MOHEGAN PARK DR. W. K. TINGLEY Foot Path Completely Around Deer Yard—Special New Quarters for the Monkeys—Gift of Pair of Polish Fowl From Dr. W. K. Tingley.

By the policy adopted by the park board of gradually adding to the improvements at Mohegan park, this pleasure ground for the city's people is continually developing into a place where a pleasant hour or two can be spent both by the children and the grown-ups.

One of the latest of these improvements is the completion of a footpath all the way around the deer yard. The last side on which the footpath was built is the east side and this has now been completed so that it is now possible to walk entirely around the yard.

Superintendent John Duff has had moderate success this season in attempting to increase the feathered family at the park by hatchlings from the eggs of the pheasants, turkeys, ducks, geese and chickens.

Not so many chickens were raised this year as in the past few years. Superintendent Duff has raised a number of partridge Wyandottes as he favors the breed for setting hens because they make good mothers for the broods of ducks each year.

NO REASON FOR IT When Norwich Citizens Show a Way. There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Norwich citizen says:

Mrs. Mary Nett, 488 Main St., Norwich, says: "For many years one of my family was subject to attacks of kidney complaint. He suffered from pains across his loins and at times could scarcely get about on account of his back being so stiff and lame. The kidney secretions were irregular in passage and often contained blood. I bought Doan's Kidney Pills, procured at N. D. Sevin & Son's Drug Store, proved of benefit from the first and soon every symptom of kidney complaint disappeared. I willingly confirm all I said in praise of Doan's Kidney Pills in the statements I gave a few years ago. Nothing has occurred to change my high opinion of this remedy."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Prosser, Buffalo, N. Y.

WEST SIDE RESIDENTS COMPLAIN OF LODGERS. Two Men Taken from an Outbuilding on Maple's Farm.

Lacking settled habitation and even a transient place of abode, two elderly men, James Grogan, 65, of South Boston, and Edward Casey, 67, of this city, took refuge from the unusually heavy dew of Wednesday evening in an outbuilding that was taken the scope on the John Maples farm on Asylum street. But people who lived nearby did not recognize the two individuals as chickens come home to roost, and promptly told Captain Twomey about it at police headquarters.

UTILITIES COMMISSION CALLS FOR EXAMINATIONS For Motormen and Conductors on All Trolley Lines of State.

Contrary to the published report that examinations for the motormen and conductors were to be instituted by the officers of the Shore Line Electric Railway company, the examinations that these trolley employes are to undergo have arisen through the public utility commission's order. This new regulation covers the trolley companies all over the state and on some of the roads the examinations have already been carried out.

Understanding of where the demand for these examinations arises is dispelled by the company in a desire to get back to the motormen and conductors in a recent demand for a readjustment and advance in the wage scale.
