## STRICKEN WHILE IN YARD.

Mrs. William H. Potter Has Sudden Shock—Dies Within an Hour.

While occupied with her tasks about the yard of her home at Perkins Corner, Mrs. William H. Potter was stricken with a shock and fell to the ground. Mrs. Potter, who had suffered with kidney trouble for a number of years, had complained of not feeling well when she left the house. Members of her family saw her fall and rushed to her assistance. Drs. Mason and Jenkins were summoned but Mrs. Potter lived barely an hour after she was stricken.

## COMB SAGE TEA IN 'HAIR TO DARKEN IT'

Grandma kept her locks dark, glossy, thick with a mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wych's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wych's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.

Some contend that better and cheaper, when conducted by the association, and that the town profits accordingly. Others hold to the contrary. At this meeting the work of the organization and what has been accomplished will be brought out and a discussion as to whether it is best for the town to continue the work, the organization will be entered into. The issue is one of interest to every voter and taxpayer.

## OLD AND NEW WAY TO TREAT CATARRH

Breathing a Germ Killing Air Endorsed by Actual Results.

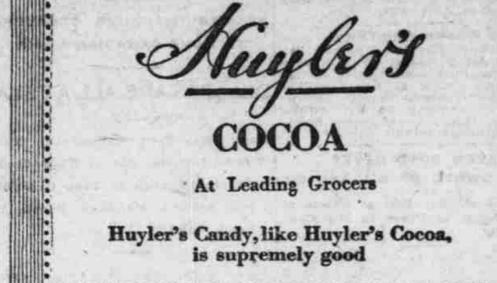

The discovery of Hyomel has wrought a wonderful change in the treatment of catarrh. Prior to three years ago the medicines ordinarily employed in the cure of this disease were of such a nature as to, in some instances they benefited, but the improvement was not lasting. A complete cure is inexpensive and includes an inhaler, dropper and sufficient Hyomel for several weeks' treatment.

Perhaps the strongest evidence that can be given to doubters is the fact that Lee & Cogswold have so much faith in Hyomel that they sell every package under a positive guarantee to refund the money if it does not relieve.

Now is the time to begin the use of Hyomel and rid yourself of catarrh and oftentimes dangerous disease. Nothing is gained by waiting till the vicious microbes of catarrh have made still further inroads on your health.

## JUDICIAL SETTLEMENT OF INTERNATIONAL DISPUTES

Favored by Dr. John Wesley Hall, President of Peace Forum.

Winsted, Conn., Nov. 29.—Dr. John Wesley Hill, president of the International Peace Forum, speaking at a meeting of the religious education association, favored the judicial settlement of international disputes by the establishment of a supreme court of the world.

"There is nothing spectacular in this plan," he said. "It proposes no Argonautic peace joy-riding expedition in quest of the impossible. It is not a stop-the-war prescription, guaranteed to cure the malady of war overnight, nor is it an immediate disarmament plan. The goal of absolute peace cannot be reached at a bound. It may never be reached. We seek perfection by approximation."
