OBITUARY
Orin S. Rix
Orin S. Rix, one of the most prominent and highly esteemed residents of Voluntown, died at his home on Thursday. He had been in failing health for two years, but only seriously ill for a week. Mr. Rix was born in Griswold, March 13, the son of Lucy A. and Elisham B. Rix. As a young man he went to work, serving in Co. B, 1st Vermont Cavalry. His return he married Mary A. Whipple in Griswold 47 years ago. Mr. Rix was a member of the Griswold Baptist church and was a deacon there when he died. He had also served as superintendent and librarian of the Sunday school and was a prominent church member. In the town he had served as judge of probate and town clerk for a number of years and had been notary public for 47 years. His profession was an undertaker. He was never heard to speak ill of anyone and was one of the best liked men in the town. His family say of him that he was the finest husband and father anyone ever had. During his illness he never complained. He is survived by his wife and a daughter, Mrs. A. F. Horton of Voluntown, and a granddaughter, Helen Rix Horton.

But Borough's Hydrant Service Will Cost \$200 Less Per Year
At a largely attended meeting of the freemen of the borough held Tuesday evening it was voted to renew the lease for the borough's hydrant service for a term of ten years. The original contract with the Jewett City Water company for a period of ten years ended March 1, 1915. There have been negotiations on foot for several months looking toward a renewal of the lease for the water, rights and franchises of the company, but investigation has shown that the water company refused to state a price. In the contract of 1895 the price was \$1,200 a year up to a total of 60 burials on the mains. The borough now is using 58 hydrants, a number of which are toward a total of 60 burials on the mains. The new price brings the present price up to \$1,450. The new contract will be made at the flat rate of \$25 per annum less than under this contract. The company's holdings at present, according to a statement made by Burgess F. E. Robinson, which was deposed to the public utilities commission, is in the neighborhood of \$138,000 and is believed that about 50 per cent has been paid to the stockholders for the past four or five years. Warden A. M. Brown said that an offer of \$120,000 for the plant might not be accepted by the company.

1 UNITED STATES REGULARS 2 NEWEST UNITED STATES BATTLESHIP NEW YORK 3 SECRETARY OF WAR GARRISON (C/O) AND SECRETARY OF THE NAVY DANIELS (C/O)
Special interest attaches to the session of the 63d congress, beginning Monday, Dec. 7, as regards action on increasing the United States navy and army. It has been charged that the nation is wholly unprepared for war, and an inquiry into the exact situation has been asked for. In addition a movement originating in New York City under the name of the National Security league seeks to arouse public opinion in favor of putting the army and navy on a state of readiness for war and will likely carry on an active propaganda in Washington. Advocates of the four battleships a year plan are again active. Congress will fix the appropriations at this session, and this question of greatly increased armament must be settled. The two cabinet officers vitally interested are Secretary of War Garrison and Secretary of the Navy Daniels, a recent snapshot of both of whom taken at Washington in front of the capitol is here shown.
