IN AND ABOUT WESTERLY

Daniel Sully's Son-in-Law Likes Film Acting—Annual Fox Hunt of Gun Club—Manuel Clay Arrested and Fined For Trawling Off Watch Hill—Phillips-Finley Wedding.

Douglas Fairbanks, the actor, son-in-law of Mr. and Mrs. Daniel Sully, of Watch Hill, likes the movies.

organized by audiences as denoting certain elementary emotions and as players become more skilled the screen language will become more complex and expressive and as it does players will cease mouthing a ridiculous practice.

"The movies get me. I'm for them and for them strong. It may be my success has warped my perspective a bit, but allowing for that, I still think they're pretty good."

When asked if it was not hard to work up enthusiasm when there was no audience to applaud, Mr. Fairbanks said: "There usually is a crowd about when pictures are taken and the people are the audience. Then the actor's vanity comes in for its share."

Mr. Fairbanks stood up and acted what he meant, saying: "I am standing here and I want the fellow over there to leave the door."

Seventy members of the Narragansett Gun Club and fox hunters from nearly all sections of Rhode Island are expected to meet at the annual meeting at Noosneck Hill, Sunday.

Soft, Curly, Wavy Hair Now Easy to Have

Beautiful, fluffy, natural-looking curls or waves without the use of the roughest curling iron, are now possible for every woman.

The Only Linens GUARANTEED to Wear

Perryvale Pure Linen Linens

Miss Mary H. Paterson, formerly of Westerly and now of the Newport hospital, sailed Monday from New York for Bordeaux to engage in Red Cross work.

William T. South, chief deputy fish commissioner of Rhode Island, when off Watch Hill, Monday morning, saw the power boat William C. engaged in auto-fishing.

Deputy South, with officers of the commission were cruising in the state's power boat seeking violators of the fishing laws, when they detected the William C. at work and placed Mr. Clay under arrest.

Local Laocenes. Macler had struck on plenty. T. Edward Peabody, has entered Alfred university.

conducting a revival in the Baptist Church in Bowling Green, Bradford.

Miss Edith J. Carr is home on a vacation from the Beverly hospital, where she is training to be graduated as a nurse.

Herbert J. McPherson, son of Mrs. Charles Boyd, has been missing since the morning of the 11th. He is eight years of age and was seen playing aboard a scow in the Pawtucket river at the foot of Orange street.

The Westerly High School team played a game of football at Westerly, Monday afternoon, at Westerly, with the team from the East Greenwich school, the visiting players being very much heavier and stronger than the locals.

STONINGTON Squadrino-Crumb Automobiles Collide—Travel Club to Begin Season—Death of Denison A. Chesebro.

An automobile owned and driven by Anthony Squadrino, of Stonington, and the big car owned by Ralph Crumb, with the owner at the wheel, were in collision near Albany street in Mystic, Sunday afternoon, the machines coming together when getting out of the way of an approaching trolley car.

The Stonington Travel club will resume its travels early next month, under the guidance of a committee composed of Mrs. Thomas C. Connell, Mrs. Charles H. Davis, Miss Frisella Lopez, Mrs. Stiles T. Stanton, Mrs. Dwight C. Stone, Mrs. Thomas Wilkinson, Mrs. Frank F. Lodge, Miss Mary Shilling, Mrs. Maria B. Trumbull, Mrs. Henry R. Palmer, Miss Laura T. Wood and Rev. Dwight C. Stone.

It is said that the fares of the Groton and Stonington trolley road will be equalized, so that each passenger will be required to pay for the distance ridden and no more.

Denison Allen Chesebro, born in Stonington 75 years ago, died Sunday afternoon at his home on the Westerly road. Mr. Chesebro is survived by one son, Ernestus D. Chesebro, two daughters, Mrs. Annie Northup and Mrs. Jennima Carson, a sister, Miss Prudence Chesebro, and a brother, Ernestus S. Chesebro, of Mystic.

