### "BEST THANKSGIVING EVER"

Declare Letter Writers From County Home Where Bulletin's Prize Turkey Was Enjoyed—75 Children at the Home Had All That Goes With the Prize Bird of the Season.

Eight of the 75 children at the county home acted as spokesmen for their ill in acknowledging by letters to the Bulletin the pleasure that it gave them to have for their Thanksgiving dinner the 25 lb. prize turkey that was donated to the home by the Bulletin. The best Thanksgiving dinner I ever had is the way several of them write. The following were the letters:

66 Smith Ave., Norwich, Conn. Nov. 25, 1915. Bulletin Co., Norwich Conn.

Dear Gentlemen: We thank you very much for the large turkey we had for dinner today. We had potatoes, turnips, onions, cranberries, bananas and many other things. We had a fine dinner. We feel very grateful toward you.

WILLIAM FITZGERALD. P. S.—I think this is the best Thanksgiving I ever had. W. F.

66 Smith Ave., Norwich, Conn. Nov. 25, 1915. Bulletin Co., Norwich Conn.

Dear Gentlemen: We thank you very much for the turkey that you sent me. Besides the turkey we had for dinner both kinds of potatoes, cranberries, turnips, onions, bread, dressing and bananas, but I think I enjoyed eating the turkey best of all. I will thank you again for sending us the turkey. I think it was very thoughtful of you and also very kind.

Yours truly, MINNIE WHITE. 66 Smith Ave., Norwich, Conn. Nov. 25, 1915. Bulletin Co., Norwich Conn.

I thank you very much for the turkey. We had a fine dinner. We enjoyed the dinner very much. It was very kind of you to send it. Truly yours, JOHN BAROLD WITTM.

E. C. GEER, Piano Tuner 22 Prospect Street, Norwich, Conn. Phone 511

SIR EDWARD CARSON ON INTERNATIONAL LAW. Fears It Has Been Entirely Abolished or Encompassed Upon.

London, Nov. 25, 2.15 p. m.—Speaking as the guest of honor at the American Luncheon club today, Sir Edward Carson, former attorney general, discussed "The Duty of Neutrals."

Sir Edward expressed the fear that international law had been entirely abolished, or at any rate greatly encroached upon, by the impotence of the neutrals themselves. After acknowledging the introductory speech, which praised him as an Irishman, Sir Edward said:

"I am proud to be an Irishman, but at the same time I am not a hyphenated Britisher. The speaker said he would make no startling revelations, for until recently he had been a member of the cabinet; at all events a part of it, though just how much of it he never quite knew."

"Discussing neutrality, Sir Edward said: 'America is the greatest neutral at the present moment. When I mention America as the greatest neutral naturally I turn to the conduct of the neutrals in relation to the mitigation of the horrors of war. And nothing fills me with more dismay when I think of the outcome of the horrible period through which we are passing than the fact—I am not blaming anybody, but it is a fact that international law, the product of all the peace instincts of all nations, with a view to preventing interruption to civilization, even in time of hostilities, has, I fear, been entirely abolished, or at any rate greatly encroached upon, by the impotence of the neutrals themselves.'"

Sir Edward concluded with the expression of the hope that the United States and Great Britain would be drawn closer in the interests of civilization and humanity.

### USURIOUS INTEREST RATES CHARGED BY BANKS.

Comptroller Williams Gives Instances of Such Practices.

Washington, Nov. 25.—In reply to criticisms by the American Bankers' association to his declaration that many American banks charge usurious interest rates, John Skelton Williams, comptroller of the currency, issued a statement tonight again giving instances of such practices.

Mr. Williams said it was true that a majority of the national banks obeyed the usury laws of the various states, but that the reports rendered to him showed, as he announced in speeches and previous public statements, that this was far from being usually true.

The only states where there were no national banks which admitted under oath in their statements of Sept. 2, 1915, that they were charging as high as 12 per cent, on any of their loans were Connecticut, Delaware, Mississippi, New Hampshire, Rhode Island, Vermont and Wisconsin."

The statement, it added that reports of Sept. 2, 1915, showed that 2,743 of the 7,613 national banks of the country were charging 10 per cent, on some loans.

Mr. Williams suggested that hereafter national banks be required to print in their published statements of conditions the maximum rate of interest charged. He expressed the hope that the association would work with the comptroller's office to end the practices complained of.

### CHARGED WITH CONSPIRACY TO DESTROY MUNITIONS SHIPS

Charles C. Crowley Arrested Yesterday at San Francisco.

San Francisco, Cal., Nov. 25.—Charles C. Crowley, charged with conspiracy to further the destruction of ships bearing munitions of war and supplies for the entente allies, was formally arrested late today and arraigned before United States Commissioner Francis Krum. Bail bond was fixed at \$5,000.

