Heat Rash, Skin Soreness. Child's suffering relieved by Sykes Comfort Powder.

Here is proof and baby's picture. My work is entirely among infants. Five year old Sykes' Comfort Powder was recommended to me by an eminent children's specialist in Boston, as the best powder to use in my work. I must say it is a wonder worker. I am sending two pictures of little ones who both suffered severely from heat rash, which entirely disappeared in two days by applying Comfort Powder after everything else had failed.—Lillian A. Julliard, 20 Char'gate W., Boston, Mass.

Not a plain talcum powder, but a highly medicated preparation unequalled to deal skin soreness of infants, children and adults. Used and endorsed for 20 years by leading New England physicians, nurses and mothers.

Must Make Detour. Automobileists find that the route to Southbridge through Putnam is not just the one to take in reaching that point at the present time, on account of road work that is under way, obliging use of what is one section, little more than a woodland path.

Arrangements will be made for polling the city so as to have the one per observance of the Fourth. The safe and sane rule for the day that has been laid down for several years past will be observed.

Although the common council has not adopted such a rule for parking automobiles in the business section, it has been noted with interest by many that car owners are following the suggestion of leaving their cars standing at an angle of approximately 45 degrees with the curb.
