**\$5,000 DAMAGE SUIT**  
Mrs. Katherine Hooper of New London is Plaintiff Against Connecticut Co.—She Sprained Her Ankle Getting Off Car in 1911—Jury Gave \$400 Verdict for Miss Flora A. York Who Sued for \$1,700.

The suit for \$5,000 damages brought by Katherine A. Hooper and her husband, John T. Hooper, of New London, against the Connecticut Co., was on trial in the superior court here on Thursday after the jury in the case of York vs. York, executor, had brought in a verdict.  
When court came in at 10 o'clock, the jury in the York case, which had been unable to reach a verdict on Wednesday afternoon after two and a half hours' deliberation, retired to the jury room again and at 11:30 they sent word that they were ready to report a verdict.  
When they answered to their names Foreman Gustave D. Andrews reported the verdict of \$400 for the plaintiff, Miss Flora A. York of North Stonington. This was accepted by Judge M. A. Shumway.  
Miss York, who had lived with her grandparents, Mr. and Mrs. William D. York of North Stonington, Keegan house for them for about nine years, had sued for \$1,700 for her services on the claim that her grandfather had promised to make her a widow under his will, a promise that was not carried out. It was shown in the evidence that the grandmother had given Miss York over \$4,000 a week after the death of the young woman's grandfather. It was claimed that this was a gift and was not meant to be compensation for the services that had been rendered.  
\$5,000 Damages Case Taken Up.  
After the York case had been disposed of the trial of the Hooper case was started, with the following jury chosen:  
Harlan P. DeBeane and Gustave D. Andrews, Norwich; Hollis H. Palmer and Jesse O. Cray, Preston; William M. Fogarty and Frank E. Williams, Griswold; Albert B. Kenyon, Attorney, Ellisha B. Gardner and John D. Avery, North Stonington; Albert J. Grandy, Sozani; John C. Donovan, Sprague; Harry H. Libson.

The suit is brought on the ground that on the night of Sunday, Nov. 19, 1911, Mr. and Mrs. Hooper were on a trolley car on East Main street in New London, and that when they got off near the residence of A. H. Miller, Mrs. Hooper stepped into a hole, where the trolley company had been excavating in putting in new ties and making other changes. Her ankle was sprained, and she was otherwise bruised and injured about the head, body and limbs. The city of New London was making improvements in the street at the same time and was also made a defendant in the case. Corporation Counsel W. T. Connor appearing for the city and Attorney J. F. Berry of New Haven, representing the Connecticut company. The case for the plaintiff was conducted by Attorney John C. Geary, who was assisted by Attorney Arthur T. Keeffe.  
Mrs. Hooper was the first witness. She told of being on the trolley car, which had a crowd on it and there was a fire on the roof of a house near where the car stopped and the conductor announced that the car would go farther and everybody would have to get out.  
She described how she got out of the car, her husband going ahead of her and taking her by the hand, and he did not know she had gone into the hole, as he had started off towards the fire. She said she did not care anything about seeing the fire, but her husband was "crazy" to go.  
Mr. Hooper, who is a saloon keeper in the Fitzgerald building in New London, also testified to the circumstances surrounding the accident, stating that he got off the car after his wife and saw the hole that she stepped into and took note of it, but he did not see the number that was on the pole nearby and that he came out the next day and pointed out the hole.  
Dr. Harry M. Leonard of New London testified to the nature of Mrs. Hooper's injuries, finishing his testimony just before the noon recess.  
In the afternoon the first witness was John F. Sullivan, a lawyer in the office of John C. Geary, who said he visited the scene of the accident with Mr. Hooper the next day and noticed the location of the hole where Mrs. Hooper fell and that Road Master Guinan had men fill up the excavation when he found out what the lawyer was there for.  
Manuel J. Martin, a New London sheriff, said he visited the place of the accident with Lawyer Sullivan and took measurements and noticed the hole.  
On this point the plaintiff rested and will select the subject for the trial and also appoint the judges and other necessary officials who will take part. The club is planning on having many social events during the winter and have decided to start their Saturday night suppers among the members again which were very successful last year. The object is to stimulate more interest and friendship among the members. At the next meeting, which will be held in January, the annual election of officers will take place.

