The Most Wonderful Endorsement Ever Given Any Product

John Philip Sousa and his famous Band have circled the globe on numerous tours and inspired millions of people in many lands with their soul-stirring, inimitable music. Mr. Sousa has been a smoker of Tuxedo Tobacco for years. Recently, at the Panama-Pacific Exposition, a newspaper representative made the discovery that every member of Sousa's Band is also a Tuxedo smoker!

Whereupon, the following endorsement of Tuxedo was gladly given and signed by Mr. Sousa and the sixty-six members of his Band. Read it—as sure-fire and convincing as a Sousa March:

"All the vim, energy and enthusiasm we put into the playing of the 'Stars and Stripes Forever' we find in the steady use of TUXEDO." John Philip Sousa

No other product has ever received such a remarkable endorsement as this. The incomparable mildness of Tuxedo appeals to men with nerves—the fact that Tuxedo does not affect their throats or nerves. And the reason is the "Tuxedo Process", that makes Tuxedo different from all other tobaccos—positively non-biting, delightfully soothing, restful and refreshing. Tuxedo will appeal to you for the same reasons. March at a Sousa quick-step to the nearest tobacco dealer and get a tin of Tuxedo today.
