, only 25 finished with perfect scores, on the return to Worcester on Sunday evening, and among the number were William N. Burnett and Alanson Colvin.

FIRE AT CONNECTICUT MILLS. Soon Extinguished—Loss Merely a Little Yarn and Finished Dusk.

There was a lot of excitement stirred up about 7:30 Monday evening when an alarm for fire came in from the private box of the Connecticut mills at Industrial place. The fire was in the boiler room of the upper mill, and was quickly extinguished by the mill sprinkler system and the Mill Hose company.

PUTNAM. Attendance of 800 at Salem Benefit Concert—Lucier-Berthiaume Wedding—Jury List Drawn by Commissioners—Room Being Fitted for Bar Library.

At St. Mary's church this (Tuesday) morning there is to be an anniversary requiem high mass for Mrs. Mark Wilson, whose funeral took place a year ago today.

Funeral of Mrs. Charles Underwood. At Woodstock Sunday afternoon the funeral of Mrs. E. Underwood, 68, wife of Charles Underwood, took place.

FUNERAL. Mrs. Cyril Remillard. At St. Mary's church Monday morning there was a high mass of requiem at the funeral services for Mrs. Cyril Remillard, 67, who died at her home here Friday.

Commissioners in Session Monday Draw Names from the Fifteen Towns of the County.

Thin For Years--

"Gains 22 Pounds in 23 Days"

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work I was so weak. Now thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days."

"Sargol has put just 10 pounds on me in 14 days," states W. D. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."

"I weighed 132 pounds when I commenced taking Sargol. After taking 20 days I weighed 144 pounds. Sargol is the most wonderful preparation for flesh building I have ever seen," declares D. Martin and J. Meier adds: "For the past twenty years I have taken medicine every day for indigestion and got thinner every year. I took Sargol for forty days and feel better than I have felt in twenty years. My weight has increased from 150 to 170 pounds."

When hundreds of men and women—and there are hundreds with more coming every day—living in every nook and corner of this broad land voluntarily testify to weight increase ranging all the way from 10 to 35 pounds given them by Sargol, you must admit, Mr. and Mrs. and Miss Thin Reader, that there must be something in this Sargol method of flesh building after all.

Hadn't you better look into it, just as thousands of others have done? Many thin folks say: "I'd give most anything to put on a little extra weight, but when someone suggests a way they exclaim, 'Not a chance. Nothing will make me plump. I'm built to stay thin.'" Until you have tried Sargol, you do not and cannot know that this is true.

Sargol has put pounds of healthy "stay there" flesh on hundreds who doubted, and in spite of their doubts. You don't have to believe in Sargol to grow plump from its use. You just take it and watch weight pile up, hollows vanish and your figure round out to pleasing normal proportions. You weigh yourself when you begin and again when you finish and you let the scales tell the story.

Sargol is absolutely harmless. It is a tiny concentrated tablet. You take one with every meal. It mixes with the food you eat for the purpose of separating all of its flesh producing ingredients. It prepares these fat making elements in an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well developed persons don't need Sargol to produce this result. Their assimilative machinery performs its functions without aid. But thin folks' assimilative organs do not. This fatty portion of their food now goes to waste through their bodies like unburned coal through an open grate. A few days' test of Sargol in your case will surely prove whether or not this is true of you. Isn't it worth trying?

If you want a beautiful and well-rounded figure of symmetrical proportions, if you want to gain some solid pounds of healthy stay-there flesh, if you want to increase your weight to normal, weigh what you should weigh, go straight to your druggist today and get a package of Sargol and use it as directed. Sargol will either increase your weight or it won't, and the only way to know is to try it. A single package of Sargol easily enables you to make this test. Sixty days' use of Sargol, according to directions, is absolutely guaranteed to increase your weight to a satisfactory degree or your druggist will refund all the money you have paid him for it. Sargol is sold by leading druggists everywhere and in Norwich and vicinity by

LEE & OSGOOD CO.

An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on "drugging their stomachs" or stuffing it with "crummy foods," robbing it of its natural "fresh cream," or following some foolish physical culture stunt, while the true cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat. That is why so many patients, after scientific discovery, it is now possible to combine into simple form the very elements needed to make digestive organs to help them convert food into rich, fat-laden blood. This master-recipe of modern chemistry, called Sargol, and has been termed the greatest of flesh-builders. Sargol aims through its reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food, and carry them into the blood, where they are carried to every starved, broken-down cell and tissue of your body, and there they are deposited. The result when this amazing transformation has taken place and you notice the extra weight, is that Sargol has disappeared and you take on from 10 to 20 pounds of healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Lee & Osgood and other leading druggists will refund your money if you are not satisfied, as per the guarantee found in every package of Sargol. Caution—While Sargol has given excellent results in overcoming nervous dyspepsia and general indigestion, it should not be taken by those who do not wish to gain ten pounds or more.

How Thin People Can Put On Flesh

A NEW DISCOVERY. Thin men and women, that big, heavy, muscular men, and fat men, what became of all the fat-producing nourishment it contained? You haven't gained weight, and you're not. That food passed from your body like unburned coal through an open grate. The food that you eat, but your food doesn't work and stick, and the plain truth is you hardly act enough to get the food into your system to pay for the cost of cooking. This is true of thin folk the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction. Get out the food and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating, and you'll eat with every one of those single Sargol tablets. In two weeks note the difference. Eat to eight pounds, and you'll be healthy. "Stay there" fat should be the result. Sargol, too, mixes with your food and prepares it in a most easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while eating Sargol. Sargol is a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and you may buy them at other dealers sell them subject to an absolute guarantee of weight increase or money back.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight, and get pounds of healthy, "stay there" fat should try eating a little Sargol with their meals. This little Sargol tablet is a good test worth trying. First weigh yourself and measure yourself. Then eat Sargol with every meal, and what your friends say and think. The scales and the tape measure will tell their own story. In the first four days by almost any man or woman can easily add from five to eight pounds in the first fourteen days by almost any man or woman. And best of all, the new flesh stays put. Sargol does not itself make fat, but mixing with your food it turns the fats, sugars and starches of what you have eaten into the fat-producing elements for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste, and makes the fat-producing contents of the very same meals you are eating healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Lee & Osgood and other leading druggists sell it in large boxes—forty tablets—followed by a guarantee of weight increase or money back.
