Toads in Dutch Guiana.
The toad of Surinam, Dutch Guiana,
is very remarkable in one respect, it
swallows to life while on its
mother's back. When the eggs are
aid the male takes them in his broad
paws and contrives to place them on
the back of its mate, where they ad-
here by means of glutinous secretion,
and by degrees become imbedded in a
series of curious cells formed for them
in the skin.—Exchange.

Revolutionary Orderly Book Throws
Interesting Sidelight on Conditions.

A noteworthy set of autographs by
Stan. V. Henkels will begin in Phila-
delphia today (Tuesday).

Capt. John W. Venable's Orderly
Book, commencing at Albany April 20,
1776, and ending at Skeneborough
Aug. 20, 1776, embraces a period in
the Revolutionary history of New
York of the utmost importance. Un-
der date of July 20, 1776, there is this
interesting item about Benedict Ar-
nold, a native of Norwich:

The general is exceedingly aston-
ished and concerned to find such sus-
piciousness prevailing in the Third
brigade, stationed at Mount Independ-
ence, as if it were a time of profound
peace and no enemy to contend with.

He is therefore obliged to report to
Brigadier General Arnold and the col-
onel commanding brigades, and to ev-
ery commanding officer of regiments
belonging to those brigades, how
necessary it is in the present emer-
gency for them by their authority and
example to inspire all under them with
a spirit of emulation in forwarding the
work, clearing the ground and pre-
paring to receive the enemy. The
troops upon the Mount should be con-
vinced by their last year's campaign
at Cambridge that the great work of
war is not done in the quiet of peace
works. The general trusts they will
lose no time in raising them.

There is a letter to Eleazer Williams
dated Wethersfield Aug. 3, 1774, to

EX-CONGRESSMAN HOBSON IN FIVE YEARS

Ex-Congressman Hobson Says the Saloonless Nation Will
Come in That Time—Had Large Audience to Hear Him
at Central Baptist Church—Dr. A. C. Bane Also Spoke
in Prohibition Cause.

I would rather the armies of the
world attack this country, defenseless
as she is, if it would stop the man-
ufacture and sale of intoxicating liquor,
than have the traffic continue, said ex-
Congressman Richmond Pearson Hobson
of Alabama in his address in the
central hall of the Auditorium Monday
evening upon Destroying the Great
Destroyer.

Ex-Congressman Hobson is an ad-
vocate of greater military and naval
preparedness and of national prohibi-
tion of the manufacture and sale of
intoxicating liquors, and is appearing in
Connecticut in the temperance cam-
paign, beginning a campaign that is
intended to reach centers of 75 per
cent of the population of Connecticut.
His campaign is Dr. A. C. Bane. The
Anti-Saloon league, a national organiza-
tion working for a prohibition
amendment to the national constitu-
tion, is paying for the Connecticut
campaign.

The meeting was held under the au-
spices of the W. C. T. U. and the at-
tendance numbered over 300.
A few minutes after 8 o'clock the
meeting was called to order by Rev.
John Slocum, head of the temperance
church. Suspended from the choir
loft hung an American flag adorned
with a large white ribbon bow, em-
blazoned with the slogan "Christian
Temperance Union."

Dr. Howe Introduced Speakers.
Dr. Slocum read as the scripture
selection the 15th Psalm and then of-
fered prayer. The singing of America
was followed by the reading of the
D. D. pastor of Park Congregational
church, took the chair. In his brief
address Dr. Howe said that while the
temperance cause has never failed, it
has been taking steps to abolish
the drink evil, it is humiliating that
the two great English-speaking na-
tions in the world are engaged in a
war. The conscience of the world, he
continued, is aroused over the drink
question, and it is the duty of all who
are interested in the upbuilding of the
race to take their stand.

Dr. Bane Described Anti-Saloon
League.
Dr. Howe then introduced as the
first speaker Dr. A. C. Bane. Dr. Bane
is Brigadier General of the Anti-Saloon
League, and is a native of Norwich.
He described the purpose and ideals of
the Anti-Saloon league, and told in graphic
language of the fight being waged
against the liquor traffic. He said that
in his opening words Dr. Bane said
that he gave him great pleasure to face
such a gathering and said that it was
equivalent to the great work of war.
He said that the liquor traffic is now
being waged against liquor, the great-
est robber of the toiler's wages, the
greatest waster of the nation's wealth
and the greatest enemy of the human
race, and who are interested in
the upbuilding of the race to take
their stand.

Dr. Bane spoke of the prohibition
amendment of Europe in a manner
that is being made. He also described
the vote in congress last December and
said the question of national prohibi-
tion was a matter of life and death.
He said that the liquor interests work-
ed strenuously to nullify the amend-
ment. He said that the liquor interests
were against the amendment to the
state it has a majority of eight, but not the neces-
sary two thirds. He told of his
contest for election for senator from
Alabama, in which he was defeated.
He said the liquor interests worked
against him, and that even the demo-
cratic party organization was against
him.

National Prohibition.
Captain Hobson described the
vote on his amendment in the house
December 22, 1914. He said the
liquor forces, led by the house lead-
er, both in the senate and in the
house, were working to nullify the
amendment to the state it has a
majority of eight, but not the neces-
sary two thirds. He told of his
contest for election for senator from
Alabama, in which he was defeated.
He said the liquor interests worked
against him, and that even the demo-
cratic party organization was against
him.

The congress to convene in De-
cember next was not elected on a
national prohibition issue, he said,
and he hoped to be chosen in 1915
and to carry the amendment. There
would be an organization in every
congressional district and would-be
candidates would be questioned closely
as to how they stood on the issue of
national prohibition.

