Pumerantz Gets Six Months' Sentence

Was Found Guilty of Perjury By Jury in Criminal Court
Thursday—Charge Result of Testimony Given at Brother's Trial in This City.

In the criminal superior court in New London on Thursday noon, Benjamin Pumerantz of New London was found guilty of perjury by a jury and was sentenced to six months in jail by Judge Joel H. Reed. The jury brought in the verdict after being out 35 minutes. When court came in at 10 o'clock State Attorney Hull resumed the closing arguments which he was making when court adjourned Wednesday afternoon and he occupied nearly an hour. Judge Reed then charged the jury occupying about half hour. The case was given into the hands of the jury at 11:35 and after deliberating 35 minutes it returned to the court room a minute or two after 12 o'clock with the verdict of guilty which was pronounced through Foreman A. T. Hale. Sentence was deferred and Pumerantz, who had been out on bail, was put in the pen. The case had occupied the attention of the court for about two days. Pumerantz was charged with wilfully giving false testimony during the trial of his brother, Nathan, on the charge of arson in Norwich a year ago. Nathan Pumerantz was arrested on the charge of arson in the clothing store in Bank street, Dec. 13, 1913, completely destroying the store and damaging the Shea building in which the store was located. He was tried at the May term of the criminal superior court in Nor-

THE LEE & OSGOOD CO., Norwich, Conn. Agents for PAGE & SHAW and PARK & TILFORD CANDLES

WILL HOLD ANNUAL MEETING IN NORWICH. Executive Committee of East Conn. Woman's Board of Missions Sets Date For June 8th.

NORWICH WOMAN FILES PETITION FOR DIVORCE. Mrs. Jennie Sterry Perry Claims Husband Deserted Her in 1909.

Jennie Sterry Perry of Norwich has filed a petition with Clerk George E. Parsons of the superior court asking a divorce from Bronson Purdy, formerly of Norwich, but now of parts unknown. The divorce is claimed on grounds of desertion since January, 1909. The couple were married May 6, 1892. In addition to the divorce the plaintiff asks permission to resume her maiden name of Jennie Sterry. The papers are returnable the first Tuesday in June.

The meeting of the Sewing club was held Monday afternoon with Miss Faith Caruthers.

INJUNCTION PREVENTS HIGHWAY WORK IN LYME. Papers Have Been Served on Divisional Engineer Elmer Weldon of This City.

Owing to an injunction restraining Highway Commissioner Charles J. Bennett from continuing the work of setting concrete posts in Lyme, the state highway department has been obliged to discontinue that work. The injunction was issued by Judge Charles B. Weller of the court of common pleas for New London county at the instance of William C. Richardson of Lyme. The papers were served on Divisional Engineer Elmer Weldon of Norwich. The difficulty was over the location of the line on which the posts were to be located. Mr. Richardson believing the proposed line would damage his property to the amount of \$200.

Forest Fire Near Stafford. Thursday a large forest fire burned over a tract half a mile wide and a mile deep destroying many hundred cords of wood. The forest fire was still burning late Thursday night.

Will Realize Over \$300. Subscriptions to the Playground association are still coming in and the association will realize something over \$300 as the result of the campaign.

Panama is rising three feet in each century.

EDWIN A. TRACY VICE PRESIDENT OF UNIVERSALISTS. State Convention Was Held in Stamford With Norwich Delegates Present.

Several Norwich delegates were present at the 4th annual session of the Connecticut Universalist church held in Stamford on Thursday. The following officers were chosen: President, Charles G. Lincoln, Hartford; vice president, Edwin A. Tracy, Norwich; secretary, Rev. T. A. Fischer, New Haven; treasurer, M. M. Whittemore, New Haven; trustee for three years, E. C. Pinney, Stafford. The convention rejected after a spirited debate a resolution advocating the abolishing of the contract system in the state prison and the substituting of the state use system. Resolutions adopted included those protesting against the liquor traffic as an unmitigated evil, encouraging social service agencies in the state, advocating more forms of adult recreation by use of church buildings and endorsing the efforts to federate the Churches of Christ in Connecticut. The receipt of \$5,000 from the estate of Mrs. Kate A. L. Chapin of Meriden for the general fund and of \$3,000 from the same estate for the ministerial relief fund was reported.

HOME FROM CONVENTION IN NEW HAVEN. Many Norwich People Attended W. R. C. Gathering on Wednesday.

The following have returned from a very interesting state session of the Woman's Relief Corps, at New Haven: President of Sedgewick W. R. C., Mrs. Mabel E. George; Past President, Mrs. Marietta O'Brien; Irish, Mrs. William Perkins; delegates, Mrs. Emily DeBeare and Mrs. Gertrude Johnson; Mrs. Nancy Perkins, Mrs. Lillian Johnson, Mrs. Agnes Blackburn, Mrs. William Woodman, Mrs. Lillian J. Johnson, Mrs. Jane Seed and Mrs. Grace Manning. The convention of the Woman's Relief corps, department of Connecticut, was brought to a close late Thursday with election of officers as follows: President, Mrs. Catherine Carrier, Middletown; senior vice president, Mrs. Elizabeth Spicer, New London; junior vice president, Mrs. C. O. Buchanan, Milford; chaplain, Mrs. Mary R. Palmer, West Haven; secretary, Jase C. Hill, Hartford; inspector, Ada H. White, Hartford; counselor, Mrs. R. Kelsey, Clinton; patriotic instructor, Alta S. Cressy, Hartford.

