

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota. "I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound." Mrs. F. W. LANSING, Box 5, Ailyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, ranging three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound? For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Insurance Companies May Contest Claim—Apple Orchard Raiders Hailed Before Court—Funeral Service For Ulysses Jessup.

Representatives of insurance companies who carried risks upon John Kilborn of Mexico, N. Y., who died suddenly in a Putnam hotel a few weeks ago, have interviewed Coroner A. G. Bill relative to case. It is understood that the companies may contest the claims. Earl F. Wood has returned from a visit in Providence and leaves for Maine for a visit with friends. Mrs. C. B. Horton, who has been a patient in a Worcester hospital, has returned to her home here. She has not fully recovered from the effects of an accident. Mr. and Mrs. William Bachman, who live in the Squar Rocks district of the town, have invited the members of the patriotic society, the Danielson to be guests of an outing at their farm tomorrow.

Corn Field a Wonder. W. E. Brown of the Shepard Hill farm at Wauregan has a 40-acre corn field that is the wonder of all who have seen it. It shows the excellent results of intensive agriculture.

Raiders Before Court. Peter Charbonneau, who owns property at the corner of North and Mechanic street, caused the appearance in court of three men, three men and three women for visiting his place and raiding his apple orchard at midnight. Judge Woodward indicated his suspended judgment upon the payment of actual costs by the defendants.

Civil War Veteran Buried Here. The body of William Goodell, a veteran of the Civil war, who died in Providence, was brought here Saturday afternoon for burial in Westfield cemetery. Members of the G. A. R. attended the funeral and conducted the committal service at the grave.

Body Brought Here From Arlington. Saturday afternoon the body of Mrs. Anna Bard, wife of Ernest R. Bard, was brought here from Arlington, N. J., where Mrs. Bard died, for burial in the cemetery at Brooklyn. The committal service was read by Rev. James H. George, Jr., pastor of St. Ann's church. A. F. Wood was the funeral director.

FUNERAL

Ulysses Jessup. At the undertaking rooms of Louis E. Kennedy a funeral service for Ulysses Jessup, who died Thursday night at his home on Railroad street, was conducted by Rev. Clarence E. Chester of the Congregational church, Sunday afternoon at 2 o'clock. Burial was in Westfield cemetery.

Home From Vacation. Rev. James H. George, Jr., conducted his first service at St. Alban's church since returning from his vacation on Sunday morning.

Burned By Alcohol. When some alcohol he was handling accidentally ignited A. F. Wood slightly burned his right hand and left wrist.

D. E. Jette motored to Providence with a party of friends. Dr. J. B. Sweet of Griswold has been a recent visitor in Danielson. Mrs. Ellen Snow returned to Whitinsville after a visit here.

May Use Auto On Road. After the first of the year Rural Carrier A. W. Logee will probably use an automobile in covering the route from the Danielson office.

DROVE MACHINE ON WALL.

Driver Plunged Under Auto But Escaped Without a Scratch. John W. Albro of Wauregan added another instance of almost miraculous escapes from fatalities in automobile accidents in this town during the past few days when he drove his machine over the wall of a building.

Mr. Albro was en route to Wauregan from Putnam with a load of fruit aboard his light touring car when the accident happened. As he swung down the state road from Attawaugan and across the tracks into Dayville in the rear of the Labeled building he abruptly slowed down to make the right angle turn into the Dayville-Williamsville highway at the end of the structure and head east but instead of this he drove directly across the main street of the village.

To guard against accidents at the cellar for his new building Mr. Riley had set out two lanterns, a considerable distance apart, so that he knew he was going to have difficulty in driving between the two lights of an approaching car, steered his machine on a course that would take him directly between the points at which the lanterns were set, mistaking them for road guides.

