OBITUARY. Peter M. LeClair. Peter M. LeClair is dead at his home on Providence street, after an illness of a year or more. He was one of the wealthiest and most influential French Canadians of Eastern Windham county.

Peter M. LeClair was born in St. Ours, Canada, March 2, 1847, son of Phelix and Apoline (Dubois) LeClair. He attended the public schools in his native town and before his education was finished removed with his parents to Southbridge, Mass., in 1856.

He came to Putnam in 1862 to be employed by L. M. Dean in the carriage making business. In 1868 he went to Plainfield working for Torrey Brothers, carriage makers, un-til 1875 when he started in business in Central Village.

A few years ago he took his sons into the business and conducted it under the firm name of P. M. LeClair Sons' Company.

On May 17, 1889, he married Miss Georgiana Mondor of Thompson. Ten children were born to them, two of whom died some years ago. Those surviving are, Louisa, Eva, Hector, Alvia, Maria, Louise, Loretta and Rebecca.

He was a member of the society of St. Jean Baptiste and Knights of Columbus, all of whom work with Mr. LeClair in the internal revenue office in Hartford. He left Saturday evening for Rocky Point and at the station Mr. McGrath, who is an ardent supporter of the Votes for Women movement, made a speech in behalf of Hartford Labor day in Mr. Coady's automobile.

CATTLE, POULTRY, SWINE AND SHEEP

(Continued from Page Eight)

In the cattle line is James B. Palmer of Round Hill stock farm. The principal attraction in his stalls is the pair of monstrous Hereford oxen, who are black and who tip the scales at 4200 or better at the age of 7 years.

This is the fourth year that Diamond and Lion have made their appearance at the New London county agricultural fair, and Mr. Palmer says they are the largest oxen on the fair grounds.

Forty head in all represent Round Hill stock farm, and Mr. Palmer is generally found in the midst of an interesting discussion to whom he is explaining the merits of his cattle. In addition to the large oxen, Mr. Palmer has on the grounds Jersey cows and bulls, among which is a 4 year old and a 2 year old.

At the other end of the long line of stalls are some half dozen pens of swine belonging to Round Hill stock farm. Here are stout young Chester pigs in one pen, four Berkshire young boars in a second pen and three black and white fat sows, and there are also two large Chester sows.

Mr. Palmer is the principal sheep exhibitor, having 32 on the grounds. Included in these are the well known Dorsets, Shropshires, Southdowns, five angora goats or cashmere sheep, as they are also known, and a herd of nine Scotch Highlands which Mr. Palmer says is the only herd of its kind in the state, and there is only one other herd in New England.

Mr. Palmer imported the Scotch Highlands a year ago and prizes them very highly.

Pedigreed Stock from Westfarms. Oliver Chapman Gardner of the Yantic Westfarms exhibits about 15 head of cattle, including Eminent Best's Orel and his pedigree extended back for some generations. Eminent Best, 2d, his mother, holds a registration of merit, and Eminent Best's Orel has a registration of merit for milk in the United States.

His grandfather on one side got 52 points in the registration of merit and his grandfather on the other side has 15 points to his credit. The dam is the only daughter of Eminent Best.

Eminent St. Jap, the junior bull, 28 months old, is seen again this year. Last year Eminent St. Jap took first prize as a calf bull and this year he is entered as a yearling. Both Eminent St. Jap's grandmother and grandfather were imported to this country.

Mr. Gardner has nearly 40 head of cattle at his farm.

Jerseys from Lebanon. King Carnival, 2d, a handsome large thoroughbred Jersey bull, weight about 1300, is the principal attraction at the exhibit owned by C. S. Briggs of Lebanon's King Carnival, 2d, is of fine color and has an excellent head. He is 3 years old and is highly prized by his owner.

Another of Mr. Briggs' favorites is Gerie's Gold Boy, a sleek year old bull with excellent markings. Mr. Briggs says Gold Boy will be a prize winner. Besides these two bulls, Mr. Briggs has three cows, 4 years old, one 2 year old, one 1 year old, all thoroughbreds, two grade calves and a dozen or more grade cows, all of which are in the pink of condition.

Fine Holstein Herd. E. A. Hozie of Lebanon has a fine exhibit of Holsteins. Included are a large 2 year old bull with fine markings, one old herd, a herd 8 and 2, six

OLD AND NEW WAY TO TREAT CATARRH

Breathing—Germ Killing Air, Endorsed By Actual Results.

The discovery of Hyomel has wrought a wonderful change in the treatment of catarrh.

Prior to three years ago the medicines ordinarily employed in the cure of this disease were drugs, sprays, lotions, etc. In some instances they benefited, but the improvement was not lasting.

With Hyomel you take into the air passages of your throat and head a balsamic air that goes into the minutest cells, and should effectually kill all germs and microbes of catarrh. Its purpose is to enter the blood with the oxygen, killing the germs in the blood, and restore health to the whole system.

Many astonishing testimonies have been received from those who have been helped by Hyomel.

A complete cure, in inexpensive and painless inhalation, deeper and sufficient Hyomel for several weeks' treatment.

Perhaps, the strongest evidence, that can be given to convince, is the fact that Lee and Gogood have so much faith in Hyomel that they sell every package under a positive guarantee to refund the money if it does not relieve.

Now is the time to begin the use of Hyomel and rid yourself of this serious and oftentimes dangerous ailment. Nothing is gained by waiting till the vicious microbes of catarrh have made still further inroads on your health.

Duffy's Relieved Insomnia and Indigestion

Indigestion and Insomnia are two distressing complaints, which are hard to conquer with drugs. But here is a case where Duffy's Pure Malt Whiskey, a true product of nature, came to the relief of Mrs. Amelia Lang, again proving the benefit this great "Medicine for All Mankind" really is to suffering humanity. "After being troubled with sleeplessness and indigestion for some time and not being able to obtain any relief I read one of your advertisements of Duffy's Pure Malt Whiskey and decided to try it. I must say that my indigestion has disappeared and Duffy's is the only thing that overcomes sleeplessness. I will always keep bottles of Duffy's Pure Malt Whiskey on hand as I feel it to be a household remedy."—Mrs. Amelia Lang, New York Ave. & 23rd St., Jamaica Court, L.I., N.Y. Being an absolutely pure distillation of thoroughly malted grain.

Duffy's Pure Malt Whiskey

prompts the stomach to healthy action, promotes digestion and assimilation of the food, enriches the blood, and brings strength and vigor to the system. With the prescribed advice of a tablespoonful in water before meals and upon retiring, fatigue is diminished, the nerves are soothed to the point of allowing restful slumber, and in stomach troubles, Duffy's seldom fails to bring about results that are most gratifying. Because the stomach is not required to deal with substances strange to its methods of working, as in the case with ordinary tonics, those who "Get Duffy's and keep well" are ever grateful for its wonderful nourishing qualities.

Sold in SEALED BOTTLES ONLY. Beware of imitations. Get Duffy's from your local druggist, grocer or dealer. If you cannot find it, write us, we will tell you where to get it. Mailed free.
