Mrs. Thomas J. Hill of Niantic visited her daughter Mrs. Abina Hagstrom of Norwich during last week.

Mrs. Richard Saunders and Mrs. Charles Bennett, of Norwich, have returned home after visiting their aunt, Mrs. Charles Barker in Higganum.

WILL MANUFACTURE NEW STYLE MACHINE GUN Stockholders of Hopkins and Allen Arms Co. Vote Favorably on Proposition.

The stockholders of the Hopkins & Allen Arms Company at a meeting in Groton on Saturday voted to acquire the rights to manufacture the Berthier machine gun and to amend the agreement of association and articles of organization of the company to provide for an increase in the capital stock by the amount of \$600 shares of common stock.

The Berthier machine gun is practically the same in construction as the majority of machine guns. However, it is much simpler in design and has been constructed as models. One of these guns was tried out at Springfield by the United States army and it is understood that the Springfield report on the gun was favorable.

The Berthier machine gun is practically the same in construction as the majority of machine guns. However, it is much simpler in design and has been constructed as models. One of these guns was tried out at Springfield by the United States army and it is understood that the Springfield report on the gun was favorable.

STE CHARITIES AND CONFERENCE

Opening Session of Sixth Annual Conference Held at Davis Theatre Sunday Evening—Stirring Address by Graham Taylor of Chicago.

harder to be good. So, too, with the public and voluntary charities.

Mr. Taylor here showed how public charity is dependent on the cooperation of voluntary agencies, and drew a comparison from co-operation in the courts. Even the courts are not a law unto themselves, said Mr. Taylor. They need this voluntary co-operation.

I have a very high regard for the police department, said Mr. Taylor. I should like to know why the commanding officer of a police force should be regarded as the commanding officer of the army and navy. Mr. Taylor said he would rather give a prize to the man who kept his seat in such order that he never had to make any arrests rather than to the man who made the most arrests. We ought to be high in the police force, he said. He spoke of the vice and police departments in the large cities and laid the responsibility on the corrupt politician.

The next thing to be done, he said, was to get the police force out of the hands of the politician. Let them be men and they will be men. Mr. Taylor spoke of the vice and police departments in the large cities and laid the responsibility on the corrupt politician.

There is a tremendous tendency, since this infernal war has been on, to lower our ideals, said the speaker. We are high in the police force, he said. He spoke of the vice and police departments in the large cities and laid the responsibility on the corrupt politician.

There is a tremendous tendency, since this infernal war has been on, to lower our ideals, said the speaker. We are high in the police force, he said. He spoke of the vice and police departments in the large cities and laid the responsibility on the corrupt politician.

FEEL YOUNG?

It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Coax the jaded bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe purgatives. They merely flush out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistency and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels; their action is gentle yet positive. They leave an astringent, tonic effect when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per bottle.

The Olive Tablet Company, Columbus, O.

employed as a spinner in the Clinton mills at Norwich, Conn.
