TWO-IN-ON WAISTS.
Among Dame Fashion's Novelties For Spring—The Tommy Atkins Suit Smart and New—Handsome Hats Displayed.

As Easter nears, the designers are showing even more beautiful hats than were displayed during the early opening days.

An elegant model seen yesterday was a smart Tipperary, faced on top with rose corded silk. The effective trimming was of gardenias and fruits, with a butterfly bow of rose ribbon.

A transparent hat of French crepe in fresh pink and a charming Inland wreath of flowers, black velvet ribbon bows and streamers.

Exceedingly handsome was a sailor in French knot braid of Belgian blue, with effective magpie facing. Cherries dotted the band about the crown and for finish there was a brilliant green feather, with choux and streamers.

A transparent hat in two shades of blue marine and black, had most beautiful wreath of wild flowers on the center of the crown.

To some women, the same of elegance at any season of the year is a handsome black hat. One such seen yesterday was of Milan, and was edged with black grosgrain ribbon. Two smart black quills were poised directly on the crown.

Another beautiful black model was a hamp sailor, having white hamp facing. At the back there was a bow of the white satin ribbon, trimmed with arabesques in putty braid and gold knots, the collar having the same ornamentation.

In suits, a trim and natty design is the Tommy Atkins developed in homespun. The belted jacket, on Norfolk lines, has four patch pockets. The collar is of pear green silk and the tailored skirt has a graceful flare.

But a description of these pretty things is not enough! They are made to order and select for Easter wearing while a choice may be made in comfort!

Of this you are certain, if only you improve the tips given today by The Bulletin's advertisers.

Vineyard Workers Met.
The Vineyard Workers met on Monday evening for their weekly meeting in the lecture room at the Central Baptist church. The program was did sewing for the missionary field.

Keep the Children Bright and Happy
Happy youngsters must be healthy. The digestive organs of children get out of order as readily as do those of their elders, and the result is equally distressing. When the bowels are clogged with an accumulation of refuse from the stomach, the child naturally becomes cross and fretful from the discomfort, and is often punished for temper when special attention is really what is needed.

The next time your child is cross and unhappy, without apparent reason, try giving it a mild laxative. Dr. Caldwell's Syrup Pepsin is a mild, pleasant tasting combination of simple laxative herbs with pepsin, and is especially recommended for children because of its freedom from opiate or narcotic drugs and its non-habit forming nature. It is sold in drug stores everywhere. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

Auto Backed Into Pole.
An automobile delivery backed into an electric light pole at the corner of Fifth and North Main streets, Monday noon. The only damage done to the machine was the smashing of the tail light.

Notes and Personal.
A. B. Maine has been confined to his home for several days with illness.

It is reported that Dr. W. T. Witter, formerly of here is confined to his home with illness.

Alfred Barrett of Eight street was the guest of his son, Oscar, of William street, Sunday afternoon.

Miss Zoe Ranger of Providence is visiting with her brother, Clarence Ranger of Prospect street.

Rev. W. H. Kennedy will preside at the Lenten services at the Sacred Heart church at Norwich Town this evening.

The gutters and conductor pipes on the house occupied by Harlow Ladd at the corner of Tenth street are being repaired.

William Hastings returned to his home Monday afternoon after passing Saturday and Sunday in Providence and other places.

Charles Prentice, a student at Yale Sheffield school, spent the week end with his mother, Mrs. Andrew Prentice of Central avenue. Mr. Prentice left Monday morning for a visit in New Jersey.

EAST SIDE ITEMS
Mrs. Wilhelmina Krause Entertains on 75th Birthday.

Mrs. I. Rist and children, Helen and Nellie, of Lisbon, were recent guests at the home of Mrs. Rist's parents, Mr. and Mrs. Charles Bennett, of Palmer street.

Entertained on Birthday.
Sunday afternoon and evening Mrs. Wilhelmina Krause celebrated her 75th birthday by entertaining a few relatives and intimate friends. Dainty refreshments were served and musical selections enjoyed. Those present were Mrs. Nicholas Macht and son August of Baltic, Mr. and Mrs. Edward Munsch of Hallville, Mr. and Mrs. John Faum and Mrs. Augusta Pratt of Norwich.

Miss Caroline Bennett has returned to Providence after a few days' visit with her parents, Mr. and Mrs. Charles Bennett, of Palmer street.

