"WHEREWITHALL"

Everybody needs it, of course.

Everybody is going to need it more in the future, too, when the earning capacity is less than during youth or middle-age.

The best way to be sure to have some THEN is to save a little NOW—a little at a time, but that little often.

him to the ground. The animal continued his run, with part of the shaft dragging behind him, until, in turning up Main street from North, he slipped and fell, his momentum carrying him entirely across the roadway and to the sidewalk in front of Carr's store. The animal got up, in spite of the attempts of several bystanders to hold him, and continued to trot down Main street. Mr. Sturch saw a physician, and had his wounds, which consisted of a bruised right hip and a cut on his forehead, dressed. The wagon was considerably damaged.

TRAFFIC RULES IN FORCE.

Tuesday's Violators Chiefly Rural Visitors Unaware of Ordinance.

The new traffic rules went into effect Tuesday, and the police were busy notifying all who violated the ordinance of the provisions. Copies of the rules were given out to most of the violators, who in a majority of cases were people from outside the city, who came in for the day, and were unaware of the existence of the ordinance. No arrests were made, nor will there be any until everyone has had a chance to become familiar with the provisions, except in flagrant cases.

One man who was warned had left his horse feeding directly in front of Wilson's drug store, and seemed quite surprised when told he could not feed his horse on Main street or leave him without hitching. Selectman Mitchell, who saw the incident, said he thought it was the first time in seventeen years that anyone had ever tried to feed his horse at that particular spot, right in the center of the city.

LIBRARY HAS 8,781 BOOKS.

Total Circulation During Past Year Was 33,868.

The annual report of the librarian of the city library, Mrs. Bell E. Biggeman, has been made public, and shows a total of 8,781 books now in the library. During the year just closed 24,500 books of fiction were circulated, and 4,163 of juvenile fiction out of a total of 33,868 which were given out.

334 new books were added during the year, 205 by purchase, the balance by gift. The library was open 287 days, and an average of 90 books a day were taken out. 116 books were discarded, and eight were lost, five of which were paid for. The average number in the reading room each day was 27. The total circulation exceeded that of the year previous by 4,802, due, no doubt in part to the fact that since last January the library has been open every day except holidays and Sundays whereas previously it was open only three days a week.

Members of Die Besessung Give Comedy.

The programme of the meeting of the high school society, Die Besessung, Tuesday morning, consisted of a presentation of "A Thief in the House," one act comedy. The youthful actors were coached by Miss Marion Lincoln of the faculty, and gave a very good performance.

Why grin and bear all these ills when Sloan's Liniment kills pain?

"I have used your Liniment and can say it is fine. I have used it for sore throat, strained shoulder, and it acted like a charm."—Allen Dunn, Route 1, Box 88, Pine Valley, Wis.

"I am a painter and paperhanger by trade, consequently up and down ladders. About two years ago my left knee became lame and sore. It pained me at nights at times till I could not rest, and I was contemplating giving up my trade on account of it when I chanced to think of Sloan's Liniment. I had never tried it before, and I am glad to state that less than one 25c. bottle fixed me up apparently as good as ever."—Charles C. Campbell, Florence, Texas.

STAFFORD SPRINGS

Vandala Knock Down Grave Stones—Current Events Club to Provide Community Christmas Tree.

Several acts of vandalism have been committed recently in the village of Staffordville the most recent being the pulling down of several of the grave stones in the cemetery. One day last week some 24 or 30 of the headstones were found lying flat on the ground. Who could have done the trick it is difficult to imagine. It was at first thought that it might have been the wind, but there have been no heavy windstorms recently and as the stones were seen in various directions there is probably nothing to this theory.

Death of Mrs. Benton. Mrs. Eliza Benton, age 76, died at her home on Brown avenue, Monday afternoon. She is survived by two sons, William E. Benton, and three daughters, Miss Lillian Benton, Mrs. Arthur H. Adams and Mrs. Minnie McIntyre.

Key Handy to Open Door. While Mrs. Martha Goodell of Staffordville was attending church Sunday morning some one got in and ransacked the house and stole \$40 which she had in the bureau drawer. The key was left hanging near the front door and the burglars used it to open the door. It looks like the work of amateurs.

Michael J. Dawson was operated on for appendicitis at the Johnson hospital Tuesday afternoon. The public and parochial schools will close at noon today (Wednesday) for the Thanksgiving recess.

To Provide Christmas Tree. The Current Events club have decided that it will provide a community Christmas tree this year. The stores in the Kuslanski block are nearing completion and will soon be ready for occupancy.

FRENCH NEWSPAPER MEN IN THE TRENCHES So Close to the Enemy They Were Not Allowed to Speak. Paris, ev. 24, 540 p. m.—The general in command of the troops along the battle line of the allies between the Oise and the Somme assigned a staff officer, says a despatch to the Havas Agency, to show 16 French newspaper men something of the artillery operations there.

"When we approached the firing zone," says the despatch, "we descended into the main trench with which is connected a system of cuts. The trench is six feet wide and three and one-half to four feet deep. We followed it as it wound up a slope for a distance of 2.3 miles, while the noise of the musketry came nearer and nearer. We were exchanging our new and thrilling impressions when a guide told us that we must be silent.

"The enemy can hear us," he said. "We had arrived on the first firing line. We were immediately made aware of this fact by what we smelled and heard at the same time. The crashing voice of the three inch guns which we had left behind as we advanced was now almost obliterated by the nearer and quicker staccato reports of the machine guns and the Kaulers. At a distance of 100 yards was a gray winding ridge of earth, the advance line of the enemy's trenches."

ATLANTIC NATIONAL BANK TRANSACTIONS

Government Contends They Were Not Approved by the Directors. Providence, R. I., Nov. 24.—Atlantic National bank transactions that resulted in criminal charges against Edward P. Metcalf, former president of the institution, and Henry E. De Kay, a New York broker, were not approved by the bank directors, the government contended, in opening its case against Metcalf and De Kay today. Drafts of the Massachusetts Chemical company and the Mexico National Packing Company, Limited, and a \$35,000 note of De Kay, counsel for the government said, formed the basis of a charge against Metcalf of misapplication of funds of the bank against De Kay of aiding and abetting in the alleged misapplication.

R. L. Curtis, receiver of the institution, testified to finding the \$35,000 note in the vault of the bank. He said Metcalf told him the note belonged to De Kay of aiding and abetting. He added he had received Mexican gold bonds as security for the payment of \$21,000 due on the note.
