NATCHAUG SCHOOL OPENING

Will Be Delayed, Probably Until Monday, Sept. 14.

Indications are that the new Natchaug school, the second of the splendid additions to Willimantic's school system in course of erection, will not be ready for the opening day, Tuesday, Sept. 8.

It was decided to throw the shower baths connected with the gymnasium open for the free use of men and boys from 3 to 5.30 o'clock daily.

From 5 to 5.30 they will be open for boys under 16, and from 5 to 8.30 for men. A charge of five cents for towels will be made, but there will be no charge if these are furnished by the bathers.

Tuesday and Thursday afternoons, as long as the weather is suitable, Physical Director Bicknell will conduct swimming classes for the boys of the town from 2.45 to 4.45 p. m.

The place chosen being the Willimantic river, just above the Jacob's boat landing. The first class will be held this afternoon and will be composed of members of the Y. M. C. A.

The meeting of the board otherwise was concerned with routine matters of business.

To Participate in Hartford Parade. The members of Co. L, First C. N. G., of this city, at a recent special meeting voted to take part in the proposed parade of the First Infantry at Hartford during the meeting of the Connecticut Fair association at Chas. Oak park next week.

High School Condition the Same. The situation in regard to the opening of the new high school remains the same for the present.

Medical Association Meets With Dr. Girard. The regular monthly meeting of the Willimantic City Medical society was held Wednesday evening.

Fire Department Inspection. To Be Held Soon—Mayor Compliments Chief Maynard and Department.

Following a suggestion made to the common council by Mayor Archibald Macdonald, that body has voted in favor of an inspection of the local fire department, this inspection to follow the usual form, a parade of the men in uniform and a review by the city officials.

The council has instructed Chief Maynard to see the waste boxes, rubbish old Cans, dirty cinders or any other hazard or condition that creates a fire hazard or gives his attention to the streets and to take action for the abatement of any such dangers.

Another matter upon which the council has taken action is relative to the height of awnings from the sidewalks, which in accordance with a city ordinance shall clear the street by a least seven feet. It is understood that the regulation is to be rigidly enforced and any contractor not complying with the regulation is a fine of \$25.

The council has also voted that Farrow street be laid out in accordance with a survey made by the city engineer.

Members of the fire committee of the common council are to make an investigation as to needed repairs at the Smith street fire station and will report back to the council.

Body in Mill Race. The body of an unknown man was found lodged against the gate in the fall race at the mill of the Hammonds Knott and Company, which also shares the power from the race in front of the gate.

There were no marks of violence on the body and as no one has been reported missing it is probable that the man is one of the army of wandering workmen that pass through the mill towns. It was evident that the man was a laborer. He wore cheap but good clothing. He had on a dark brown striped suit, an outing shirt with a fine blue stripe, a black bow necktie and new shoes. He was apparently forty to forty-five years old, light brown hair, bald on the front of head, clean shaven and would weigh about 160 pounds. In his pockets were found three pipes, two cigars, a package of tobacco and fifteen cents.

Nothing in the pockets gave any clue as to his identity and there were no marks on the clothing. The skin was beginning to peel from the top of the head, one hand and the face and it appeared that the body might have floated for some distance and had just come to the top. The medical examiner gave permission for the removal of the body to Smith's undertaking rooms and a review of the body cannot be located it will be buried by the town.

Miss Rena B. Smith is spending several days with friends in Middletown. William Caron, Leo Lavalle, and Adrian Baril left Tuesday for St. Hyacinthe, P. Q. Canada, where they will attend the St. Hyacinthe seminary.

Many relatives and friends were in attendance at a month's mind requiem high mass, which was celebrated at 8 o'clock Wednesday morning in St. Mary's church by Rev. J. V. E. Belanger for the late Mrs. Mary Sullivan. The mass was requested by the Rosary society, of which the deceased was a member.

Miss Irene Sullivan returned to her home in Hartford, Wednesday, after spending the summer with Postmaster and Mrs. Thomas J. Sullivan.

A Practically Perfect Preparation.

YEARS of experience have enabled Mr. Fletcher to make Castoria a practically perfect preparation. These years of labor: the amount of money required to introduce its merits to the public: the investment in its manufacture, including the most modern machinery, mean a vast amount of invested capital. It follows that the greatest care is exercised in the selection of each ingredient, and the greatest attention is paid to every detail of its preparation. The result is the practically perfect preparation in the finished product; Fletcher's Castoria.

Herein lies the guarantee of the absolute safety in the use of Fletcher's Castoria for the baby, and the warning against irresponsible makers of imitations and counterfeits. The signature of Chas. H. Fletcher that is printed in black on the wrapper and red on the bottle is the mother's safeguard.

Extracts from Letters by Grateful Parents to Chas. H. Fletcher.

Mrs. John W. Derrick, of Lexington, S. C., says: "My children cry for Castoria, I could not do without it." Mr. and Mrs. J. A. Gaines, of Ripley, Tenn., say: "We enclose our baby's picture hoping it will induce some poor tired mother to give your Castoria a trial. We have used it since baby was two weeks old."

Mrs. J. G. Perman, of Nashville, Tenn., says: "The perfect health of my baby is due to your Castoria—the first and only medicine he has taken. He is never satisfied with one dose, he always cries for more."

Mr. and Mrs. A. L. Johnson, of Stevens Point, Wis., say: "When our baby was two weeks old he cried so much we did everything for him, then got some Castoria and he is now strong and fat. We would not be without it, and are very thankful to you."

GENUINE CASTORIA ALWAYS BEARS the Signature of Chas. H. Fletcher.

CIRCLE OF STEEL AROUND PARIS READY FOR PROTRACTED SIEGE BY THE GERMANS

This map shows the positions of the wall of masonry surrounding the city of Paris proper and of the ring of forty-five forts and batteries—defending the city and its environs. This circle of defenses cover a sweep of eighty-five miles, and 600 miles of territory are protected. The forts have been modernized or are new. Since the Germans captured Paris in 1870 France has spent nearly \$300,000,000 on its fortifications for just such an emergency as it now faces as the German army sweeps nearer.
