Under the auspices of the woman of the Central Baptist church, Miss Isabel Crawford, who has had a wonderful experience among the Indians, is to speak in the Central Baptist church Jan. 12th in the afternoon to women, and in the evening to both men and women.

The Connecticut Woman Suffrage association will urge at the present legislature a measure calling for an amendment to the state constitution giving women the right to vote, and will present the bill to the house only this season. The women believe that the house will favor the measure.

Notice of the offer of the \$500 prize by the Detroit Board of Commerce is being received by Mrs. Guy Warner Eastman of the art department of the Academy. This contest, open to all American artists and designers, is for a trademark embodying the spirit of the "Made in the U. S." movement.

OFFERED PRIZES TO STATE HOSPITAL EMPLOYEES.

Dr. Pollock, Superintendent, Wants Their Suggestions on Management.

Dr. H. M. Pollock, superintendent of the Norwich State hospital, is well pleased with the excellent results of the proposition made by him sometime ago to the employees at the hospital for their cooperation with him in the management. The doctor offered a prize of \$10 to the employee who in his opinion made the suggestion of highest value to the hospital and a second of \$5 to the suggestion coming next in value.

It was set forth that the suggestions could be written or verbal and pertain to the management of the hospital, to the care of supplies, to the use of methods, to the kind or use of supplies, to the care and added happiness of the patients or employees or any other matter. In response some thirty suggestions have been received and the superintendent is considering the matter of value carefully. As some of the suggestions are quite valuable he feels that the offer has been a great aid to him. The winners of the contest will be announced later. The employees of the hospital are, he feels, in a position to observe many improvements that might be provided at comparatively little expense.

Eighth Grade Scholars to Art School.

The proposition of having the scholars of the eighth grade attend a part of each week, possibly an hour, at the art school was considered at a meeting of the town school committee held at 4 o'clock Monday afternoon.

The proposition is to have the scholars attend the art school in groups of about a dozen, and not for a sufficient length of time as to interfere with their regular school course.

Chimney Fire.

A telephone message about 2 o'clock Monday afternoon called out the auto-chemical for a chimney fire at No. 48 Union street. The fire was quickly extinguished with chemical. The house belongs to the estate of the late Henry C. Fildes and is occupied by Mrs. Ida Davis.

OBITUARY.

Chester Smith Standish.

Chester Smith Standish, a former resident of this city, died at his home in Orcutt, this state, Monday afternoon at 2 o'clock. He was born in Freedom, February 14, 1829, the son of Amos and Clarissa Fitch Standish and on February 18, 1849 he was united in marriage with Mrs. William Standish. Mr. Standish followed the occupation of a farmer, retiring in 1904 when he removed to East Norwich, residing there until his death at the hospital. He was survived by his wife, who went to Orcutt where he had resided. He leaves besides his wife, one brother, Moses K. Standish, of Leyard, and three daughters, Mrs. W. H. Smith, and Mary Adelaide, and George Irving Harvey, all of Stafford Springs. Two daughters, Mrs. Mary Ford and Mrs. Ella Harvey died some years ago.

AT DAVIS THEATRE.

Vaudeville and Philoplays.

The coming of Crane Whitbur made a special attraction at the Davis theatre on Monday in the bill of vaudeville and philoplays and brought big matinee and evening houses to the theatre. This hero of "The Perils of Pauline" appeared in an attractive specialty in one part of which he seen in a moving picture while from his place at the side of the stage he recited the words that he was speaking in the picture part. A reception of the stage after the matinee gave many an opportunity to shake hands with the moving picture favorite.

The regular philoplays on the bill were of a varied and entertaining character, nicely combining comedy and drama.

Broadway School Heater Made Trouble.

Leaks from the joints of the heater at the Broadway school, when a fire was started in the heater on Sunday, caused the school to be closed. It is thought that the school will be closed this morning.

Committee on Robert McNeely, who was notified of the leak, sent a force of five plumbers to the school as soon as possible to make repairs.

Following up the repairs of previous years during the vacation season, the fires in the several schools about town were drawn and the water drawn off to prevent freezing. The plan worked well in all the heaters except that at the Broadway school. The heating system at the Broadway school is inadequate and in the future the committee have in mind the matter of asking for an appropriation for a new system to cost approximately \$1,800.

Waterbury—State Deputy William J. Sullivan of Thompsonville, the head of the Knights of Columbus of Connecticut, paid a visit to Sheridan county, No. 24, at its regular meeting Sunday.