When the machine reached the lights it plunged off the wall into the cellar, a clean drop of from eight to ten feet, ploughing its nose into the soft dirt at the bottom and did a half somersault, landing upside down, with Mr. Albro pinned underneath. His calls for assistance attracted the attention of James Walker, who summoned aid and released Mr. Albro, who was unable to get out by himself. He escaped without a scratch. The car was only slightly damaged, having a bent forward axle, a smashed windshield and smashed lights. The machine was gotten out of the cellar Saturday morning. It was fixed up at a Dayville garage and in the

County Sealer's Compensation Fixed at \$5 Per Day—Improvements Needed at Jail—Rev. F. D. Sargent to Observe 25th Anniversary as Pastor in Putnam.

Rev. Charles F. Bodard has returned here from Stamford. Father Bodard's health is improving, but he has not regained his strength as yet. Rev. J. R. Danforth, D. D., of New London conducted the morning service at the Congregational church Sunday. Miss Gertrude Perry was leader of the Y. P. S. C. E. meeting at the Congregational church Sunday. Ray A. Sacks of Beverly was a visitor with friends in Putnam over Sunday.

Here from California. Mr. and Mrs. Louis Bellesera of Oakland, Cal. are guests of Postmaster Alexander Adams and other relatives in Putnam. Mr. Bellesera was for 48 years an employe on the street railway lines of Oakland across the bay from San Francisco, his experience covering the horse, cable and electric car periods. He is now retired on a pension.

Lecture on Settlement Work. Miss Katherine Bill of Danielson gave an intensely interesting lecture on Settlement Work and Suffrage before members and guests of the Putnam Educational Franchise League at the high school grounds. Other speakers were Miss Rosemond Danielson, Putnam, and Mrs. Benjamin Green of Chicago, who is a guest of Mrs. Rita Robinson at Danielson. Mrs. W. J. Bartlett presided.

Representative Sessions L. Adams of the town of Plainfield was a visitor in Putnam Saturday. E. M. Warner is to be the leader of the mid-week service at the Congregational church Thursday evening. Chester E. Child has been at Northfield attending a meeting of the officers of the Connecticut Sunday School association.

Sunday Outings. John A. Foster of Wyoming, R. I. was a visitor with friends in Putnam over Sunday. The heat in the city was the means of sending a great many of the residents of the city to Wildwood park and Webster lake for Sunday outings. A party of Putnam people made a motorbus trip to Rocky Point on Sunday.

A regular monthly meeting of the common council is due to be held Tuesday evening. Rev. F. D. Sargent is to be at Oak Bluffs, Mass., during the greater part of his vacation period.

Died at Woodstock. Mrs. Harriet Mathewson, widow of William W. Mathewson and mother of Judge A. McC. Mathewson of New Haven, died Saturday morning at her home in Woodstock, where she had been a well known resident for the past 56 years. Mrs. Mathewson was a native of New York state.

Sleeping Quarters Outdoors. It is not often in this section that heat becomes so excessive as to make it a reasonable choice to sleep out of doors, but this has been the rule for many people during the past few nights. Verandas and hammocks have been in use as sleeping quarters and have been found far more comfortable than the usual sleeping apartments of the Putnam people who have made the change.

To Observe 25th Anniversary. The following committees have been named in connection with the arrangements for the observance of the 25th anniversary as a pastor in Putnam of Rev. F. D. Sargent: Reception, Mr. and Mrs. F. D. Sargent; invitation, Judge and Mrs. E. L. Warner; refreshments, Ladies' Social circle; printing and publicity, L. O. Williams, Harry E. Meinken; finance, C. E. Child. Acceptances have been received from nearly all of the speakers invited to participate in the programme.

Investigating Kilborn Case. Another agent representing a New York insurance company that had an accident policy covering John Kilborn, who died suddenly in a local hotel during May, was here Saturday investigating the case. Mr. Kilborn was a traveling salesman of advanced years and was in excellent health when he arrived in this city.

The visit of the latest insurance agent here was on much the same errand as brought the first one, the circumstances having been related in a previous issue.

