GRANT IS LICENSES. County Commissioners in Session Friday—Only Remonstrances Against Eli Dagenia's Place. The liquor licenses were granted by the county commissioners at their meeting here Friday in the selectmen's rooms in the town hall building. One remonstrance was filed against Eli Dagenia's place, who has applied for a license at his place on Railroad square, and a hearing in that matter will be held on a date to be fixed later by the commissioners. Judge A. G. Bill represents the remonstrants. Attorney Herbert L. Darbie is counsel for Mr. Dagenia. All of those who received licenses, and who open their places on Monday, had licenses when Kinglidy voted no-license in October, 1914, the law being as follows: D. H. Horton, the tavernage hotel; S. P. Humphrey, Jobabaquest inn; Patrick P. Murray, Joseph's Tavern; George H. Henshaw, Benoit Terrace; Thomas F. Killian, Amvedo Bernier, whose place are all located in a row on Main street, with the exception of Benoit Terrace, in the Davis building, Furnace street; E. S. Kennedy, the Kennedy house, Dayville; Lee A. Hagerman, Dayville. The druggists' licenses were granted to Moses Berthiaume, A. P. Woodward, L. J. Morin, George Berry, Danielson, Lee A. Hagerman, Dayville, and Blanche. The commissioners also granted a license while here to Clark Whitford of the town of Sterling, who for years has done business in Oneco, where his license will be in force. The commissioners received in license fees an amount of \$4,569, including the Whitford license. This year the liquor license fee has been increased from \$400 to \$450, and the druggists' licenses from \$50 to \$65. Of each license fee, the state takes 25 per cent, the county 10 per cent, and the town 5 per cent. The remonstrance against granting Mr. Dagenia's license is in air. One of the objections is that the place is located in a residential neighborhood and that the place of business is less objectionable on account of its location than the place of business of the other licensees. It is also claimed that the place is not a public place and that the place of business is less objectionable on account of its location than the place of business of the other licensees. It is also claimed that the place is not a public place and that the place of business is less objectionable on account of its location than the place of business of the other licensees.