AT DAVIS THEATRE.
Vaudeville and Photoplays.
Three vaudeville acts that kept good sized houses thoroughly pleased were shown at the Davis theatre on Monday with much comedy and mystery mingled. The music was by Frank Garfield in his comedy selections which were given in pleasing voice. The comedy was by Pete Curley & Co. in their funny sketch called The Lady, the Lion and the Lion, which is full of laughs from one end to the other. The mystery was Lora, the girl in the parrot, who did some wonderful work in reading cards placed in a box which is held by her partner.

In the motion pictures the big attraction was Charles Richman in the five-part reel The Man from Home, with the Mutual War Weekly and a Keystone comedy filled out the good bill.

PRESIDENT OF CHELSEA SAVINGS
John C. Averill Elected to Succeed the Late General Edward Harland—Unanimous Choice of Directors—Fourth President of Bank Since its Institution in 1858.

A meeting of the directors of the Chelsea Savings bank held on Monday morning at the banking house for the purpose of choosing a president to succeed the late General Edward Harland and to elect a vice president.

John C. Averill was elected one of the incorporators of the bank in September, 1857, a director in 1858, and vice president in 1897. In his election as president he becomes the fourth to hold that position since the institution of the bank in 1858.

The vacancy in the board of vice presidents was filled by the unanimous election of Winslow T. Williams at the same meeting, making the vice presidents now Henry H. Gallup, Charles E. Chandler and Winslow T. Williams. Mr. Williams was elected an incorporator of the bank in September, 1892, and a director in 1893.

The directors of the bank are: John C. Averill, president; Winslow T. Williams, vice president; Charles E. Chandler, secretary; Oliver L. Johnson, Archibald Mitchell, Grosvenor Ely, Frederick T. Sayles, James C. Macdonald, and John C. Averill, Jr., directors.

At the present time Mr. Averill is clerk of the court of common pleas, but he will resign this position and devote his entire time to the duties of the bank, his resignation from the court duties becoming effective at such time as will best accommodate the business of the court, which it is understood will not be until about the middle of April, at least.

During his long term of service as clerk he has shown his particular fitness for the duties involved and it will be with regret that the judge of the court.

REPORTS RECEIVED AND ELEVEN DIRECTORS RE-ELECTED
At Fourth Annual Meeting of Norwich Improvement Corporation.

The annual reports were received and the eleven directors re-elected at the fourth annual meeting of the stockholders of the Norwich industrial improvement corporation held at 4 o'clock on Monday afternoon at the Thames National bank. There were 88 shares of stock represented at the meeting. President James L. Case presided. Annual reports were made by Secretary Martin E. Jensen and Treasurer Gilbert L. Hewitt.

The directors re-elected were the following: Allyn L. Brown, James L. Case, J. J. Desmond, Gilbert L. Hewitt, William F. Hill, Shepard B. Palmer, J. B. Shannon, Leonard O. Smith, Martin E. Jensen, Walter W. Lang, William E. Young. They will meet more than a meeting to be held probably within a week.

The report of President James L. Case covered the operations of the year and was as follows: It is a pleasure for me at this time to call the attention of the stockholders to the annual report of the treasurer for the year just closing and especially to the fact that all bills against the corporation have been paid in full and a balance of \$632.19 is in the treasury.

This result has been made possible largely by the special sale of lots which took place in September and October of 1914 under the direction of James R. McClelland of New Haven, Conn., as auctioneer at which time 10 lots were sold, most of them being upon the installment plan. Net payments to the amount of \$1,259.48 have been received by the treasurer, as shown by the report. Of 36 lots sold, 8 have come back to the company because of the failure of the purchasers to comply with the terms of the contracts under which the lots were sold. A new street known as Hillside avenue has been laid out, and this corporation now has 10 acres of land on said tract 33 lots which can be sold. I believe that an effort should be made to dispose of these remaining lots during the coming spring.

In addition to this tract of land, there is a large acreage which has been undeveloped lying almost directly south of the American Thermos company tract and which is available for a factory site.

I trust that the stockholders will bear this in mind, and should occasion offer, I hope that they will bring this property to the attention of prospective purchasers.

The treasurer's report further shows that there is also due from unpaid subscriptions the sum of \$1910. A considerable portion of the howbeit absolutely worthless, but a special effort should be made during the coming year to close out this entire account. This amount is the contributions of 10 subscribers.

The report from M. E. Jensen as auditor of this corporation shows that the American Thermos Company has paid to March 20, 1915, the sum of \$234,388.44 for wages and payrolls and \$50,707.74 for advertising, and both of these amounts have been credited on account of agreement existing between the Thermos company and this corporation.