The first definite steps toward completing the link between the trolley line in Middletown and that in Chester, which was severed by the fire from Hartford to the shore towns, has been taken by a group of Middletown business men asking for a charter for such a road to be run up to the town of Middletown for presentation. In all there are eight incorporators, seven of whom are Middletown men, as follows: Joseph W. T. Connor, president of the Middletown Business Men's association; Isaac Spear, Randolph S. Lyon, Eben Jackson, Dale D. Hildreth, Richard H. Egan, and the eighth incorporator is Robert W. Perkins of this city.  
The petitioners ask for a charter to run the trolley car on the track of the Shore Line Electric Co., in Chester northward along the main turnpike through Shalleville, Haddam, Higganum, to the town of Middletown, where it will connect with the line of the Connecticut Co., at East Main street, South Farms. They also ask for permission to run the trolley car along alternate routes, including the right to connect with the Silver street line of the Middletown company northward to the town of Middletown. Another route for which a charter is asked is that through the Candlewood Hill district in the village of Higganum to the Johnson lane district in Middletown, then to the road leading to the residence of H. O. Daniels through Johnson lane to Main street, where it will connect with the main trunk line of the Connecticut Co. They also seek the right to connect with the trolley car of the New Haven and Hartford Railroad Co. at any point by passing over private land. The name of the new corporation is the Middletown and Chester Railway Co.

**MAN AND WOMAN  
ARRESTED IN OCCUM**  
Overcome by Potations—Had Been Before City Court in the Morning.  
William Hickey and Ellen Hickey, the two 62 year old residents of Fall River who were before the city court on Thursday morning on an intoxication charge and were given their freedom and told to get out of town, made some progress in their effort to get their names changed, but had only reached as far as Occum by afternoon.  
Here they were both once more overcome by their thirst for intoxicating liquor, the man becoming so badly drunk, so that he was found lying in the road by Constable Guy Lambert. The woman was not so much overcome by her potations, but both were taken into custody and were back here again, locked up at police headquarters, about 4:45 o'clock.  
When the man was found by the constable he was very cold, so that Constable Lambert put the man in his arms and covered him up with a blanket while he was hitching up and bringing the two prisoners to the lockup.

**SIMPLY BREATHE IT**  
That's the Way You Use Hyomel, the Simple, Safe and Effective Catarrh Remedy.  
The most pleasant, easiest, safe, effective, and the really sensible method for the treatment and cure of catarrh is Hyomel, which can be had from any drug store. Just put twenty drops of the liquid in the small inhaler that comes with every complete outfit, then breathe it a few minutes four times a day. It almost instantly clears the head and stops that annoying sniffing.  
When using Hyomel, every particle of air that enters the breathing organs is charged with an antiseptic, healing, health-restoring balm that destroys the catarrh germs, stops the unclean discharges from the nose, relieves the irritation, and quickly heals the sore, raw and inflamed tissue.  
The first day's use of Hyomel will show a decided improvement, no matter how distressing the trouble, and in a very short time all catarrh symptoms will entirely disappear. Its action is not only rapid but lasting.  
There is no more common yet dangerous disease than catarrh, which usually begins with a neglected cold. Do not endanger your health by letting your catarrhal trouble become chronic. Begin the Hyomel treatment today—it is inexpensive, safe and reliable. Lee & Co. always sells it on the "No-cure-no-pay" plan.

Second Box Nearly Ready—Bringing Finished Articles to President's Home.  
Thursday was the last day that work for the Red Cross is to be given out or received at the United Workers' home. The plan is now so well understood and the work is so well distributed that hereafter the finished articles are to be taken to the home of the president of the local branch of the Red Cross, Mrs. Robert W. Perkins, on Rockwell street, every Wednesday.  
Many persons are sewing and knitting, and it is expected that Mrs. Perkins will have another box to send away in about a week. The children of the sewing school of the United Workers have helped greatly, preparing some very nice bandages.  
The \$34 for material which was donated Mrs. Perkins has been spent for yarn, etc., and she could make good use of any future contributions for this purpose.  
The interest in the work is widespread and the local branch of the Red Cross association much valuable work is being done in the way of making bed sheets for hospital wear, etc.
