LECTURE UPON PROBLEM OF RELIGIOUS PREJUDICE

At Knights of Columbus Convention by Joseph Scott of Los Angeles.

Speaking before the Knights of Columbus convention in Davenport, Iowa on American Citizenship, Joseph Scott of Los Angeles, California, touched sharply upon the problem of religious prejudice. Mr. Scott is lecturer for the Religious Prejudice Committee of the Supreme Council of the Knights of Columbus. No matter, he said, how loyal the Americans are in their hearts to the spirit of patriotism, it is necessary to implant the idea of patriotism firmly in the plastic minds of our children. There never was a time since Lincoln's presidency when the country needed more the spirit of harmony and cooperation from all classes and conditions of people. "The only test of loyalty to this country," said Mr. Scott, "is a firm belief among its citizens of the American ideal as being superior to any other ideal now existing in the world."

Discussing some recent problems Mr. Scott said: "A great deal is being said now about the hyphenated American. It would be well to put a soft pedal upon talk of that kind. Let it be remembered that the hyphen originally was put upon the immigrant as a badge of exclusion in the neighborhood of our country, particularly where the Anglo Saxon stock predominated. The Knights of Columbus has no limitation on its membership growing out of racial distinction. It may be somewhat helpful, however, to emphasize for the benefit of those who are not Knights of Columbus that more racial prejudices are not the only difficulties which confronts the nation today. Episcopal church in the morning there will be public worship and sermon. The subject will be Christian Growth. In the evening the subject will be The Crippled Wrestler. At Mt. Calvary Baptist church there will be preaching morning and evening by Rev. B. W. Williams. At Grace Memorial Baptist church there will be preaching in the morning by the pastor. In the evening Rev. At Trinity Episcopal church there will be holy communion at 5:30 a. m., and morning prayer and sermon at 10:30 a. m. The congregation of Christ church is cordially invited to worship in Trinity church during the month of August. At the Central Baptist church, Rev. Homer J. Vosburgh, D. D., will preach both hours. Morning subject, The Throne of Power. Evening subject, Comrades and Character. The Sunday school will meet at noon, and the young people's meeting at 6:30 p. m. will be led by Miss Ethel P. Adams.

Every green thing was destroyed in this country and in Europe. On the 30th snow fell at Barnet, forty miles from London. Newspapers received from England stated "that it would be remembered by the present generation that the year 1816 was a year in which there was no summer." Very little corn ripened in New England and the middle states. Farmers supplied themselves from corn produced in 1815 for seed in the spring of 1817. It sold at from four to five dollars per bushel. Former Norwich Printer Alvin C. Bentley, Now in Waterbury, Decides to Doff the Apron. Alvin C. Bentley, printer for over fifty years, who is about to hang up his inkly apron, for the last time and spend the rest of his life free from work, was presented with a handsome meerschaum pipe in token of his long retirement by his fellow employees at the Hemway Press chapel, says Friday's Waterbury Republican. Leroy Bowles, chairman of the chapel made the presentation speech in which he said: "It is with regret we learn of your intention to quit the printing business. You say the time limit has come for you. May Father Time deal as leniently in the future as he has in the past. Please accept this pipe as a token of our deep regard for you. When you draw on the nicotine in your reveries, may the soothing effects of a good smoke recall the many pleasant days we have spent together as shopmates." Mr. Bentley was taken completely by surprise and was able only to mumble a few words of thanks. Though over seventy years of age, he is hale and hearty and still able to do a good day's work. He is one of the oldest printers in Waterbury or in the state. Like the majority of printers, Mr. Bentley was considerable of a wanderer in his younger days, and he has traveled very nearly all over the country. He has been in the west and south in all the larger cities of Massachusetts and Connecticut, and at last wandered to Waterbury where he has lived for a number of years. He is extremely popular with the men of his trade, and they will learn of his proposed retirement with regret. Mr. Bentley is remembered by the older Norwich printers for he worked at the newspaper case in this city in years gone by until his wanderlust caused him to move on to fresh fields and pastures new. Augustus Vera Improving. The many friends of Augustus Vera, who has been ill at his home on Mt. Pleasant street since early in July with typhoid fever, will be glad to learn that he is gaining in strength and able to sit up a few hours each day.
