Nearly 20,000,000 pounds of wheat have been exported from Archangel since May. An ordinary bookkeeper's hand travels about 10,000 miles a year over ledger pages. The New York Bankers' Club membership controls \$2,000,000,000 in money and securities. Nearly two-thirds of the farmers in New York State buy butter instead of making it. Glass paving blocks used in an experimental way in a French city street lasted less than two years. The exportation of such considerable quantities of bristles is the more remarkable since the number of swine in Russia in 1913 was only 14,200,000, while the United States had 54,000,000.

I have chosen this day to be up and away (High-ho and heigh-ho!) Some jelly-bone fellow (a black bird or yellow). Will tell us "hullo" (with a note that is "mellow"). The modern inventor will make us bl
