Marriage of Alexander Craig Taylor and Miss Annie Graham McDougall—Ceremony Performed by Rev. C. H. Ricketts—Other Local Happenings.

A very pretty home wedding took place Thursday evening at the home of Mr. and Mrs. John MacDougall of 36 Sixth street when their daughter, Annie Graham, was united in marriage with Alexander Craig Taylor.

The bride was given in marriage to the groom by the Rev. Charles H. Ricketts, pastor of the Greenville Congregational church.

The bride and groom were accompanied to the strains of the Lohengrin wedding march played by Mrs. Archibald P. MacDougall. The bride, who was escorted by her father, wore a gown of white crepe motor cut on train and trimmed with point princess lace and pearl ornaments and carried a shower bouquet of bridal flowers.

The groom's gift, a pearl and diamond sunburst. Miss Elizabeth C. MacDougall, the bride's sister, was maid of honor. She wore a gown of white crepe de chine and carried an arm bouquet of pink roses. Archibald Mitchell, 4th, accompanied Mr. Taylor as best man.

The bride's gift to the maid of honor was a string of pearls, while the groom gave the best man a pair of gold cuff links.

The decorations throughout the house were very effective, consisting of asters and hydrangeas. In the parlors pink and white predominated. This color scheme was carried out in the dining room, the bride's table being decorated with single white asters and pink roses. Lavender and white were used in the library and hall.

After the ceremony a supper was served. Only members of the family were present at the ceremony and reception owing to illness and a recent death in the groom's family.

The gifts to the bride were numerous and exceptionally beautiful, and consisted of silver cut glass, china, linen and furniture.

The bride and groom left by automobile for a wedding trip. Upon their return they will reside at 120 Broadway. The bride's going away dress was a brown broadcloth suit with velvet hat to match.

Mr. Taylor is the resident manager of the Davis theatre. The many friends of the young couple wish them a very happy and prosperous life.

SAFE CRACKED AT YANTIC STORE

Burglars at Work Early, Thursday Morning—Secured About \$50 in Stamps and About \$40 in Money—Two Heard Explosion When Safe Was Blown Open—Two Men Seen Leaving the Building Afterwards.

Burglars broke into the Yantic general store and postoffice between 3 and 4 o'clock Thursday morning, blew open and rifled the safe and made a clean getaway leaving only their tools behind them as clues. When James Kelly passed the postoffice which is located in the store conducted by W. E. Manning he noticed that the door was open. Mr. Kelly is superintendent of the Yantic farms and was on his way to work at the barn at the time which was about 5:20 o'clock. He notified Mr. Manning, who at once investigated. On entering the store he found that the burglars had completely wrecked the safe and the doors, outer and inner, were on the floor. They took a money box containing about \$40 and also carried off about \$50 worth of stamps. They used a lamp found in the store and a box of cookies on the counter, taking the bag presumably to carry away their loot.

While cleaning up the store locals were found in the debris, including a big monkey wrench, a broken chisel and a screw driver. The intruders forced their way into the store with the aid of a chisel with which they pried open the Yale lock on the front door. Their haste to get away the burglars overlooked \$20 in stamps which was in a box that fell on the floor, and also \$20 in change which was in the safe all ready for the clerk.

An examination of the safe showed that nitroglycerine had probably been used and that the colorless dyeing oil and the combination had been knocked off to make a place into which to pour the nitroglycerine.

The intruders pried off the inner lock of the safe. The safe was worth about \$75 and Mr. Manning estimates his total loss at \$200.

Thirteen persons were notified and Policeman Michael Carroll was sent to look the store over. He found no clue to the burglars. This is the third time since last April that thieves have been active at the postoffice.

The report of the explosion was heard by two women in the nearby boarded-up house and one of them saw the men walking towards the railroad track. The watchman at the mill also heard the explosion, but thought it was a torpedo on the Central Vermont railroad track.

enough! Most of the 16 classes are filling readily enough. There are plenty of best natured babies, at least it looks that way to a cursory observer, and certainly there is bound to be a smallest baby and a fattest one. But one fond Norwich parent who brought in her plump little eight months old daughter was asked by the manager if she couldn't possibly supply a red-headed one. The mother thanked heaven that she could not.

Now there ought not to be anything against a red-headed baby. Of course, the color of a trifle more conspicuous than others, but the color is very blue almost always is associated with and energy and a whole lot of other desirable qualities. Red-headed people have done a lot of the work of the world, and especially in some sections of it, and it is opined that these famous red-heads must have been red-headed babies some time in their illustrious careers. But the New London county fair baby show manager almost believes that the color is dying out. Or perhaps it is out of fashion and is being dyed out. (See the difference?) Anyhow, there are four more days' ready for red-heads to show up and take the place that is waiting for them.

For the accommodation of the little folk of the Red-headed babies, all that can be done is being done. The latest refinement to date is the provision of sanitary drinking cups for the baby show tent by Utley & Jones.