The only financial obligation that this corporation has to meet during the ensuing year, so far as I can see, is a sum sufficient to pay the taxes on the land at Thermos park. I believe that a special effort should be made to dispose of the land as rapidly as possible and thereby transfer our assets into cash.

AT THE AUDITORIUM
Lew Orth Musical Company.
The Auditorium was packed to the doors Monday night when Lew Orth presented his musical comedy company in "The Tourist and the Bandit," a well arranged light comic opera in two beautiful scenes. The cast included several capable performers principal among whom were Miss Lillian, Lew Orth and Prof. J. J. Coffey and his dancing partner, who brought down the house with their excellent interpretation of the maxixe. The costumes, song numbers and in fact the whole atmosphere of their little comedies were above the average.

It was announced from the stage that a tango contest will be held on Thursday night and a five dollar prize is to be awarded to the best couple, the audience to be the judge.

Further stated that if some gentlemen wanted to compete and was unable to secure a partner, he would be only too glad to have him dance with one of the young ladies of the company. With the company are two excellent young lady tangos and a rehearsal may be arranged for any time by applying at the box office.

Test Alarm from New Fire Box.
Fire Chief Howard L. Stanton has erected a new fire alarm box, No. 47, at the corner of Laurel Hill street and Sunnyside avenue, and a test alarm will be rung in this (Tuesday) noon.

Among the members of Groton grange who attended the combined meeting of Pomona granges at Williamsburg Saturday were Mrs. I. H. Crouch, Mrs. E. W. Crouch, Miss May Crouch, Miss York, Cyrus Avery, Mrs. Lucy Palmer, Mrs. Maynard and Mrs. Barbour.

FINISH ROAD CONTRACTS DURING THE SUMMER.
Highway Commissioner Intends to Push the Work Along.

Highway Commissioner Bennett will have all contracts for road construction in the state finished during the summer. This will not include the repair work. It is his aim to have his work so advanced that he will be able to devote his entire time to the preparation of plans for work to be begun in the spring of 1916. He sees a pecuniary advantage to the state in awarding contracts in the winter when outdoor work is suspended. At that season he can secure contracts at figures from 10 to 15 per cent less than in the spring. He does not expect to be able to construct as many miles of improved highways this year as last, when he had to complete a great deal of work pertaining to unfinished contracts.

For nearly two years the highway department has been unusually busy in the active work of the commissioner in the general oversight of the work will be appreciated when the fact is stated that he has done the annual report more than 45,000 miles. He will complete this year the work on the trunk line from Portchester, N. Y., to the Rhode Island state line at Westerly. This road will traverse the state along the shore and will be more than 100 miles in length. It will be the most important work of the year.

Contracts now running in this end of the state are the following: R. G. Miller Co., \$10,000; C. W. Blaisdell, \$22,500; New Milford, \$8,000; \$19,163; \$2,421.32; A. Vito Cons. Co., Stonington, \$5,000; \$147,000; H. Caldwell, East Lyme, \$5,000; C. W. Blaisdell Sons, Stonington, \$6,314.50; L. S. Suzzo, Saybrook, \$8,125.01; A. D. Bridges Sons, Freeport, \$5,000; Coventry, \$5,499.59; Sterling, \$8,000; F. A. Wilcox, Lebanon, \$10,229.16; F. W. Pratt, Hebron, \$12,727.77; H. H. Davenport, East Lyme, \$1,500; P. H. Gilver, Griswold, \$8,000; \$10,314.50; D. F. Toomey, Old Lyme, \$7,491.80; C. W. Blake and Sons, Stonington bridge contract.

Rheumatism Soon Becomes Chronic
The Result of Tired Kidneys Failing to Expel Poisonous Waste Matter.

Tired, overworked kidneys allow poisonous uric acid to remain in the blood instead of expelling it from the system. That is the cause of chronic rheumatism. The disease gets into some joint or group of muscles and settles there, and only strenuous treatment will dislodge it.

Rheumatism is the uric acid crystals lodged in the joints and muscles, causing the terrible pains, and passes them out of the system through the kidneys and bowels.

All the blood in the body passes through the kidneys once every three minutes. Unless it is pure the organs become diseased. Rheumatism purifies the blood and the kidneys, then regain their normal activity.

Lee & Osgood and all druggists sell Rheumatism at a price so inexpensive that it is folly to be without it.