U. S. Regulars Are Transferred. The arrival of four non-commissioned officers and ten privates of the 121st company, United States Coast Artillery corps, from Fort Wright in New London Thursday afternoon en route to Fort Ontario, N. Y., gave rise to a rumor that several companies of coast artillery were to be sent to the Mexican frontier. It is reported that three companies will leave the island forts within a day or two for Texas. The artillerymen who left Thursday afternoon are to do infantry duty at Fort Ontario.

COUNTY CORN CLUB MEMBERS RECEIVE LETTERS. State Agent Tells Them How to Prepare, Plant and Cultivate their Plots.

A. J. Brundage, state agent in charge of the boys and girls' club work carried on by the Connecticut Agricultural college, the State Board of Education and the U. S. Department of Agriculture have sent out another letter to the members of the New London County Corn Club regarding the preparation of the plot, the planting of the seed and the cultivation of the plot. The letter reads as follows: Much work can be done in your corn plot previous to the time your corn is up, so don't spare any pains in plowing and harrowing your corn field and if you have a weeder be sure to go over your corn field with it. Read over the following instructions carefully and carry them out conscientiously and they will save you a great deal of work later in the season. Preparing the Plot. The field for your corn plot should be a piece of land as you can find. Sod land is good if it is clover sod on a good grass sod. Old run out pasture land is not often the best lot.

Manure—Spread evenly before plowing, 15 to 20 loads to the acre. If the manure is fine and well rotted, save part of it to harrow in after the plowing. Plowing and Harrowing—Plow the land as early as possible and go over with a disc harrow the evening or the next day. The plot can then be left until a few days before planting, when it should be harrowed until a fine mellow seed bed is formed. Don't be afraid to spend time in harrowing. Fertilizer—If you plan to use commercial fertilizer, it can be put broadcast just before the harrowing or put on with the corn planter. Fertilizer is expensive this year and if you have good manure use for fertilizer only 400 pounds per acre of acid phosphate. If you have no manure, use 1000 pounds per acre of a 4-10-0 formula.

Planting. If you drop by hand, mark out the plot into squares, 3 feet by 3 feet and drop 5 kernels at the corners of the squares. Cover with a hoe. When the corn is 5 or 6 inches high, thin out, leaving about 4 stalks in each hill. If you plant with a machine, have the rows 2 feet apart. Cultivation. If you have a weeder, go over the plot several times, beginning a few days after the corn is planted. This will kill the weeds as they start and keep the soil mellow. P. S. T. Sewing Circle. The P. S. T. Sewing circle met with Miss Helena Wolf at her home on Laurel Hill avenue, Thursday afternoon. The president of the circle, Miss Elizabeth Fillmore, presided at the business meeting. The afternoon was spent in sewing followed by the serving of refreshments by the hostess.

DETAILS OF KILLING OF F. SHEEHY SKEFFINGTON. Irish Editor Shot Without a Trial—No Priest Summoned.

London, May 11, 7:44 p. m.—Mrs. F. Sheehy Skeffington, widow of the Irish editor, in a further statement today, declared that her husband, at the risk of his own life, went to the rescue of a wounded officer outside of Dublin Castle on Easter Monday afternoon, the crowd being afraid to venture near. When he arrived at the spot he found that soldiers had already taken the officer away. Skeffington was arrested, his widow's statement continues, although unarmed and unresisting and on Tuesday was taken to Portobello barracks and shot without a trial, no priest being summoned to attend him. Mrs. Skeffington declares that her statement can be corroborated by other witnesses. Her husband, she says, was the victim of a gross miscarriage of justice under the guise of martial law. He took no part in the rebellion and tried to prevent looting. She last saw her husband alive the evening of April 25. He had called a meeting to stop the looting that was going on and was waiting to see if anyone would attend it. From private sources Mrs. Skeffington says she received the following account of her husband's death: Mr. Skeffington refused to be blindfolded and met death with a smile, saying that the authorities would find out after his death what a mistake they had made. He put his hand to his eyes and a bullet passed through his hand and into his brain. The widow declares that she received no notification of her husband's death and that she was refusing any information concerning him.

SENTRY AT PORTSMOUTH NAVY YARD FIRED ON MAN Who Was Acting Suspiciously Near Where Submarine Was Being Built

Portsmouth, N. H., May 11.—Officials of the navy yard here were investigating today the story of a sentry who said he fired early this morning at a man who was acting suspiciously near the slip where the submarine L-5 is being built. The man disappeared, according to the sentry, who suggested the possibility that he may have been shot and fallen into the water.

Commander John V. Klemann, acting commandant of the yard, said he had ordered the water dragged to determine whether the man was killed. The sentry reported, he said, that the man had whistled as if signaling to someone, but there was nothing to show whether he was trying to steal junk or was a prisoner seeking to escape, or a spy. Wallingford.—Since April 6 the crew squad at Choate school has been taking a 20-minute walk every morning before breakfast.

How to Destroy Catarrh Germs and End Catarrh Forever
Catarrh, according to a noted authority, is a germ disease and the only way to cure it is to kill and drive out of your system the catarrhal germs which have found lodgment there. When the germs go the catarrh will stop. There is nothing better for destroying catarrh germs than breathing into your nose and thru the pleasant, soothing, healing germ destroying air of Hymol (pronounced High-o-mol), made from purest oil of Eucalyptus and combined with other powerful healing, antiseptic and germ destroying ingredients. Hymol penetrates and beats the inflamed swollen membranes of your nose and thru, stops discharges, cleans the passages and completely cures the disease by destroying the germs. Catarrh germs cannot live in your body after Hymol reaches there. Use Hymol and many other good drugs in Norwich and vicinity have long sold Hymol on a positive guarantee of satisfaction, refund of money back and this generous policy.