The complaint filed against Crowley charged him with supplying funds to further the destruction of ships and docks by fire and dynamite. Three money orders for a total of \$350 were mentioned as having been sent by Crowley to Lewis J. Smith at Tacoma, Wash.

Crowley and Smith according to the allegations in the complaint, took employment with the Hercules Powder Company here last May in order to obtain information regarding the shipments of explosives.

Specific mention was made in the complaint of the explosion on May 3 of fifteen tons of explosives on a barge moored to a buoy in the Seattle harbor.

Federal officials were reticent tonight concerning the evidence, but they expressed confidence their case would prove helpful to federal authorities in the east in the prosecution of Lieutenant Robert Fay, held on similar charges at New York.

### EXTENSION OF CAPACITY OF CANADIAN MUNITION PLANTS

To be Financed by Financial Institutions of the Dominion.

Ottawa, Ont., Nov. 25.—Announcement was made today that an ambitious munition plan is under way in Canada by which financial houses are to be called upon to join Canadian factories on active service. It is proposed to tremendously extend the Canadian capacity for producing projectiles to have a very substantial proportion of the Russian, French shell orders filled in Canada and to have the business financed by the banking houses and other financial institutions of the Dominion.

The plan constituted a radical departure from that which has heretofore prevailed. It will mean that instead of borrowing from Great Britain, Canada will make advances of credit and funds to England.

Shell orders which have been filled or which are being filled in Canada have reached the total of \$300,000,000. More than 250 manufacturing firms are engaged on the work and it is expected that Canadian firms have installed over \$20,000,000 worth of special machinery.

### GOVERNOR HOLCOMB GUEST OF WATERBURY.

Last Night at a Ball Tendered in His Honor.

Waterbury, Conn., Nov. 25.—Governor Holcomb, who is the guest of the city tonight at a ball tendered in his honor, announced that he had received today an invitation from Henry Ford to go to Europe on the Ford peace ship but had been compelled to decline as he was too busy with state affairs.

The most remarkable exhibit at a recent Syracuse (N. Y.) fair was a gigantic cheese made from one day's milk yield from 2,850 cows. The huge cake weighed 7,437 pounds.

### INTERMITTENT CANNONADE ON WHOLE FRENCH FRONT.

At Argonne a German Muniton Depot Was Blown Up.

Paris, Nov. 25, 10.45 p. m.—The following official communication was issued tonight:

"During the day there was an intermittent cannonade on the whole front. The activity of the artillery has taken a more violent turn in the Argonne, where, notably, our batteries blew up a German muniton depot in the Fille Mortie region. There has been fighting with grenades in the sector of Courtes-Chausses. We dislodged the enemy from a mine excavation, which we occupied."

"The Belgian communication says: 'A rather violent bombardment in front of Stuewege, north of Dixmude and east of St. Jacques Capelle. There has been a retaliatory fire by the Belgian batteries.'"

### EXECUTION STAYED WHEN MAN WAS ADJUDGED INSANE.

Warden of Arizona State Prison Acts on Certificates of Physicians.

Phoenix, Ariz., Nov. 25.—Basing his action on a certificate signed by two physicians stating that William Falin, sentenced to be hanged today, was insane, Warden R. Sims of the Arizona state penitentiary this afternoon refused to go forward with the execution and brought the question of Falin's mental condition before the county court here. The court ordered a hearing on the prisoner's condition before a jury on a date not later than Dec. 12. The action of the court acts automatically as a stay of execution.

### VISCOUNT BRYCE TELLS OF MASSACRES OF ARMENIANS.

How They Were Driven to a Death of Fiendish Cruelty.

London, Nov. 25, 10 p. m.—Viscount Bryce tonight made public the details of further Armenian massacres, which in a letter accompanying them he said, "surpass in horror, if that were possible, what has been published already."

"I feel," his letter continues, "that such crimes ought to be exposed to the utmost and that the charity of other nations will more than ever be drawn to the unhappy refugees when it is known what their friends and fellow country men have suffered."

Viscount Bryce says that the details confirm and amplify the ghastly history of deportations by which Armenians in northern and eastern Anatolia were driven to a death of fiendish cruelty. The first part of the evidence, he says, was received by the committee of inquiry in the United States and the second part comes from an Armenian gentleman at Thilis, who received it from refugees who escaped from regions where the events happened.

"The sufferings of the peasants and the mountaineers in the regions of Van, Mush and Saun," Viscount Bryce says, "seem to have been even more terrible than were those of the peaceful town folk described in part one of the report. Every successful piece of evidence increases the horror of the story and confirms the dreadful certainty of its truth."

These atrocities were not produced by imagination. Many of them are vouched for by several coincident testimonies. They are all in keeping and the evidence is most complete and some of it most terrible. At this present phase of events the civilized world is powerless to intervene, but we must bear these unspeakable crimes in constant memory against the day of reckoning."
