thirsted and so-called. Mr. Dolan and
Miss Stutz had never enjoyed as a
team previous to this engagement, and
Miss Stutz and Mr. Harder in the
Willimantic Tango Saturday night
formed an entirely new combination.

Those who have attended the carnival
have a complete notice of the residents
of the city and vicinity, have enjoyed
witnessing all of the latest steps per-
formed by accomplished dancers, and
many words of praise for the commit-
tee have been heard about the floor.

All of the attractions were well pat-
roned Saturday night. Tonight there
will be a prize waits for local couples,
with three judges selected by the com-
mittee and to be held up for a
time until it could be ascertained
whether the town or city should pay
for it.

Improving Patrolmen's Room.
The patrolmen's room at police
headquarters will be warmer the
coming fall and winter than it has
been. At their last meeting the board
of aldermen authorized the making of
changes there and the installation of
new steam pipes. Plumbers are now
at work on the job, and it is in-
creasing the heating capacity, which
has not been great enough in severe
cold. Later the entire interior of the
station will be touched up, paint and
varnish put on where required, and
some badly needed plastering done.

This last work was held up for a
time until it could be ascertained
whether the town or city should pay
for it.

Thirst Quenching

THE quenching of the "summer-thirst" is not a simple
matter. Ice water chills the stomach and often is not
pure. Carelessly made summer drinks are likely to
contain impurities. Pure beer is always reliable.
