

### After Your Child's Bath You Should Use Nothing But Sykes Comfort POWDER

because nurses and mothers have learned after twenty years experience that its habitual use, after the bath, keeps children's skin free from irritation and soreness.

It is agreeable to the most delicate skin, and is the only powder that should be used every day on infants and children, as a great deal of skin soreness is caused by the use of highly perfumed powders. Mother's own toilet powder is not adapted to the delicate skin of a child, while Comfort Powder is especially made for children. Trial Box Free to Nurses and Mothers.

Sykes' Comfort Powder is not a plain talcum powder, but a highly medicated preparation, which if used daily will keep a child's skin smooth, healthy, free from odors, chafing, itching and all irritations.

### COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich. — "I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong." — Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work. In these words is hidden the tragedy of many a woman, housekeeper or wage-earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one true and true remedy for the ills to which women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

SUIT TO RESTRAIN NEW YORK CENTRAL BOND ISSUE.

Of \$100,000,000 Debentures Filed by a Stockholder.

New York, May 4.—Suit to restrain the New York Central and Hudson River Railroad company from proceeding with its issue of \$100,000,000 six per cent. twenty year debenture bonds, which began May 1 was filed today by James Pollitz, a stockholder.

Mr. Pollitz objects to the use to which the money is to be put, charging that such use would be in violation of the laws of some of the states in which the company operates and protests against the terms upon which J. P. Morgan and company are acting as fiscal agents and arranging for the underwriting of the bonds. This arrangement he asserts, would result in the "payment of exorbitant and unconscionable profits to the said fiscal agents and underwriting syndicate."

The railroad company, its directors and the New York Realty and Terminal company, characterized as "a mere mask to permit the railroad company to do business which a railroad company is not permitted to do under the laws of the states in which it is organized" and the realty company's directors are made defendants to the suit.

Mr. Pollitz asserts that he is the owner of 120 shares in the railroad company and that he protested at the stockholders' meeting in Albany April 20, and demanded a roll call and stock vote. This demand, he charges, was refused.

At the office of J. P. Morgan and company inquiries were referred to the legal department of the New York Central. There it was said no comment would be made until the petition could be read and digested.

Physicians testified that it would never grow out again.

At the session of the superior court for Washington county, held Tuesday, the case of the R. Sherman Sons company vs. John F. Davis was tried. This is a case brought to recover damages to the amount of \$1,000, alleged to have been caused to the property of the plaintiff, due to the neglect of the defendant in caring for a brook which runs through his property on Main street, when the water backed up and flowed over the plaintiff's land into a lumber yard. This case was tried at the last session of the superior court and the plaintiff was non-suited, being unable to prove allegations made in the declaration. Suit was brought again and Tuesday the plaintiff was non-suited again by Judge Charles F. Stearns. The first case was tried before Judge Chester W. Barrows.

The jury for the case consisted of William H. Leslie, George S. Eaton, Robert Burns and Eugene W. Smith of South Kingstown; John W. Soden of North Kingstown; Eliery C. Burdick, Clarence L. Clarke, Abraham P. Datson and George B. Taylor of Westery; John H. Reynolds and R. Frank Looney of Narragansett; William H. Leslie was made foreman. The jury, with Judge Stearns, viewed the premises.

PRESIDENT DECLINES TO MAKE CORRESPONDENCE PUBLIC. Between Himself and Gov. Ammons of Colorado—Deems it Inadvisable.

Washington, May 4.—President Wilson today declined to furnish the federal industrial relations commission with copies of correspondence between himself and Governor Ammons of Colorado, which had been requested by Basil M. Manly, representing the commission. "I complete its record" of its investigation into the Colorado coal strike.

Frank P. Walsh, chairman of the commission, in a statement issued recently, claimed that a representative of John D. Rockefeller, Jr., had prepared a letter to be sent by Governor Ammons to the president on the strike situation. Mr. Rockefeller or his representatives had anything to do with preparing any of the communications. In transmitting the letter to the commission, Secretary Tumulty merely stated the president did not deem it advisable to give publicity to the letters.

Petrograd, Via London, May 4, 9 p. m.—The following official communication was issued today: "In the Khori-Dalmon region of the Caucasus our troops, after two days of fighting, opened a determined offensive against Turkish forces under Khalil Bey and completely defeated the enemy."

"The Turkish losses may be estimated by the fact that more than 3,500 Turkish dead were found on the battlefield, 900 of whom were picked up in the center sector of the battle line along a front of 800 paces."

"At Dilman we captured a Turkish hospital, together with its entire staff. Pursuit of the defeated enemy continues."

BOSTON NEGROES NOT GUILTY OF INCITING A RIOT. In Displaying Movies Dealing With Southern Reconstruction Period.

Boston, May 4.—William M. Trotter, editor of a weekly newspaper and Rev. Aaron Fuller were today adjudged not guilty of inciting a riot on the night of April 17, in connection with a display of moving pictures dealing with the southern reconstruction period. Both the defendants are negroes. They have been on trial five days in the municipal court.

The judge expressed the opinion that the ticket seller at the theater was partly responsible for the disturbance because of alleged discrimination in the sale of tickets.

Trotter was fined \$20 for an assault on a policeman.

London, May 4, 7:40 p. m.—Walter Runciman, president of the board of trade, announced in the house of commons this evening that the British government had requisitioned the entire supplies of meat from Australia and New Zealand.

The supplies that were not needed for the army, Mr. Runciman added, would be marketed for the benefit of the civil population in order to prevent such increase in price as would arise from a shortage of supplies.
