MUST SPEND MORE THAN \$200,000

For Buildings at Mansfield for Training School for Feeble Minded—Judge Marvin Says Legislative Appropriation Made Will Not be Enough—Power Building and Laundry to be Built Now.

New buildings which are to be erected on the grounds of the epileptic colony at Mansfield are to be for the Connecticut Training school for feeble minded and will be a power building and laundry which will cost about \$25,000.

Although the last legislature appropriated \$200,000 for the establishment of the state training school for feeble minded, it is understood that it is the opinion of the commission having this in charge that the amount is entirely inadequate to carry out its plans.

The two new buildings to be erected now will provide power and laundry facilities not only for the school for the feeble minded, but for the epileptic colony also. Judge L. P. Waldo Marvin of Hartford, who is a member of the commission, said Saturday that the new main building for the institution for the weak minded would be ready for the reception of patients in about fourteen months.

The commission has just chosen the Norwich firm of Cudworth, Woodworth & Thompson to erect on the grounds at Mansfield the buildings which the commission will erect on the grounds at Mansfield. Some weeks ago, at the capitol, the commission examined a number of plans submitted in competition and spent an afternoon in examination and conference with architect. The commission adjourned without selecting an architect, but afterwards arrived at a decision which was in favor of the Norwich firm.

Judge Marvin said it was the intention of the commission to provide plans for the accommodation of nearly 1,000 patients. When the commission has a waiting list of 200 persons and the governor has a list of thirty or forty who cannot be accommodated, there are today 200 patients in the institution at Lakeville, and there is not room for any more. When the institution at Mansfield is finished all the male patients, who do not attend school because of their age or intellectual deficiency, will be transferred from Lakeville to Mansfield and the vacancies at the former place filled from those who are on the waiting list.

It is believed it will be necessary to continue the school at Lakeville indefinitely.

TAFTVILLE. Young Men's Social Club Hold Successful Dance—Games Postponed on Account of Rain—Personal.

The Young Men's Social club gave a pretty and successful dance at Sacred Heart parish hall, Saturday evening, with a large number in attendance. The evening was very climatic, Baltic and the city. The evening's enjoyment was marred for a few minutes owing to the fact that the electric lights went out, but lamps were secured and the dancing continued. Orangetide was served during the evening and the music for the dancing was furnished by Livingstone's orchestra.

Football Club Will Meet. The football club will hold a special meeting this evening to select a team to play next Saturday against Plainfield. The members are expecting to go into their new quarters in the basement of the boarding house some time this week.
