COLCHESTER

Village Improvement Society Endeavoring to Stop Dangerous Speeding.

At a regular meeting of the Village Improvement Society it was voted "That steps should be taken by the proper authorities to limit the speed of all automobiles and motorcycles, while passing over any street in the borough." Further suggestions as follows were made: That the speed limit be twelve miles per hour; that large signs warning drivers to reduce the speed of their machines to the minimum fixed by the borough be placed on all the main roads which lead to the borough of Colchester. It is trusted that the authorities may take some action as our streets are

menaced daily by speed fiends who make use of the streets as speedways.

LIBERTY Is Real Long Cut Tobacco, Men!

LIBERTY is made from ripe, selected long leaves.

You know this is true—because you find only long, silky shreds of tobacco in LIBERTY.

You do not find loose, hard stems or short cuts in LIBERTY—no short leaves, broken leaf or hard stems are used in making LIBERTY.

That's why LIBERTY is always slow-burning and cool-smoking in a pipe—why it holds together and lasts in a chew—and gives all 'round man-size enjoyment.

Made from Long Leaves

No Short, Broken Leaves in

LIBERTY Long Cut Tobacco

Ageing pure Kentucky tobacco up to 5 years puts richness and snap and full body into LIBERTY that give hearty satisfaction, every puff out of a pipe and every smack out of a chew.
