GENERAL HUERTA PHOTO BY AMERICAN PRESS ASSOCIATION

New York, April 16.—Spies from the Junta of rival Mexican factions are closely watching the ex-dictator of Mexico in this city. The Carranza command general, Gen. Elias, said that in his opinion Huerta came a month too late to lead a revolt in Yucatan. Another suspicion of the Carranza forces is that Huerta may be firing with the Villa forces. A member of the Madero family said that the Ma-

deros still denounce Huerta as the executioner of President Madero. Huerta remained all night in his hotel apartment but at day, with two friends and a special body guard, went to a Broadway restaurant, where he was recognized and the orchestra played the Mexican national anthem. The accompanying photograph of the former Mexican dictator was taken on his arrival in New York city.

horse and Gardner used very indecent language, saying that "he would make it cost her all that the horse was worth." She wanted the horse back because she didn't her home at Eastport, a competent trainer.

Gardner refused to give up the horse and she started appealing, procuring several letters to show the intimacy between Gardner and Mrs. Farrington, tending to show that she had given the defendant the horse.

Deputy Sheriff Tubbs testified to having replevined the horse and William N. Tubbs, son of the deputy sheriff, testified to being with his father when he found the animal.

Jack Gardner, the defendant, testified that Mrs. Farrington had not only given him the horse, but they had been so intimate that she had given him \$400 in cash aggregating approximately \$480.

George G. Avery, liverman, testified as to the value of the horse, and Mrs. Farrington testified that she had been in conducting races in Poquonoc, told of conversations between Mrs. Farrington and Gardner.

TEAMS FOR RIFLE MATCHES IN ARMOY.

Three Chosen by Norwich Rifle Club—Looking for Outdoor Range.

At a business meeting of the Norwich Rifle club held in the rooms of the Third company, C. A. C. N. G., in the state armory on Friday evening, plans were made for the holding of weekly indoor .22 calibre rifle matches. The first match is to be held on next Friday evening at the armory range, when three teams of six members each will shoot. The teams were selected as follows:

Team No. 1—Charles A. Burdick captain, Frank D. Davis, Benjamin F. Brewster, Walter E. Fuller, John W. Hisselien and E. B. Johnson. Howard Meyer.

Team No. 2—Louis Ortmann captain, J. H. Powers, C. A. Lathrop, Charles A. Thorpe, Allan Brown and Fred Meyer.

Team No. 3—Frank R. Wilson captain, William Lord, William S. Elliott, Seymour DeZusha, Charles Palmer and William Denison.

These matches are to be held so that the marksmen may be divided into classes. There are a number of excellent marksmen in the club, while others are not very familiar with the use of the rifle, and the matches will determine just what class each man will be assigned to. The rifle matches will consist of five shots standing and five shots prone.

A committee was appointed to secure an outdoor 600 yard range which the club will use in warm weather.

Help the Stomach Digest Your Food

When the stomach fails to digest and distribute that which is eaten, the bowels become clogged with a mass of waste and refuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.

Most people are naturally object to the drastic cathartic and purgative agents that shock the system. A mild gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not gripe or cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial bottle write to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

The Norwich Rifle club is now affiliated with the National Rifle association and have received their certificate of membership, which has been framed and hung in the club's headquarters at the armory.

In order to be able to secure ammunition and arms at reduced rates which are accorded the National Rifle association, each member must have a membership card in good standing. The club now numbers about 70 members, and they hope to increase this total within the next few weeks.
