SALARY LIMIT OF MINORS REDUCED

Classes A and B Leagues Adopt a Horizontal Reduction of 20 Per Cent.—President Herrmann Declared Immediate Action Was Necessary for Preservation of Organized Baseball—Proposed to Make the Central League an Eight Team Circuit.

Omaha, Neb., Nov. 11.—A horizontal reduction of 20 per cent. in the salary limit of minor league clubs was the recommendation today of the committee on constitutional revision of the National Association of Professional Baseball Leagues.

President Herrmann reviewed last year's financial results of the baseball business and declared that immediate and drastic action was necessary for the preservation of organized baseball.

There must be a greater economy in the operation of the business department of the association, said Mr. Herrmann. "The time is past when 'angels' can be called upon to support the business."

Mr. Herrmann told of his conference with Federal league officials and declared that all his talks had been in an individual capacity and not as a representative either of the national association or of the Cincinnati baseball club.

GARRY HERRMANN TO SELL CHICAGO CUBS

Charles Weeghman May Acquire the Team.

Signs point strongly here to the acquisition of the Cubs in the near future by Charles Weeghman, owner of the Chicago Federals, and it seems likely that a peace agreement will be reached soon after the deal is put through.

After the conference Mr. Herrmann admitted that he had been commissioned to sell the Cubs.

"I have," he said. "Mr. Taft imposes one condition and that is that organized baseball shall remain on the Cubs, and all I can say is that we are progressing."

PEACE BETWEEN FEDS AND ORGANIZED BALL NEAR

President Gilmore Says That Negotiations Will Soon Be Made.

Chicago, Nov. 11.—President James A. Gilmore of the Federal league expressed the opinion here today that peace between the outlaw league and organized baseball was near and that the negotiations might be concluded at a conference tomorrow in Chicago between President Garry Herrmann of the national association, President Ben Johnson of the American league and Charles H. Weeghman of the Chicago Federal league club.

He declared that if the plan under consideration goes through, control of the Chicago Cubs team will be acquired by Charles H. Weeghman and his business associates and that the club will play on the North Side, which will be enlarged and improved for its new use.

Among other statements made by President Gilmore were: "That no city would have more than two clubs next season under the reorganization."

"That the Federal league teams not absorbed by the major league in the reorganization would be incorporated into another league with perhaps a new name."

"That there would be no International league teams in Baltimore, Buffalo or Pittsburgh."

"That Garry Herrmann did not act as a private individual in his recent conference with President Weeghman at which peace plans were discussed."

CARLISLE INDIANS TO PLAY THE ALL STARS.

Proceeds of the Match to Go to Charity.

A team of old Harvard, Yale and Princeton football players will play the Carlisle Indians in a match game at the Boston American league baseball park on Saturday, Nov. 28.

The Canadian league, with a club in Erie, Pa., has felt the war, said officials of that league stated they expected to go through the season, although permission was granted them to retain their standing if they found it necessary to disband for a year.

A question arose as to the likelihood of the Northwestern league playing ball next season, the European war, it was said, having made very precarious the likelihood of the 1915 season being profitable.

Animated discussion over the limits of Classes A and B resulted in the case going over until tomorrow. Several representatives of these small minors declared they would be unable to exist with the proposed salary limitation. Classes A and B made no protest and the limitations were accepted.

There was considerable discussion outside the convention of what may be expected to result from further conferences between members of the national commission and officials of the Federal league.

BARRETT LEADS COLLEGE FOOTBALL SCORERS.

Cornell Star Has Scored 10 Touchdowns.

Barrett of Cornell is the individual football star, according to figures issued last night. The list shows the number of touchdowns, goals after touchdowns and goals from field.

Virginia—Touchdowns, Mayer 13; goals, Barker 20; field goals, none. Dartmouth—Touchdowns, Gies 11; goals, Purditt 16; field goals, none.

Michigan—Touchdowns, Maubetsch 11; goals, Hught 22; field goals, Spaw 5. Cornell—Touchdowns, Barrett 10; goals, Barrett 17; field goals, Barrett 4.

Pittsburgh—Touchdowns, Hastings 5; goals, Fry 2; field goals, Hastings 2. Illinois—Touchdowns, Fogue 4; goals, Macomber 17; field goals, Macomber 4.

Touchdowns, Le Gore 6; goals, Le Gore 15; field goals, none. Army—Touchdowns, Hodgson 8; goals, Benedict 17; field goals, none.

