A REMEDY FOR CHILDREN-KIDNEY TROUBLE. I have a boy who had the bad wetting habit from infancy, and also had such trouble with his kidneys. Two years ago they became so bad, and having tried a great many remedies without relief, I consulted a doctor who advised me to try Swamp-Root. I obtained one fifty-cent bottle and he had not taken more than three or four bottles when he was cured. I have since recommended Dr. Kilmer's Swamp-Root and consider it a wonderful medicine. Yours very truly, L. A. GROGAN, Birmingham, Ala.

N. F. A. PREPARING FOR SEASON

Capt. Chas. Young Will Have Men on Field Monday—Candidates to Undergo Stiff Tryouts—Fifteen Games on This Year's Schedule.

The mild afternoon air and the warm sun has stirred up activity in athletic circles at the N. F. A. and Captain Charles Young will soon have his ball tossers ready for the opening game of the season, which comes on April 14 when they play the All Stars on the Academy campus.

Coach Overbaugh is at present enjoying the Easter vacation at his home and will not return until school opens for the spring term. However, Captain Young does not intend to allow the absence of the coach to interfere with his spring training for he has ordered his men to report at the diamond on next Monday afternoon, when some good stiff work will be put through.

He has a long list of candidates for the various positions and every man will be thoroughly tried out as it is intended to make this year's team one of the strongest that has ever defended the N. F. A. Among those enjoying the honor of being on the list are: "Chick" Stanley, a first string man, who played in the field last year, and other last year men who are looking for the same job as Cohen, Cayouette and Harold Hull, and included in the new men is George Mullen. First base will be covered by Captain Young and William Shea will look after the second sack, while Hull, who played second last year, and Noonan, a former Bulkeley man, are out after third this season.

The schedule of some fifteen games includes Storrs, a strong bunch of players who have won several such teams as Colby, Middlebury college and New York university. Last year the N. F. A. defeated the Argies 14 to 0. The Argies are expected to be like defeat this year. Another of the strong teams on the list is the Hartford High, who are coming to Norwich on May 31. The schedule is given below: April 14—All Stars at Norwich. April 15—Westerly at Westerly. April 16—Storrs at Storrs. April 20—Killingly at Norwich. April 24—Dingbats at Norwich. April 28—Hospital at Hospital. May 1—Hospital at Norwich. May 5—N. L. Ind. at Norwich. May 7—Stonington at Stonington. May 12—Killingly at Norwich. May 15—N. L. Ind. at New London. May 18—Westerly at Norwich.

May 26—Open. May 29—Stonington at Norwich. May 31—Hartford at Norwich. The Academy boys will probably play Windham two games, one on the diamond and it is possible that a date may be arranged with Putnam. They would like to meet the Sacems this year if the Indian tossers decide to organize.

THERMOS CLUB PREPARING FOR THE BALL SEASON. Team Candidates to Report for Practice in Near Future.

The American Thermos bottle baseball club has issued a call for its players to report for practice, and in a very short time will be ready to take on all challenges with shop teams of the city. At the meeting Max Ellsworth was elected captain and George Geophert was elected manager. Among the recruits to report are Sam Brown, Joe Gadio, Pete Goldberg, Jim Murphy, Joe Hastedt, Issy Reing and the veterans of last year's team are Square Odgren, who used to catch for the Orioles of New Britain; Gentleman Wright, formerly of the Hardies, later with Driscoll's All Stars; George Smith and Bob Steele, well known in semi-pro circles around Danbury; George Kennell and Jeff Fecker, formerly of the Siegel-Cooper baseball club of New York city; James Blair and Captain Ellsworth, formerly of the Little Potatoes Hard to Peel, and Frank Andre, who pitched for the Freshman team of Yale in 1910.

WELLS KNOCKED OUT IN 10TH. Pittsburgh Fighter Dealt English Heavyweight Knockout Blow.

London, March 29.—Frank Moran, the American heavyweight, knocked out the English champion, Bombardier Wells, in the tenth round before 4,500 spectators in the London Opera House tonight. Moran sent a right to Wells' jaw and the English champion fell flat on his face.

FINANCIAL AND COMMERCIAL

STOCK MARKET ACTIVE.

Bethlehem Steel Made a Net Gain of 12 3/4 Points.

New York, March 29.—Bethlehem Steel again was the central figure of the stock market today, advancing to 89 1/4, a maximum gain of 14 3/4. At its closing price of 87, it showed a net gain of 12 3/4, or a total of 20 3/4 since the start of the year. In exchange for the stock, the company has advanced about 35 points and the entire outstanding capital issue, par value \$100,000,000, has been changed hands several times over.

Deals in Bethlehem Steel today were larger than in any other issue, aggregating about 56,500 shares. Aside from the popular belief that a large short interest has been put to rest, no explanation of the further rise was forthcoming. It was noted, however, that this was not credited in quarters for the company's affairs.

Traders and the speculative public as a whole indicated their distrust of the movement in Bethlehem Steel by their cautious attitude towards the balance of the list. Some of the speculative favorites rose to new high prices, but the general movement was a cold one, Reading and a few other seasoned shares showing net losses. Trading was very active at times, but the total was below that of the last week.

All the automobile stocks participated to an unusual extent in the rise. General Motors, Studebaker and Packard were common and preferred gaining from 2 to 7 points. Some of the equipment issues, including Pullman and the Electric Light and Power, also advanced, also the petroleum group, the rise of the latter coinciding with higher prices for the crude and refined products.