A majority of the republican party
is in favor of the amendment to the
state it has a majority of eight, but not the neces-
sary two thirds. He told of his
contest for election for senator from
Alabama, in which he was defeated.
He said the liquor interests worked
against him, and that even the demo-
cratic party organization was against
him.

Mr. Hobson made reference to his
past life. He said the liquor inter-
ests of Alabama declared him
dead politically. "I had rather be
dead politically," he said, "than to
be a proponent of the liquor traffic."

KNIGHTS OF COLUMBUS
IN STATE CONVENTION.

Assemble in Hartford Today—Election
as Delegate to National Convention
Conceded to Rev. W. A. Keefe.

The annual session of the state
council of the Knights of Columbus,
to which J. Edward Driscoll and Hen-
ry D. Buckley are delegates and John
M. Lee and William P. McGarry al-
ternates from White Cross council,
No. 13, of this city, is to be held in
Hartford today (Tuesday).

In the morning the Knights will as-
semble at the Garden at 8.30 and
march to St. Joseph's cathedral where
mass will be celebrated at 9 o'clock.
After the mass the delegates will
march to Post Guard armory and the
state council will open at 10.30. Mayor
Joseph H. Lawler will welcome the
delegates. The session will be con-
tinuous, until business is completed.

Contest Predicted.
A special dispatch from Hartford to
The New Haven Journal-Courier
says:
More than common interest is felt
in the Knights of Columbus circles
throughout the state in the state con-
vention to be held here Tuesday, for
while to all intents the purpose of
the convention is to elect state offi-
cers and state delegates to the na-
tional convention of the order to be
held in Seattle the first week of Au-
gust, there is a deep underlying con-
flict which is being waged in the
campaign for the election of delegates.

One of these factions which will
will nominate John P. Callahan as
delegate for Hartford district, is
lined up against the faction which
believes that a man interested in the
major business should not dominate
council matters in the city and dis-
trict. The candidate opposing Mr.
Callahan will be William W. Collins
of the city. The contest is being
conducted and endorsed by three
or four councils of Hartford.

William J. Mulligan of Thompson-
ville state deputy since 1910 is the
only candidate for that office, and is
conceded reelection.
The present state secretary, John
Phelan of the city, is in the race for
reelection against Philip Smith of New
Britain, a strong candidate, and popu-
lar in the order. J. P. Collins of
New London state treasurer will re-
treat voluntarily from that office, and
James Boylan of Middletown has been
suggested as a likely candidate to take
his place.

The candidate who will run against
William Troy of New Britain, the pres-
ent state warden, is M. F. Dwyer of
Putnam, who was defeated by Mr.
Troy two years ago.
Five delegates to the national con-
vention are to be named by the state
convention, and there are a dozen or
more candidates for the offices of
William A. Keefe of Plainfield, state
lecturer of the order, is conceded to
have a unanimous election. He has
been laboring and time unfruitfully
for the good of the order, and this is
considered a small enough tribute for
energy expended.

HOBSON TELLS BOYS TO
DEVELOP THEIR CHARACTERS
Prepare for Battle of Life—Guest at
Y. M. C. A. Banquet.

"The reason the Spaniards were de-
feated in the battle of Santiago harbor
was that they were not prepared and
the Americans were," said Captain
Richmond Pearson Hobson, ex-con-
gressman from Alabama, at the ban-
quet held in his honor by the Y. M.
C. A. on Monday evening, and making
the address at the anti-German riot
he urged the 60 boys present to be
prepared for the battle of life by de-
veloping their characters.

Seated at the head table were Cap-
tain Hobson, Dr. A. C. Bane, who is
accompanying Captain Hobson on his
temperance campaign, James L. Case,
president of the Y. M. C. A., General
Secretary Edwin Hill, Boston, and
J. H. Ely, Physical Director Orville
H. Nickerson and A. H. Chase, whose
guest ex-Congressman Hobson is while
in town.

President Case was toastmaster and
after his opening remarks, introduced
Dr. Bane, who was greeted with a
burst of applause. Dr. Bane
asked the boys what the plans for the
future were and what the underlying
motive is that is prompting their plans.
He said he feared that the underlying
motive for the majority of the boys
people is the motive of securing mon-
ey. The underlying motive of every-
one's life ought to be, "Where can I
find the best service? There are two
quantities that enter into real ser-
vice. The first is character, for man
must have character. The second is
efficiency. You cannot render efficient
service if you become addicted to the
use of alcohol. Dr. Bane said there are
two things that stand in the way of a
boy seeking a position and they are
cigarettes and intoxicants. There is
no place in the world for either.

American Boys' Possibilities.
Captain Hobson was next introduced
by President Case and a thunderous
burst of applause was given him as he
took the floor. Captain Hobson spoke
of the marked difference between the
possibilities of the American boy com-
pared with the possibilities of the boys
of other lands. These privileges of
American citizenship carry with them
definite responsibilities, and the Amer-
ican boy must live up to them. The
speaker suggested a method for the
boys to follow in shaping their lives.
After mapping out your plans, he said,
proceed to carry them out, and never
cease working until they are carried
out.

He then caught the undivided atten-
tion of every boy present by relating
several of his exciting adventures dur-
ing the Spanish war, and also told of
a visit he received from the commander
in chief of the Spanish army, while he
was a prisoner, and of how he later
repaid the visit when the Spanish
commander in turn was made a prison-
er by the Americans. The reason the
Spaniards were defeated was because

they were not prepared for battle as
the Americans were. Applying this
principle to the boys' lives, he urged
them to be prepared for the battles of
life by developing their character. If
you want to develop character you
must exercise the brain. Captain
