Horns have gone wild over "GETS-IT"—nothing like it ever known. Some folks, to this day, putter around with bandages, sticky tape, thick plasters, corn "pulling" salves, gouge corns out with knives, snip them with scissors, make them bleed and then howl because they cause, get rid of sore corns. Use "GETS-IT." There's nothing to do but apply 2 drops. The work is done. "GETS-IT" does the rest. No pain, no fussing, no changing shoes, no limping. It never fails. JEWETT CITY. Ill Health Compels Rev. Edward M. Hayes to Take Lengthy Vacation—Mr. and Mrs. E. B. Cheney Leave for California—Big Price for Round Hill Lambs.

At the several masses at St. Mary's church Sunday the Rev. E. M. Hayes announced the fact of his resignation from this parish to take place at an early date. This action is taken upon the advice of physicians and friends who recommend and advise a lengthy vacation. It was with much regret that the members of the parish and his many friends outside the church learned of this decision. Father Hayes will not at present take charge of another parish, nor has it been decided by the Bishop who will be his successor here. During his four years as rector here, the debt contracted when the new church was built has been lifted several thousand dollars. The Sisters Academy has been inaugurated, and many improvements made about the church and rectory grounds. In connection with the establishment of the David Hale Fanning park and the purchase, and erection of the soldiers' monument, the wisdom of his judgment as a member of the committee was much appreciated by the other members serving with him. Father Hayes will leave Jewett City with many pleasant remembrances and with the best wishes of many friends.

Start for California. Mr. and Mrs. E. B. Cheney started for California Monday morning. They plan to remain for a year, the greater part of the time to be spent in San

GIFT FOUNTAIN FOR WESTERLY

Mrs. Henry A. Griscom Offers Statue of Ninigret as Memorial to Her Husband—Accepted by Town Council—Natalie De Bartlo Escapes After Shooting Brother-in-law—Officers of Palmer Chapter—Missing Wheeler School Student Returns.

"It seems to be very difficult to give something to the town of Westerly, judging from this dilatory action," remarked Councilman Charles Craig at the monthly session of the Westerly town council Monday. The remark was made after Councilman Haswell had raised many points of responsibility in the part of the town in the offer of Mrs. Frances C. Griscom to present the town of Westerly as a memorial to her husband, Henry A. Griscom, a bronze statue of Chief Ninigret, made in Paris at an expense of \$4000. Mrs. Griscom has already prepared a pedestal for the statue, which represents Ninigret in a stooping position with a fish in each hand, with the intention of having water flow from the mouths of the fishes, to quench the thirst of birds and dogs. The offer provides for the location of the statue at the entrance to Ninigret avenue, off the Watch Hill road. Mrs. Griscom states, however, that if it ever became necessary, in the judgment of the town council, to remove the statue to some other location, it be to some equally prominent place within the boundaries of the Watch Hill fire district. Mrs. Griscom also expressed willingness to bear the expense of relocating the iron drinking fountain, removed to make way for the gift fountain and statue.

Councilman Haswell, chairman of the highway committee, raised a question as to the legal right of the placing of the original iron fountain at the entrance to Ninigret avenue and was of the opinion that the present pedestal for the bronze statue was there without authority. He spoke at length on these points and urged that care and good judgment be exercised before the proposed gift be accepted. Councilman Thomas explained that the Watch Hill Improvement Society was given authority to remove the iron fountain and to erect a new one in its place. He stated that the society had already paid back the subscriptions direct to the subscribers, and

President Culley said he had been notified by Eschir R. Wilcox, a writ for Washington county, that the state had dispensed with the services of Charles Taylor, who had been janitor of the state house, and that under agreement between the town estate, the town was to take care of the whole building, and which was correct, as stated. Mr. Culley added that Clark Whipple, who was custodian of the building would assign the work of the building to Mr. Culley also that Mr. Taylor had received no pay for his services as janitor for the past three months. Mr. Culley also stated that the state to pay him for faithful service rendered.

ITCHING PIMPLES ON FACE AND ARMS. Would Turn Into Blotches. Caused Disfigurement. Had to Keep Arms Wrapped Up. Used Cuticura Soap and Ointment. In 2 Months Well.

46 Wight Place, Springfield, Mass.—"My baby had pimples on his face and arms and they would turn into blotches. They caused disfigurement while they lasted and they itched, for he would scratch till he would bleed. When he scratched, wherever he put his hands afterwards on his face or arms, other pimples would appear. Night he woke up crying and I had to stay awake with him to warm water and bathe him. I had to keep his arms wrapped up most of the time on account of his clothes."

"I used a number of salves and other remedies, but none did any good. Then I read about Cuticura Soap and Ointment and thought I would try them. In one week I could see my skin beginning to clear up and in two months it was all well." (Signed) Mrs. J. Pettie, October 16, 1914.

Is Coffee After Your Job?

The average cup of coffee contains about 2 1/2 grains of caffeine, a poisonous drug that handicaps the efficiency and chances for promotion of many bright men and women.

"Down at the Junction," writes a railroad man, "where I am employed as Telegraph Operator and Towerman for a busy railroad, where every second counts and where I hold the lives of an entire train crew and passengers in my hand, I found coffee was making me dull and exceedingly nervous."

"My wife told me about Postum. I tried it and liked it. I never drink anything else now. I have a tin of Instant Postum in my mail. I feel fine, my brain is quick and active and there's no delay at the Junction while I'm on duty. I really think coffee would have put me out of a job if I hadn't quit it for Postum."