The new week brought advice of increased production at some of the leading steel mills and an increase in the export duty for copper. Foreign exchange was devoid of special features, brokers holding off in anticipation of important developments.

Total sales of stocks amounted to 535,900 shares. The whole were strong, but failed to keep pace with the rise in stocks. There were heavy dealings in Southern Pacific convertible 5's at par value, were \$2,550,000. U. S. bonds were unchanged on call.

and outgeneralized the Englishman, but in the second round he seemed to regain his nerve and from then until the knockout fought a cleaner and more scientific battle, although Moran's blows seemed to do the greater damage.

The second round went to Wells on points; in the third honors were even. Wells' boxer had a few more blows in the fourth. Both men were now bleeding over the left eye.

Again in the fifth Wells' superiority was marked but Moran shaded him in the sixth, and before the eighth round was over Wells was bleeding profusely and appeared to be in a bad way. Moran was smiling and confident.

In the tenth Wells slipped and Moran shot viciously into the jaw which sent Wells sprawling on his back. He lay until the count of six and then rose unsteadily, while the crowd roared with delight.

As Wells got to his feet Moran sent another lightning right to the jaw and the Englishman took the count. The bout was a twenty round match for a purse of \$3,500.

PECULIAR NOTIONS OF BATTERS.

Tyrus Cobb Always Fussess at the Plate.

Batters have their peculiar notions about taking their position at bat, and most of them have some little oddities they indulge in just before stepping into the batter's box. It is generally believed that by going through a certain set of motions and ridiculous didos it will bring good luck. One of the most curious is a ritual of a certain number of steps, a certain number of jumps, or a certain number of jumps, or a certain number of jumps, or a certain number of jumps.

However, the great batsmen of the game, with few exceptions, rarely indulge in any of this fancy stuff, either before or after getting to the plate. Sam Crawford, Lajoie, Honus Wagner, George Kinnell and Jeff Fecker, former of the Siegel-Cooper baseball club of New York city; James Blair and Captain Ellsworth, formerly of the Little Potatoes Hard to Peel, and Frank Andre, who pitched for the Freshman team of Yale in 1910.

With this bunch of players, Captain Ellsworth expects to bring a few scalps home to his friends. For their first game the captain would like to hear from the Independents, who were the league appeared in Monday morning's Bulletin. All communications will be taken care of by Captain Ellsworth or Manager George Geophert, care of the American Thermos Bottle company.

SOCCER SALARIES CUT.

English Players Feel Effect of War as Gate Receipts Have Fallen Off.

London, March 29.—With the exception of a few players who were lucky to obtain contracts until April 1st, 1915, calling for an English soccer professional have had their salaries reduced for the next football season commencing on April 1st.

The football association has made an important change in its rules fixing the maximum salary of \$15 a week for players in the first division, and \$12 a week, or \$10.00 per annum, in addition to this reduction, salaries during the summer months have been fixed at \$10 a week, or \$8.00 per annum.

Only by made in future for the season from Sept. 1 to April 1, 1915, at \$12 (\$10.00 instead of \$2 weeks at \$20 (\$10.00).

Owing to the effects of the war, the gate receipts have fallen off to an alarming extent, and season tickets have not been bought with freedom. Few of the clubs have been able to pay their players, and many are in arrears, as compared with last year. It will require careful financing at the end of April to save many of the clubs from collapse.

AHEARN'S TWO RECORDS.

Has Been With More Champion Teams Than Any Other Player in World.

Walter Ahearn, who backstopped for the New London champions last year, holds two records. He has been with more champion nines than any other player in the world.

Johnny Evers of the Braves and Cubs and Ed Dougherty of the Red Sox and White Sox have made a big fuss because they were registered on two champion teams. Ahearn goes through two best player of the year four blue ribbon nines and three more which finished in second place.

Ahearn's career has been one of the most spectacular of any player in the Connecticut or Eastern association. He began professional baseball playing for the New Haven team in 1902, from the Edgewoods of Westville.

Prizefights Illegal in Nevada.

Carson City, Nev., March 29.—By vetoing today the bill permitting 20 round boxing contests, passed at a recent session of the state legislature, Governor E. L. Rhea has effectively prohibited prizefighting in Nevada, having already signed the general revenue bill which repealed the law under which ten round prizefights have been held during the past two years.

The boxing bill was an amendment to the act of 1907 permitting finish fights, as amended by the legislature of 1913 which limited contests to ten rounds.

Clabby Took No Chances.

Because they believe a hoodoo however grave of Billy Clabby, champion, former Middleweight Champion Jimmy Clabby and George Chip did not visit the bier of the departed pugilist at Grand Rapids, Mich., because of their belief on the experiences of other fighters who have visited Ketchel's grave. Johnny Coulton took his share of the knock out by Al McCoy, barely a month after he paid homage to the remains of Stanley.

Chinese Candidate for Syracuse Crew.

Among the candidates trying for coxswain in the Syracuse varsity eight oared shell this spring is Harry M. Au, a Chinese undergraduate who weighs 170 pounds. Au is the first native of China to try for a place on a Syracuse crew, although a number of his countrymen have from time to time attempted the university. Au is believed to be the intercollegiate regatta at Poughkeepsie on June 28.