EXTENSION OF TROLLEY TRANSFERS

Advocated Before Common Council by Mayor T. C. Murphy

—Bill to be Presented in Legislature—Sidewalk Grades Established—Claims Against City for Personal Injuries by Falls in Streets.

At the January meeting of the common council on Monday evening, in a communication to the council Mayor Murphy inaugurated a movement to secure an extension of the trolley transfer system in the city.

This he did in the following communication addressed to the council: Gentlemen of the Court of Common Council:

About ten days ago I had inserted in the Bulletin a bill to be presented to the state legislature an amendment to our city charter in regard to the different departments of the city having their fiscal year end on the 31st of May, also in regard to raising bonds or notes for the maintenance of sidewalk improvements.

There is still another bill that I would suggest to the council for their approval, that is in regard to the issuing of transfers on the Westerly and New London lines, entering and leaving our city, would suggest that the corporation counsel be directed to draw a bill compelling the Shore Line Electric railroad to issue transfers to all parts of the city.

I think it is our duty as a body to see that our city receives the same treatment in regard to transfers from other cities in the state.

Several petitions have been sent to the Shore Line Electric railroad from time to time, but they have met with no definite results, and I think it is time this affair was definitely settled.

Referred to Corporation Counsel.

On motion of Alderman M. H. Hourigan it was voted to refer the matter to the corporation counsel to draft a bill to indicate and present it before the legislature.

It is the mayor's belief that transfers points in the city should be given from the Norwich and Westerly and from the Montville line, claiming that in other cities in the state under similar conditions of trolley line connections transfers like this are given.

Hearings on Sidewalk Grades.

When the council meeting was called to order just after 3 o'clock by the mayor, the roll call by Clerk Stephen D. Moore showed three council members who were committed, W. J. Kramer and Hugh Kinder.

The first matter taken up was the hearing on the petition of Patrick Clarke for a sidewalk grade on Tradin's avenue from Broad street to property of James O. London.

There was no one to be heard and the clerk indicated that the resolutions establishing the grade were adopted.

The next hearing was on the petition of John Doe and others for a sidewalk grade on the westerly side of South street from Division street to Cliff street. Civil Engineer George E. Fitcher explained that the layout was given at 1-1/2 feet to make the curb come in line with curbing of the sidewalk westerly from Division street to the improved sidewalk and the other 18 inches might be for trees or grass or gravel between the sidewalk and the curb. Mr. Fitcher has presented the petition because he wants to lay a sidewalk in front of his property. The grade was established according to the resolution.

The petition of Robert McNeely for a sidewalk grade on the southwest side of Eleventh street from North Main street to the corner of Broad street was heard without anyone appearing to be heard and the grade was established.

Alderman M. H. Hourigan for the petition of Mrs. F. L. Farrell, who is heard on the petition of Laura Spivey for a sidewalk grade, the easterly side of Oneco street, between Sachem street and the corner of York street. A hearing on this was set for Feb. 1st. The sidewalk to be 3-1/2 feet wide.

Claim Disallowed.

Alderman Henry Gebrath reported that the finance committee recommended that the claim of George B. Jennings be disallowed. It was so.

DAINTIEST COSTUME OF THE SEASON

Will Lose Its Effect Unless the Hair is Pretty and Properly Dressed.

The woman who looks to clothes for her charm and attractiveness is likely to find her most expensive outfit a full-length gown with a head of dandy hair. The most beautiful evening gown will appear dowdy and out of style unless crowned with a head of dandy hair, soft, full and nutritious.

Beautiful hair does not just happen to be so, but is always a matter of care and proper nourishment of the hair roots. No matter how unsightly the hair, how badly it is falling, or how much dandruff, Parisian Sage, an inexpensive tonic, well rubbed into the scalp, is all that is ever needed. The hair roots are nourished and stimulated to grow new hair. Even dandruff is entirely removed with its application. It is a delightful hair restorer and itching scalp and falling hair cease; the hair will be bright, vigorous, soft and fluffy.

Parisian Sage is oily, dry, brittle, or you have dandruff, Parisian Sage immediately removes the cause, and by toning up the scalp quickly restores the hair to its original brilliancy and vigor.

Parisian Sage can be had from The Lee & Osgood Co., or any drug or toilet store. It is a delightful and harmless treatment that never fails to act as real and lasting benefit to the hair and scalp.

Stoo That Cough—Now.

When you catch cold, or begin to cough, the first thing to do is to take Dr. Williams' Pink Pills. An inflammation of the lining of the throat and lungs and lights the germs of the disease, giving quick relief and natural coughing. It is a delightful and harmless treatment that never fails to act as real and lasting benefit to the hair and scalp.