The adjourned case of the state against Joseph Dangwich, charged with breach of the peace, was tried before Deputy Judge Fairbrother in the Stonington town court, Monday.

Calvary Baptist Sunday school will send a Christmas box of useful gifts to Indians.

NATIONAL DEFENSE PROGRAM CALLS FOR BILLION DOLLARS Will Be Laid Before the Public Nov. 4 in President's Address.

Washington, Oct. 18.—A national defense program that probably means an expenditure on the army and navy of upwards of a billion dollars in the next six years, will be laid before the people by President Wilson November 4, when he goes to New York to make his first public address since the scope of the program upon which his administration has embarked became known.

With the estimates of the war and navy departments submitted for the coming year, the breadth of the administration's policy, as to preparedness, is being realized. It shapes up in totals as follows:

Navy—for new ships and increased personnel in five years, \$500,000,000. Army—for reserve material (arms and ammunition) within four years, \$150,000,000.

For new coast defenses and modernization of old forts, within four years, \$51,000,000.

possibly the Bremer plan for this work. Development of the new building program must follow these restrictions.

The present program of not more than four big ships a year, it was pointed out today, also gives opportunity to keep the designs up to date from year to year.

A definite step toward enlarging the navy was taken today, when contracts were awarded for 32 of the fighting craft authorized by the last congress. They are six big cruiser destroyers, 36-knot boats, each to carry twelve torpedo tubes four 4-inch guns and two 3-inch anti-aircraft guns and sixteen coast defense submarines, each displacing more than 550 tons and each equipped with a 2-inch disappearing rifle for surface fighting.

Neither war nor navy department estimates for the coming year have been made public as yet in detail. It is learned, however, that the \$72,000,000 increase over last year's bill to be asked by the war department, \$46,000,000 would go toward reserve material and \$26,000,000 to be used in building up the new armies.

It is proposed to spend more of the money in building new forts to guard New York, San Francisco and other great harbors from attack. No 16-inch rifles will be mounted in all the defenses of first class where enemy craft with modern guns would be dangerous from great distance.

Another expenditure contemplated is for fitting the present 12 and 14-inch rifles with carriage that will give them greater range. Much already has been accomplished in that way and the work will be carried on. No 16-inch rifles will be installed in place of smaller guns, however, it is said, because to make all the changes in magazines, hoists, machinery and the like, would be more expensive and less satisfactory than to build new emplacements for these huge weapons.

The navy department has still to award contracts for the major portion of the building program authorized by the Army and Navy Appropriation Act awarded next month for four fleet submarines, bigger, faster and more powerful than the present fleet.

Of the \$68,000,000 increase to be asked for the navy next year the bulk would go into four ships, two super-dreadnaughts and two super-cruisers. They would be the first of the sixteen capital ships to be laid down within five years, under the administration program. The first of which would not be in commission until 1926.

The building of these four ships would tax the capacity of American private yards. There are only five yards now equipped to build such vessels, four on the Atlantic coast and one on the Pacific. The government itself has only one yard, the Brooklyn navy yard, where battleships can be constructed though it is planned to equip the Philadelphia yard also and

maned coast defenses, equipped with the largest and most powerful guns, machine guns, howitzers and big gun ammunition.

In addition, the enormously increased capacity of private munition plants would give assurance of supplies of small arms and field gun ammunition.

Interest in the coming election in New York state on Nov. 2 is centered on the new constitution which the voters are called upon to adopt or reject, and the woman suffrage question. The voters will decide whether or not the women of the Empire State shall have the ballot. The proposed constitution, which may make several changes of importance in the fundamental law of New York state, was

the product of the recent convention at Albany, presided over by Elihu Root. His friends say it will work beneficial changes in the government, but some labor leaders and others are attacking it. Frederick C. Tanner, chairman of the Republican state committee, is a strong supporter of the new constitution and has expressed the view that it will be approved by the voters.