Chicago—Touchdowns, Russell 4; goals, Schaffer 6; field goals, none. Leharon Valley—Touchdowns, Merrill 2; goals, Saebach 4; field goals, Matthews 2.

NEW MEN FOR GIANTS.

Princeton Third Sacker Latest Acquisition by McGraw.

The New York Giants have procured the most costly collection of players since a major league club has made many a day, through the secret draft in vogue this season.

The highest prize the Giants drew was Ralph Stroud, the former Detroit pitcher, who was drafted from the Sacramento club. Last season Manager McGraw wanted to get Stroud to strengthen his pitching staff.

There are several other players the Giants have landed for whom large sums were offered last season. Among these are Alvin Gipe, a left handed pitcher, from Seattle, Wash.

On the recommendation of Bill Clarke, the Princeton baseball coach, the Giants have signed Bob Reed, the Tiger third baseman. Reed was out of the game last spring because of a broken ankle, but Clarke says that he is in good shape now and is the best third baseman that has been at Princeton in many years.

pitching for the last few seasons on the United States marine team in Washington, and last season struck out twenty-one men in a game. Carl W. Scull is another drafted pitcher from Middletown, N. Y., while Fred Cook, a right handed pitcher, was obtained from Columbus, Ohio.

Another pitching star obtained by Scout Kinsella is Alois Kirmeyer, a pitcher from Decatur (Ill.) club. This collection of drafted players, together with the players purchased at the end of last season, gives the team the biggest staff of players ever carried by a major league club.

Manager McGraw will take the record collection to Marlboro in February. Some changes are promised in the makeup of the Giants and there will be several new faces on the club when the next season begins.

Most of the players on the All-Star will be Harvard men, but Ted Coy of Yale is expected to play, as are Hobey Baker of Princeton and Showwin, formerly a star of Dartmouth. Among the Harvard men who are candidates for the team are Percy and Jack Wendell, Lathrop and Paul Whittington, Harry Gardner, Rex Hitchcock, Dick Lawrence, Victor Kennard, Crawford Blagden, Duno Minot and Pat Grant.

Reed was out of the game last spring because of a broken ankle, but Clarke says that he is in good shape now and is the best third baseman that has been at Princeton in many years.

Manager McGraw procures a real pitching sensation in a new Indian pitcher, named Homer O. Glass. McGraw discovered him more than a year ago, but was not able to land him because the redman was serving with the United States marines in Washington, D. C.

Glass was a star football and baseball player at Carlisle before he enlisted in the marines. He has been

FEDS WILL ORGANIZE ON MAJOR LEAGUE BASIS.

Federal League in Name and in Standing Must Continue, Declares President Gilmore.

Chicago, Nov. 11.—The Federal league will be organized on a major league basis and will continue as such under its own name, no matter what deal may be made with organized baseball, according to a statement made tonight by President James A. Gilmore of the Federal league, who declared that all the owners of the league still stood together for a fair settlement.

"There will be no deal with organized baseball which calls for the elimination of the Federal league," said Gilmore. "Our organization might consent to the transferring of one or two franchises, but the Federal league in name and in standing must continue."

PRINCETON VARSITY ROLLED UP BIG SCORE

Tigers Had Stiff Scrimmage with Scrubs—Score 21 to 0.

Princeton, N. J., Nov. 11.—The Princeton team had its last hard-worked afternoon in the new stadium in preparation for the Yale game next Saturday. The practice was characterized by a splendid spirit among the players, which brought results, the varsity rolling up a score of 21 to 0 against the scrub eleven in a 50 minute scrimmage.

There was a noticeable improvement in the team work, and the same regulation of keeping the graduate coaches on the side which was inaugurated yesterday, was in force again today.

BULLDOG TO 6 FAVORITE OVER TIGER.

Yale Outclasses Princeton in Both Line and Backfield.

Already odds of 10 to 6 on Yale to beat Princeton in the Palmer stadium next Saturday are on tap. The sharps figure the Princeton team will win by a comfortable margin. Those who have seen both teams play believe that Yale will outclass the Tigers both in the backfield and in the rush line.

Princeton suddenly improves, Yale's generalship and aggressiveness will carry the day. Hinkey has developed the passing game to such an extent that it looks as if the Jersey men will find it impossible to break it up.

YALE SCRIMMAGED IN THE NEW BOWL.