According to the agent who was here Saturday, all the circumstances attending the handling of the Kilborn case here were perfectly regular. Kilborn's valuables have been returned to his family and a receipt is held for them.

SEALER'S COMPENSATION FIXED. At \$5 a Day for Not More Than 200 Days and Exclusive of Contingent Expenses. Senator Charles O. Thompson of Pomfret presided at a meeting of Windham county members of the last general assembly held at the Putnam inn here Saturday, and Representative Clarence E. Chester of Chaplin acted as secretary.

The meeting was chiefly called for the purpose of fixing the compensation of the county sealer of weights and measures as required by an act passed by the last general assembly, this act requiring that such action be taken by the county delegation prior to Aug. 1. It was unanimously voted that the compensation be at the rate of \$5 per day, and for no more than 200 days, this to be exclusive of contingent expenses incident to the discharge of the sealer's duties.

While all of the towns of the county were not represented at the meeting there was a good attendance. County Commissioners E. H. Hall of Windham, E. H. Curtis of Thompson and John A. Dady of this city were present.

Conditions at County Jail. In reviewing county affairs in an address to the meeting, County Commissioner Curtis expressed his opinion at the county jail and at the county home for children. Improvements at the county jail are necessary, especially to the cells, which are not considered sufficiently secure to securely safeguard any criminal that might be held there to answer the charge of a high crime at a session of the superior court.

After the meeting, County Sealer Johnson entertained the legislators at a dinner at the inn. Derby—Work on the high school addition has progressed so far that there is apparently every reason to believe the job will be completed in time for the opening of school on September 7. The plasterers have practically finished.

Miss Anna Gifford of Stonington is spending some time in town with her aunt, Mrs. John Kilroy. Miss Beesie Kempton and guest, Miss Wright of New York, have left town for a tour of New England in Miss Wright's touring car, going from here to Cape Cod and then to the White mountains.

Miss Sybil Kilroy has been spending a few days at Ocean Beach. Another Dressing for Road. Road Inspector F. L. Olcott has had workmen spread another dressing of salway calcium on the stretch of road between the Norwich Acon line and Smith's Corner.

Grading Schoolhouse Hill. Employees of the road department of the town of Norwich have been busy during the past week grading Schoolhouse hill and filling in the bad places, using the sand and loam that has been dug out from under the schoolhouse by the workmen who are in charge of alterations there. As no repairs have been made on the hill this year and the recent rains gutted it so much, George Manning, who lives on the hill, a civil engineer, suggested that this would be an ideal time to make repairs to the hill and filling in the bad places, and was acted on and much improvement noted already.

THE best Pneumatic Tire is only as strong as its weakest part. Strengthening its strongest parts is as useless as putting a fifth Wheel on a Wagon. Yet this is often done to provide "Selling-feature" and "Talking Point." The weakest part of every Pneumatic Tire is its Walls or Sides, not its Tread, its Cotton Fabric or "Stocking," not its Rubber "Sole."

But, notwithstanding all this,—the FABRIC is the part of the Tire which goes first. Because the sides of the Tire do most of the work in running,—bending and stretching a million times an hour, in scores of different directions. This bending of the sides causes Friction between the layers of Canvas working against each other,—Friction causes Heat—the Heat cures and dries out the Rubber Adhesive between layers, which then separate from each other, in spots, the threads weakening or wearing out chafing against each other. Then you have, in due time, the incipient blow-out, or other form of Tire-Death.

WE use nothing less in Goodrich Tires, and test every foot of it up to 380 lbs. to the Square Inch, before we percolate it with the most adhesive Rubber Compound ever made for this purpose. We then shape this rubberized Fabric into Tires, with scrupulous care to have the tension on each square inch of fabric precisely the same,—that tension being controlled by a machine as sensitive as the eye, and infinitely more precise than the handwork of the most skilled Operative could make it.
