BOARD OF RELIEF.
Hears a Number of Complaints at First Session on Monday.

The first meeting of the board of relief, consisting of George Mahen, Thomas Ashton and Alphonse Chagnon, was held in the selectmen's rooms Monday afternoon, to hear complaints and requests for a revaluation from that placed by the assessors. Only a few appeared before the board Monday afternoon, among them being Nelson Gilman, for a reduction on his property on Main and Jackson streets, Mrs. Julia A. Holman, through W. G. Holman, for a reduction on her farm at 461 Ash street, Annie H. Tingley for a reduction on her Windham road property; Louis Daneser for a reduction on 29 Arnold's Lane; Hattie J. King for a reduction on her property, 48 Mountain street. The next meeting of the board of relief will be held next Monday afternoon.

PERSONAL TAX COLLECTOR.
Selectmen Reappoint Arthur T. Kelley, but for One Year Only.

The selectmen of the town of Windham held their monthly meeting Monday afternoon in the town building and transacted routine business, with two exceptions. They appointed Arthur T. Kelley personal tax collector

for one year. Mr. Kelley has been personal tax collector for the past two years. There was some talk that the new appointee might be put into office for four years, but this action was not taken, and Mr. Kelley was appointed for but but year.
The other matter which engaged the attention of the selectmen was that of a town physician. It now costs the town a goodly sum of money each year to take care of the poor, and give them medical attendance, and it is thought that if some physician could be obtained to do the work at a stated sum the town might save money. The matter was referred to the town council, Thomas J. Kelley, to see whether the town had authority to make such a contract.
There is a sort of unwritten rule among the physicians in Windham not to do contract work, and it may be doubtful if anyone can be found to break the custom.

PAYS \$4,000 ON DEBT.
Rev. J. J. Papillon Has Successful Year at St. Mary's Church—New Trustees Chosen.

Following the suggestion of Rt. Rev. John Niles, bishop of the Roman Catholic diocese of Hartford, that new trustees be appointed each year, St. Mary's parish of this city has two new trustees, Pierre Mathieu, and Alexis Caisse, both prominent and active members of the parish. They succeed Hormisdas and Dr. C. H. Girard. The former has been a trustee since the organization of the parish, and Dr. Girard has been a trustee for several years.
During the past year the receipts of the parish were over \$18,000 and Rev. J. J. Papillon, the pastor, was able to pay \$4,000 on the church indebtedness during that period. Some portion of the indebtedness has been paid off every year of Rev. Father Papillon's pastorate, although the expenses of the church have been and are heavy.

Jailed for Quarrel with Brother.
Henry Berube of Ives street, who was taken into custody Sunday afternoon by Lieutenant Killourey and Officer Paulhus, when they responded to a hurry call to his home, where he was having an altercation with his brother Joseph, received thirty days jail on each of two counts Monday morning, one for intoxication and the other for breach of the peace. Henry Berube was caught by the officers after a short chase Sunday, but Joseph, whose running ability had not been impaired by drink, managed to get away, after going through a back window of his home.

Again Changes Owner.
The shop at 68 Church street has again changed owners. Only a short time ago William H. Smith returned from New Mexico, and soon thereafter purchased the business from William Weeks. Now the latter has disposed of the place to Exurias Ducharme, for several years a member of the firm of Galipeau & Ducharme, on Center street, but who left that firm three weeks ago. James G. Small, a former proprietor of the business, has been engaged by Mr. Ducharme to help him at the shop.

Labor Payroll.
The city labor payroll for the week ending January 30, 1915, totaled \$35,549, divided as follows: Police department, \$17,450; street department, \$9,174; maintaining sewers, \$421; water-works, \$851.11.

Zechiel—Connors.
The engagement has been announced by Mrs. Elizabeth A. Zechiel of Brooklyn, New York, of her daughter, Carolyn Zechiel, to John Lawrence Connors of this city. Miss Zechiel, is well known here. She is a sister of Louis Zechiel, proprietor of the Thread City garage, which was destroyed by the big fire of a few weeks ago.

The ladies who give up their afternoon for the reading room are not to be open for the benefit of the public, are not expected to have to discipline unruly boys.

The Lights That Failed.
Sunday evening the borough was relegated to its primitive conditions on account of a short circuit which caused electric trouble at the plant in Plainfield, hence the borough was in darkness the first part of the evening. There were no services in the churches, lamps were in great demand and people wandered blindly about the streets, some of them being struck at the station was operated with the help of a lantern. However, there is very little trouble with the present service, and the electric system, lights one night and try to the next.

Postmaster Potter Authorized to Extend Carrier Service on Route Three.

Postmaster C. C. Potter has received authorization from the postoffice department to extend the carrier service on route No. 2. This route takes in all the west side except the business section, and at the present time goes as far as the residence of Mrs. John O. Fish, on the New London road. The extension, which will be in effect by Feb. 15, will take all the houses on Prospect and Wilbur streets and on West Mystic avenue as far down and including the home of Herbert S. Thomas. The residents of this section, which includes about 25 families, have wanted the city delivery for some time and recently a petition was circulated asking that it be granted. This was sent in and Mr. Potter also made a report stating that the territory in question could be covered by the same carriers without any additional expense to the department, so favorable action was taken in the matter. Some little agitation was stirred up by the circulation of the petition, as some of the patrons of the West Mystic office were of the opinion that it would mean the abolishing of the office. Such, however, was not the intention of the petition, but only to secure the delivery for those who are a considerable distance from the office.