Varsity Second String Backs Scored Three Touchdowns on Scrubs.

New Haven, Conn., Nov. 11.—The Yale football team today completed its last hard work in preparation for the game with Princeton by a lively scrimmage in the new bowl. The varsity, with its second string backs, scored three touchdowns against the strongest scrub team in the university.

More than 2,000 students watched the practice today and practiced cheers and songs for Saturday's game.

Rube Oldring, it is figured, will also be let go by the Athletics. Then the report that Eddie Collins will manage the New York Americans will not come.

DOINGS IN THE AUTO WORLD

Barney Oldfield Captured Road Race Between Los Angeles and Phoenix—Louis Nikrent Came in Third—Automobile Frame Carries the Load of Different Parts—Opportunity for American Cars in European Market.

Barney Oldfield won the Los Angeles to Phoenix road race Thursday. Oldfield finished third, 17 minutes behind Nikrent, but won the race on elapsed time.

Louis Nikrent, No. 8, was second; Beaudet, No. 1, third, Bramlette, No. 19, was fourth out of fourth place by W. C. Durant, No. 2.

Running time from Los Angeles was as follows: Oldfield, 23:01:35 2-5; Nikrent, 23:18:26 2-5; Beaudet, 25:05:24 4-5; Durant, 28:01; Bramlette, 26:20:40 1-5. Nikrent was first to finish at 3:32:21 p. m. Bramlette followed at 3:52:31.

Oldfield was third at 3:56. Beaudet came in a minute later, and Durant tailed in at 4:35 p. m. Oldfield had to drag his car out of the swollen Aquafina river with a team of horses, and just outside of Glendale, nine miles from the finish, engine trouble stopped him again for a brief period.

The race was run in three legs, the first from Los Angeles to Needles, Cal., Monday; the second from Needles to Prescott, Ariz., on Tuesday.

Another distinction between the results obtained from the two is in shock absorption. Wood is the best known shock absorption material. It is used in all such sections as hammer handles, vibratory machines and places where alternating stresses or sharp vibrations cause severe repetitive stresses.

Entirely different results are obtained from the use of the two kinds of frames. The wood frame is distinctly flexible, and when one wheel of the car drops into a hole, neither the frame nor the car is rucked. The steel sill is distinctly rigid and tends to resist any such distortion.

Because the wood frame does not transmit, but rather absorbs vibration and blows, it is not subject to fatigue and therefore never breaks. A steel frame, transmitting vibration and blows, is all the time undergoing repetitive stresses which in time cause

fatigue, and dependent on the action of the service, it must in time break. Of course all the time it is undergoing these stresses it is transmitting these blows to the car in general and to the passengers.

"These are days of thrilling adventures and experiences for American representatives in Europe," said Harvey R. Stewart, foreign representative of the American Motor Car Company upon his arrival in New York the other day.

"The sea is well patrolled by British cruisers," said Mr. Stewart, "and our trip over was without incident, although there was an atmosphere of suppressed excitement that kept the passengers keyed up."

"The French factories are all closed, not from want of money, but from lack of labor. Every able bodied man from twenty-one to fifty years of age is at the front. The factory organization will be so badly demoralized at the close of the war that it will require months if not years for plants to return to full production."

"This fact should give American makers their opportunity for the cars now in the army will be short lived owing to the fact that factories are not in position to furnish damaged parts, and few cars used by the armies can ever be returned to the owners. European countries, with the exception of Great Britain, are and will be at the close of the war practically without automobiles. There should be, therefore, a great market for American cars."

George Diemer of Lima, Ohio, has just completed a trip from Chicago to the Golden Gate over the Lincoln Highway and says that it was cheaper than staying at home. Diemer decided to take the long trip as a vacation and went to Chicago, where he purchased a new car and learned to drive it. After a week of instruction at the factory he and a friend started out, after loading the car with camping paraphernalia up to a total of 4,000 pounds. Their aim was San Francisco, and they followed the Lincoln Highway the entire distance, except for several detours into Oklahoma and Montana, reaching the coast in exactly five weeks, having averaged about a thousand miles a week.

Upon his arrival on the coast Diemer disclosed his car for just \$12.50 less than he had paid for it brand new, which speaks pretty well not only for the car but for the condition of the Lincoln Highway and the roads in the West.

A SCENE FROM "POTASH and PERLMUTER" AT DAVIS THEATER, SATURDAY, NOVEMBER 14th.
