Protest Discussed—Local Officials Claim Angell Had a Right to Play in Game With K. H. S.

School officials and high school students discussed with lively interest, but without result, Monday, the turn affairs have taken relative to the championship of the Quinebaug Valley basketball league, which is being considered here, Putnam is clinched.

Relative to Killingly's protest against the playing of Angell, it is stated that the team is a high school player. He does take courses in the trade school, but is a regular basketball student, and he is but 18 years of age, not 21 or 23, as has been claimed as one ground for denying him. It is unqualifiedly denied here that any league agreement was violated in playing Angell.

Putnam school officials deny that the Putnam contingent was responsible for more than an exceedingly small part of the din that was caused by special devices at Saturday night's game in Danielson. They admit lusty cheering and rooting.

The chief grievance that Putnam has is the manner of treatment of officials and visitors from this city. One high school student was basckball student, and he is in the time usually given for such the Rev. J. W. Areson gave very helpful instructions, as he will at all the other Lenten meetings.

ADMIRAL GOODRICH SPOKE Urged Military Training for Boys Since Modern Schools Do Not Discipline Them.

The American boy was discussed Saturday evening at the annual dinner of the Suffolk County Association by Rear Admiral Caspar F. Goodrich of Pomfret, retired. About 200 members of the association gathered in the north hall of the Hotel Astor, New York, and listened to the rear admiral, Major Gen. Leonard Wood, Talbot Williams, director of the School of Journalism of Columbia

Thin People Can Increase Weight

Thin men and women who would like to increase their weight will find 10 pounds of healthy, "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. Eat Sargol for a week and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It is a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women who believe can easily add from five to eight pounds in the first fourteen days by following this simple direction. And, best of all, the new Sargol does not of itself make fat, but mixing with your food, it aims to curd the fats, sugars in an easily assimilated form which the blood can absorb. It is a natural process, and the fat producing contents of the very same material you are eating now develop pounds and pounds of healthy fat between your skin and bones. Sargol is pure, and contains no harmful ingredients. Lee & Osgood, Norwich; Chesboro Drug Store, Willimantic and other leading druggists. In this vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back as found in each large box.

within a few days of a man who wanted to get checks cashed. When identification was refused and he balked a bit and subsequent investigation revealed the fact that he is wanted in Boston for photo check passing.

The Boston police have been informed of the fact that the man was in the city and could be taken here, but the big town officials have been seen to take much interest in the matter.

In the meantime the checkman seemed to get quickly and something was up and appeared nervous in his hotel, where he left a call for 7 the following morning. At that hour, however, he was missing from his room, where was found a traveling bag containing only some pieces of soiled linen.

Keel of Second Barge Laid at Palmer Shipyard—Liberty Council to Note Jackson's Birthday—John McDonald Going to Stamford.

Work at the Palmer shipyard was resumed Monday after a week of almost complete idleness on account of the weather. The keelson for the second barge has been laid and the first is entirely framed.

A MESSAGE TO WOMEN ONLY

Three kinds of women are interested in this message. The woman who cooks for a living. The woman who cooks for her family. And the woman who orders her cooking.

The Crawford Range is a vital factor in the happiness of any family! It is related to the health of the family. Not merely a good range—but the best range is as important to you as the food which it cooks.

Crawford Ranges

There are no "secret" hot and cold corners in a Crawford oven. You can cook in a back corner of it just as perfectly as in the center. And the Ash Hod idea! It saves you a mile of walking and lots of drudgery.

The Crawford Range is the most imitated Range in America. And when you see the other Crawford advantages you will know why the man who sells it and the woman who owns it know it is the world's best Range.

University and the Rev. Daniel H. O'Brien, pastor of the Presbyterian church of Islip, L. I., speak.

REARM'S WIFE MAY MARRY New York Paper Declares Former Chorus Girl Bride of Louis M. Ream is Planning Suit.

Over the long distance telephone from his home in Saratoga Springs, former State Senator Edgar T. Brackett admitted Sunday to a reporter for The New York World that he had under advisement as counsel for Eleanor Pendleton Davidson, a former chorus girl, an attack upon the validity of the annulment of her marriage to young Louis Marshall Ream, son of the late millionaire, Norman B. Ream of Thompson.

REARM NOT IN NEW YORK. Young Ream, The World said Monday, has not been seen on Broadway for a long, long time. He no longer resides in New York, but holds a responsible and lucrative post in a big steel company in which the estate has large holdings.

REARM'S WIFE MAY MARRY. Young Ream and Miss Davidson were married on Sept. 1, 1911, at a very early hour of the morning, by a justice of the peace in Hoboken.

BRIGHTER CHILDREN. Children are probably brighter today than a generation ago—but are they stronger? That's a grave question. So many pinched faces, dulled eyes and languid feelings make us wonder if they will ever grow into robust, healthy men and women.

Scott's Emulsion is used in private schools. It is not a "patent medicine," simply a highly concentrated oil-food, without alcohol or harmful drugs. It cannot harm; it improves blood; it benefits lungs and strengthens the system. Your druggist has it—refuse substitutes. Scott & Bowne, Bloomfield, N. J.
